INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Thermotech 401 (k)
Retirement Savings Plan

We were engaged to audit the financial statements and the supplemental schedule of Thermotech 401(k) Retirement Savings Plan as of December 31, 2009 and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of Thermotech 401(k) Retirement Savings Plan as of December 31, 2008 were audited by other auditors whose report dated July 9, 2009 expressed a disclaimer opinion on those statements.

As permitted by 29 CFR2520.103-B of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THERMOTECH 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF PLAN

The following description of the Thermotech (the "Company") 401(K) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all employees of the Company.

The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974. The Company administers the Plan.

Contributions

Each year participants may contribute 1% to 75% of eligible earnings, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 50% of the first 3% of eligible compensation that a participant contributes to the plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. There was no profit sharing contribution for 2009. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with specific transaction fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into various investment options offered by the plan.

Note 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Vesting in the Company's contribution portion of their account plus earnings thereon is as follows:

<u>Years of Service</u>	<u>Nonforfeitable Percentage</u>
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive the vested balance of their account either in the form of a single lump sum or in the form of an annuity. If the vested account, excluding rollover contributions, is \$1,000 or less, benefits will be paid in a single lump sum.

Note 1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

In accordance with the Plan provisions, nonvested benefits at termination of employment are forfeited and are used to first pay plan expenses and next to reduce future employer contributions. At December 31, 2009 forfeited nonvested accounts totaled \$0.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accounting records of the Plan are maintained on the accrual basis except for benefit payments to retired and terminated participants, which are reported when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Fees

Investment fees are paid directly from the Plan's assets. Thermotech pays plan administrative fees.

Investment Valuation

Investments in the insurance company investment contract are valued at contract value. Investments in pooled mutual funds are stated at fair value based on quoted market prices. Participant loans are valued at their outstanding balances, which approximate fair value.

Note 5 INCOME TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement. The Plan administrator and the Plan's tax counsel believe the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 Plan Termination

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
