We have audited the accompanying statement of net assets available for benefits of the Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan as of December 31, 2010 and December 31, 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Williams Brothers Construction Co., Inc. Profit Sharing and Stock Ownership Plan as of December 31, 2010 and December 31, 2009 and the changes in net assets available for benefits for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedules as listed in the accompanying index, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared on the accrual basis of accounting. Significant accounting and reporting policies of the Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan (the "Plan") are summarized below.

Valuation of investments

Investments held by the Plan at year end are stated at current market values. Valuation for publicly traded investment securities are determined by reference to published market quotations and employer stock has been valued by an independent professional appraiser. The net change in unrealized appreciation/depreciation on investments held at year end is allocated to the participants' accounts on an annual basis.

Income taxes

Approval has been granted by the Internal Revenue Service for continued qualified tax-exempt status for the Plan and currently a favorable determination letter has been received regarding amendments through December 15, 1998. The Plan conforms to the requirements of the Employee Retirement Income Security Act of 1974 and is exempt from tax under Section 501 (a) of the Internal Revenue Code of 1954. Application for a new determination letter was made January 2010 (see Note 2). Accordingly, no provision for income taxes has been provided for in the accompanying financial statements.

The Plan did not have unrecognized tax benefits as of December 31, 2010 and does not expect this to change significantly over the next 12 months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2010, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan remains subject to income tax examinations for tax years 2007 and beyond.

Administrative expenses

All administrative expenses of the Plan, exclusive of brokerage charges associated with the purchase and sale of investment securities, are paid by Williams Brothers Construction Co., Inc. (the "Company") as plan sponsor.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

History

The Plan is for the benefit of the Company's employees and is administered by a committee appointed by the Board of Directors of the Company.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: GENERAL DESCRIPTION OF THE PLAN:

The Plan was originally adopted effective as of February 1, 1964 and was subsequently amended February 1, 1981, from the Plan and Trust Agreement of the Williams Brothers Construction Co., Inc. Employee Profit Sharing Plan to form the Williams Brothers Construction Co., Inc. Profit Sharing and Employee Stock Ownership Plan and Trust. The purpose of the revised plan was to enable participants to share in the profitability and growth of the Company and to provide a means for participants to accumulate capital and supplement retirement benefits. There was no change in the eligibility requirements or vesting schedule as of the restatement of the Plan.

Effective January 31, 1984, in order for the Plan to qualify as an employee stock ownership plan (ESOP) under Section 4975(e) (7) of the Internal Revenue Code, certain amendments were made to the Trust Agreement, also the Articles of Incorporation of Williams Brothers Construction Co., Inc. were amended to restrict ownership of the stock to the employees of the corporation.

Effective January 23, 1991, the Plan was amended to be a profit sharing plan under section 401(a) of the Internal Revenue Code. The plan year changed to December 31, at the end of 1991 to conform with the plan sponsor's year end.

Effective January 1, 1998, the Plan was amended to be a profit sharing and employee stock ownership plan, enabling participating employees to share in the growth and prosperity of the Company with an opportunity to accumulate capital for their future economic security. The Plan is a stock bonus plan under Section 401(a) of the Code and an employee stock ownership plan under Section 4975(e)(7) of the Code and Section 407(d)(6) of ERISA. The Company has previously received a favorable determination letter from the Internal Revenue Service. The Plan has since been amended and the Plan sponsor has requested a new determination letter, based upon the Plan's legal counsel's belief that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Eligibility and vesting

Employees are eligible to participate in the Plan on the first day of the Plan year in which the employee has his first anniversary of employment provided that he completes at least 1,000 hours of employment over the consecutive twelve-month period beginning with the initial employment date.

