INDEPENDENT AUDITOR'S REPORT

September 5, 2012

To the Administrative Committee
Logix Communications, LP 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Logix Communications, LP 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental schedule as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's assets and executes transactions. The Plan administrator has obtained certifications from the custodian regarding the completeness and accuracy of the information summarized in Note 4 that was provided to the Plan administrator by the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LOGIX COMMUNICATIONS, LP
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The following description of the Logix Communications, LP 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document agreement. Logix Communications, LP, Inc. and affiliates (A.L.I. Aircraft Leasing, Inc., Austin Executive Airport Services, LLC, HWR Holdings, Henriksen Enterprises, Inc., Henriksen Foundation, WCF, LLC, and S.T.A. Company) are herein collectively referred to as the "Company," the "Employer," or "Sponsor."

General – The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service with the Company and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Custodian and Administration – ING Life Insurance and Annuity Company ("ING") serves as custodian and recordkeeper (the "Custodian") of the Plan. Duties of the Custodian include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed. The term "trust fund" refers to all assets of whatever nature held from time to time by the Custodian under the trust without distinction between contributions and income. Effective March 1, 2010 the Plan changed its custodian from Principal Life Insurance Company to ING.

Contributions – Participants may contribute to the Plan an amount not to exceed 100% of their compensation. The Company may contribute to the Plan a discretionary matching amount to be divided among all eligible participants so that each individual receives the same percentage of taxable wages or salary (without any additional exclusions). Each participant's annual contribution shall not exceed the maximum amount allowed for deferral for federal taxes, which for 2011 and 2010 was $16,500, plus additional "catch up" contributions of $5,500 for employees over the age of 50 as permitted by law. Additionally, the Company may contribute to the Plan a discretionary nonelective amount. No matching or discretionary nonelective contributions were made by the Company for 2011 and 2010.

1. DESCRIPTION OF PLAN (continued)

If a participant makes a contribution during any year in an amount which exceeds the maximum amount allowed under the Internal Revenue Service ("IRS") rules pertaining to highly compensated employees, the matching Company contribution on such additional participant contribution may be forfeited by the participant, and applied to reduce the Plan maintenance expenses and Employer's matching contribution to the Plan for the following year. Any participant contributions that are ultimately determined to exceed the maximum amount allowed under IRS rules pertaining to highly compensated employees will be returned to the participant. The Plan failed the discrimination test for the 2011 and 2010 Plan years (Note 10).

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings, and forfeitures of the non-vested portion of terminated participants' accounts. The various participant allocations are based on participant earnings or account balances, as defined in the Plan document agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their contributions (including rollovers) plus actual earnings thereon. Vesting in the Company's contributions is generally based on years of service with the Company. Participants vest 20% per year and are 100% vested after five years of credited service. Participants also become fully vested in the entire amounts allocated to their accounts upon reaching 59 ½ years of age or if employment is terminated by reason of total and permanent disability or death.

Forfeitures may offset the Employer's contribution or payment of plan expenses. During 2011 and 2010, the Company had no forfeitures.

Payment of Benefits – A participant whose employment terminates for any reason (except death) is entitled to receive the vested portion of his/her account in the form of a lump sum payment (with appropriate taxes withheld) or a qualified rollover.

Unless earlier payment is elected by terminated employees, benefit payments do not commence earlier than the last day of the Plan year in which a participant ceases to be an employee or experiences a break in service. During this interim period, terminated employees are considered to be Plan participants for reporting purposes and accordingly, benefits due such terminated employees are included in net assets available for benefits.

1. DESCRIPTION OF PLAN (continued)

Based upon the market value of the underlying securities as determined by ING, investments are purchased and sold at the fair value of the underlying investments and receive the interest and dividend earnings of the underlying investments. Fixed accounts, if determined to be fully benefit responsive, are stated at fair value and adjusted to contract value.

The ING Fixed Account invests primarily in asset-backed contracts that are fully benefit-responsive. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of the net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

The net weighted average yield earned, which is different from the interest rate credited to participants, by the entire fund was 3.00% during 2011. The net weighted interest rate credited to participants in the fund was 2.61% during 2011.

All of the asset-backed contracts held by the ING Fixed Account are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from the warp provider to the ING Fixed Account in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the ING Fixed Account is unable to meet the terms of the contract.

