INDEPENDENT AUDITORS' REPORT

August 27, 2012

To the Administrator and Participants of the
Townley Manufacturing Company, Inc. 401(k) Plan
Ocala, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of Townley Manufacturing Company, Inc. 401(k) Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), referred to as "supplementary information," as of and for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Townley Manufacturing Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Townley Manufacturing Company, Inc. (the Company) who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the trustees appointed by the Board of Directors of the Company. The Plan was established effective January 1, 1998, and was amended and restated January 1, 2002 and again on January 1, 2008. The Plan was amended again in 2010 to comply with regulations required by law.

Eligibility

All employees not excluded by class are eligible to enter on the entry date coincident with or next following completion of six months of service.

Contributions

Each year, participants may contribute a percentage of their compensation, up to a maximum of $16,500 for participants under age 50 and $22,000 for participants age 50 and older for 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may also make contributions at its discretion. In 2011, the Company elected not to contribute a match of the employees' elective deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions as well as the Company's contributions plus actual earnings thereon.

Investment Power

The participants are able to direct the investment of their entire interest in the Plan. The Plan administrator provides the participants with information regarding the investment choices and options available to them. An investment advisor who works for the record-keeper is available to assist all of the participants with their investment decisions on an individual basis, as requested by the participants. To the extent the participants do not direct the investments of their Plan benefits, the trustee or another designated person is responsible for the investments of all assets held by the Plan.

Note 1 - Description of Plan, (Continued)

Forfeiture

Since the participants are 100% vested in the Plan upon entry, there are no forfeitures.

Note 2 - Summary of Significant Accounting Policies

The accompanying financial statements are presented on the accrual basis of accounting. The following is a summary of the more significant accounting principles and practices used in the preparation of the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation

The Plan's investment portfolio at December 31, 2011 consists of group annuity contracts and pooled separate accounts available only through John Hancock Life Insurance Company (U.S.A.) (John Hancock USA). The various funds offered through John Hancock USA are similar to and modeled after public mutual funds. Plan investments are stated at estimated market value at year end, as determined by John Hancock USA. The group contracts are valued at estimated fair market value based on the fair market value of the underlying fund investments, and the pooled separate accounts are stated at fair market value using the quoted market price, adjusted for items such as interest and dividends, on the valuation date.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semiannual, or annual cash installments. Benefits are recorded when paid.

Plan Expenses

The Company pays most of the general expenses of the administration of the Plan.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies, (Continued)

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were issued, or August 27, 2012. No subsequent events have been recognized or disclosed.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4 - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified by the custodian of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $4,510,417 and $4,285,617 at December 31, 2011 and 2010, respectively, and related losses of ($17,568), which consists of depreciation in the fair value of investments of ($20,428) and interest income of $2,860, for the year ending December 31, 2011.

The following presents investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets.

	2011	2010
Lifestyle Conservative	$ 242,336	$ 233,778
Lifestyle Moderate	313,928	309,459
Lifestyle Balanced	617,853	639,090
Money Market Fund	698,937	794,096
PIMCO Total Return	230,212	*

* Amount of investment not listed, as it does not exceed 5% or more of the Plan's net assets at December 31, 2010.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Note 5 - Fair Value Measurements, (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 0	$ 4,256,147	$ 0	$ 4,256,147
Guaranteed investment contract	0	0	254,270	254,270
Total assets at fair value	$ 0	$ 4,256,147	$ 254,270	$ 4,510,417

Note 5 - Fair Value Measurements, (Continued)

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 0	$ 4,095,511	$ 0	$ 4,095,511
Guaranteed investment contract	0	0	190,106	190,106
Total assets at fair value	$ 0	$ 4,095,511	$ 190,106	$ 4,285,617

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011:

	Level 3 Assets Year Ended December 31, 2011
	Guaranteed investment contract
Balance, beginning of year	$ 190,106
Total gains and losses (realized and unrealized) included in changes in net assets available for benefits	2,674
Purchases, issuances, sales, and settlements:	
Purchases	78,954
Issues	0
Sales	(17,464)
Settlements	0
Balance, end of year	$ 254,270

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011, are reported in interest income and net depreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2011, there were no significant transfers into or out of level 3.

Note 6 - Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended since receiving the determination letter to comply with regulations required by law. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 - Tax Status, (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 - Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The employer, Townley Manufacturing Company, Inc. provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. John Hancock USA holds the Plan investments and provides investment advisory and recordkeeping services to the Plan.

Note 8 - Distributions Payable

At December 31, 2011 and 2010, net assets available for plan benefits included $5,343 and $0, respectively, for distributions to participants who have requested a distribution from the Plan prior to the end of the Plan year.