Vesting in the Company's contributions and Plan earnings thereon is determined by the participant's years of service with the Company. Initial vesting is 20% after two years of service and then increases 20% per year thereafter. Accordingly, participants are fully vested at the end of six years or when they are withdrawn from the Plan due to death, retirement or total disability. In addition, nonvested benefits are forfeited only after one year of continuous break in service. There is a restoration of forfeited amounts if a participant who did not incur a one-year break in service prior to February 1, 1985, is reemployed prior to the occurrence of a five consecutive-year break.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: GENERAL DESCRIPTION OF THE PLAN (Continued):

Contributions

Employer contributions are established annually by the Company's Board of Directors. Contributions are allocated to individual participants' accounts on a pro-rata basis according to their earnings for the year. The Plan provides that participating employees may not make voluntary contributions. For 2010, a contribution of $5,871,342 has been declared and partially paid at report date.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Participant accounts

The Plan description, as amended, provides that two separate accounts are to be maintained for each participant. A Stock Ownership Account is maintained for all employer contributions received in Williams Brothers Construction Company common stock and a Profit Sharing Account is also maintained for each participant. Each participant's account is allocated its pro-rata share of investment income or loss (including the net change in unrealized appreciation/depreciation on investments held at year end) and forfeitures (total forfeitures for 2010 were $586,799).

In event of a participant's retirement, disability or death, the participant's vested benefits may be distributed in a single distribution following his termination of services or the anniversary date of the Plan year. In the event of termination of service for other reasons, the distribution of a participant's vested benefits can commence after the anniversary date of the fifth plan year following the plan year in which his service terminates and can be made in one lump sum payment, or be left in the plan until 59 1/2 years of age at which time withdrawals may begin. Benefits are recorded when paid.

At December 31, 2010, the amount allocated to accounts of participants who are withdrawing or diversifying the plan is $5,539,863 (that are eligible for distribution) and will be available for payment through July 2011– See Note 6.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: GENERAL DESCRIPTION OF THE PLAN (Continued):

Termination of the Plan

The Company presently intends to continue the Plan indefinitely, but reserves the right to discontinue the Plan if business or other conditions should arise which indicate that the Plan should be discontinued (subject to the provisions of ERISA). If terminated, the Plan provides that participants will become fully vested and receive payment of their individual account balances.

Significant Risks and Uncertainties

The Plan invests in various investment securities not insured by the FDIC, are not deposits or guaranteed by any bank. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits. Cash concentrations exceed FDIC insurance limits, however, the Plan uses high quality financial institutions.

Parties in Interest Transactions

Parties-in-interest is defined by IRS Section 4785(e)(2) and ERISA Section 3(14)(c) to include, among others, any entity that provides services to the Plan. For the year ended December 31, 2010 and 2009 the Plan owned funds managed by Charles Schwab, the custodian and recordkeeper for the Plan. Therefore, all of the Charles Schwab investments are noted on the accompanying supplemental schedule as parties-in-interest.

NOTE 4: UNLOCATED EMPLOYEES

The Plan maintains a separate account for unlocated terminated employees. The former employees' funds are then dispersed when claimed by such employee. All unclaimed funds will be forfeited to the benefit of current employees. However, should a former employee from time to time make claim to these funds that have been forfeited, such benefit will be paid from future employer contributions. The total contingent liability to the plan sponsor at December 31, 2010, is less than $50,000.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The following tables present fair value measurement information for certain financial instruments. The carrying values of contribution receivables, cash and cash equivalents (all Level 1)

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued):

included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2010 and 2009, and are thus not included in the following table.

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, or the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets

NOTE 5: FAIR VALUE MEASUREMENTS (Continued):

or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

As required by ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Sponsor Company's Common Stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments still held at the reporting date	$ 13,486,561

NOTE 5: FAIR VALUE MEASUREMENTS (Continued):

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010, are reported in net unrealized appreciation in fair value of investments. There were no sales, purchases or dividends of Sponsor company common stock for 2010.

NOTE 6: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, with investment advisor and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives any compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

During 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value as follows.

Investments at Fair Value as Determined by Quoted Market Price (Level 1):	
Mutual bond funds depreciation	$ (116,132)
Mutual stock funds appreciation	428,653
Mutual other funds appreciation	8,596
	321,117
Investment at Appraisal (Level 3):	
Sponsor company common stock appreciation	1,443,632
Net change in fair value	$ 1,764,749

NOTE 7: SUBSEQUENT EVENT

Subsequent events were evaluated by management through August 23, 2012, which was the date the financial statements were available to be issued. No reportable subsequent events were noted.