1. DESCRIPTION OF PLAN (continued)

Notes Receivable From Participants – A participant may apply to the designated trustee for a loan under the Plan. All loans made by the trustees shall be subject to the terms and conditions set forth in the Plan document agreement. The minimum amount that may be borrowed is $1,000, and the maximum amount that may be borrowed is the lesser of: a) one-half of the participant's vested account balance, reduced by any outstanding loan balance, or b) $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Interest rates on loans ranged from 5.25% to 10.25% as of December 31, 2011 and 2010, respectively. Repayments on the loan balance, plus interest, are made through payroll deductions. Loan terms are not to exceed five years, unless the loan was obtained to acquire a principal residence, then over a reasonable period of time as determined by the trustee but not to exceed thirty years. A participant may only have one loan outstanding at any one time. Participant loans are collateralized by the participant's accounts.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting − The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized gains or losses and unrealized appreciation or depreciation on the Plan's investments.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Benefits Payable – Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but not yet been paid are not accrued. At December 31, 2011 and 2010, there were no amounts payable to participants.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Fees – The Company as the Plan administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. Plan expenses of approximately $13,000 were paid by the Company on the Plan's behalf.

Investments – Upon enrollment into the Plan, a participant may direct contributions in any increment to the investment options offered by the Plan. Any Employer matching contributions are invested in the same percentages as the participant contributions. Participants can change the allocation of their existing funds and future contributions at anytime.

3. INVESTMENTS

The following table presents the fair value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31, 2011 and/or 2010:

	2011	2010
American Funds Europacific	309,017	357,182
ING FMR Diversified Mid Cap	–	324,254
American Funds Growth	312,395	367,018

4. INFORMATION CERTIFIED AND PROVIDED BY ING LIFE INSURANCE AND ANNUITY COMPANY

The following is a summary of the Plan's asset information as of December 31, 2011 and December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	DECEMBER 31, 2011
INVESTMENTS, at fair value:	
Mutual funds	$ 5,128,439
ING fixed account	$ 283,830
NOTES RECEIVABLE FROM PARTICIPANTS	$ 193,310

ING certified the completeness and accuracy of $207,866 of depreciation in fair value of investments and $16,665 of interest related to the aforementioned Plan assets for the year ended December 31, 2011.

5. FAIR VALUE MEASUREMENTS

The Plan adopted the fair value provision under the Codification that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). An asset of liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value (NAV) or shares held by the Plan at year end.

ING fixed account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarch, the Plan's assets at fair value as of December 31, 2011 and 2010:

DECEMBER 31, 2011	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 5,128,439	$ –	$ –	$ 5,128,439
ING fixed account	–	283,830	–	283,830
Total investments at fair value	$ 5,128,439	$ 283,830	$ –	$ 5,412,269

DECEMBER 31, 2010	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 4,768,851	$ –	$ –	$ 4,768,851
ING fixed account	–	489,293	–	489,293
Total investments at fair value	$ 4,768,851	$ 489,293	$ –	$ 5,258,144

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

7. TAX STATUS

Effective July 22, 2003, the Plan adopted a nonstandard form of a prototype plan sponsored by Principal. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code ("IRC").

7. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits from the accompanying financial statements to the Form 5500 at December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits from the accompanying financial statements	$ 5,599,925	$ 5,400,030
Excess contributions payable	21,560	12,928
Employee contributions receivable	(18,490)	(20,467)
Net assets available for benefits from the Form 5500, at fair value	$ 5,602,995	$ 5,392,491

The following is a reconciliation of a change in net assets available for benefits from the accompanying financial statements to the Form 5500 for the year ended December 31, 2011:

Net change in net assets available for benefits from the accompanying financial statements	$ 199,895
Prior year excess contributions payable	(12,928)
Prior year employee contributions receivable	20,467
Employee contributions receivable	(18,490)
Excess contributions payable	21,560
Net change in net assets available for benefits from the Form 5500	$ 210,504

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in pooled separate accounts and common/collective trust managed by ING. Transactions in such investments qualify as parties-in-interest transactions which are exempt from ERISA's prohibited transaction rules. These transactions are identified in the supplemental schedule.

10. EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination tests for the year ended December 31, 2011. Excess contributions amounting to $21,560 are recorded as liability in the accompanying statement of net assets available for benefits and as a reduction of participant – directed contributions for the year. The Plan reimbursed these excess contributions to its participants before March 15, 2012.

11. SUBSEQUENT EVENT

Subsequent events have been evaluated through September 5, 2012, the date which the financial statements were available to be issued.
