Independent Auditors' Report

To the Investment Committee
McCain, Inc. 401(k) Profit Sharing Plan
Vista, California

We were engaged to audit the financial statements and supplemental schedule of **McCain, Inc. 401(k) Profit Sharing Plan** ("Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Principal Trust Company, the Custodian and Trustee of the Plan, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian and Trustee hold the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian and Trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the Custodian and Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian and Trustee, have been audited by us in accordance with U.S. generally accepted auditing standards, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the **McCain, Inc. 401(k) Profit Sharing Plan** ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and sponsored by **McCain, Inc.** ("Company"). The Plan was established on January 1, 1989, as amended August 1, 2002, to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement. As of May 1, 2009, the Plan was amended to a custom document that provided more extensive distribution options. This amendment had no effect on net assets. The Plan covers substantially all employees of the Company and is administered by the Company. The Plan Custodian, Principal Life Insurance Company and Principal Trust Company ("Custodian"), has authority and responsibility for the management and investment of Plan assets. The Company has entered into an Adoption Agreement with the Custodian. Through July 15, 2009 the Trustees were officers of the Company and participants in the Plan. As of July 15, 2009, Principal Trust Company Directed Trust has been the Trustee.

Participants in the Plan may choose to have their deferral and employer match contributions allocated among 27 investment options. There are no non-participant directed investments.

Eligibility

The Plan covers substantially all employees who have reached age 21 and have completed three consecutive months of service. Employees are eligible to participate in the Plan on the first day of each month following eligibility.

Contributions

Each participant may contribute from 1% to 50% of their annual pre-tax compensation subject to an annual limitation imposed by Internal Revenue Service regulations.

The Plan provides that the Company may elect to make matching contributions. In 2009 the Company matched 25% of each participant's contribution (based on participant contributions of up to 4% of each participant's compensation). The Company contributed $59,739 to the Plan in 2009. The Company may also elect to make discretionary contributions to the Plan. There were no employer discretionary contributions in 2009.

Vesting

The portions of the participant's account attributable to elective deferral contributions and rollover contributions are 100% vested and non-forfeitable. A year of service is defined as a 12 consecutive month period specified by the Plan in which at least 1,000 hours of service are performed. Employer contributions vest 20% after two complete years of service, as defined in the Plan agreement, and an additional 20% for each complete year of service thereafter until fully vested.

Forfeitures

Unvested amounts forfeited by terminated employees are applied to reduce employer contributions. The Company's matching contribution was reduced using forfeitures by approximately $6,100 as of December 31, 2009.

Allocations

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings, and is charged with an allocation of the Plan's administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Loans

The Plan allows participants to borrow against their vested balances. Loans may not be made for less than $500 and may not exceed the lesser of $50,000 or 50% of a participant's vested balance. Loan terms range from one to five years. Loan repayment periods may not exceed five years except loans used to acquire a principal residence. In such case, a reasonable repayment period shall be established. The loan interest rate is based on the rates available for similar loans as determined by the Plan's Administrative Committee. Principal and interest are paid ratably through payroll deductions.

Benefit payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, an annuity distribution, or flexible payment as described in the Plan agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Participants may withdraw any or all of their elective deferral account balances at any time during the Plan year provided certain hardship conditions, as defined in the Plan, have been met.

Benefit payments, cont'd

Benefits are recorded when paid.

Plan expenses

Expenses related to the audit of the Plan are paid by the Plan Sponsor. All other costs and expenses related to the operation and administration of the Plan are paid by the Plan.

Plan termination

While the Company has not expressed any intent to terminate the Plan, in the event of such termination, the Plan agreement provides that the participants' accounts become fully vested and non-forfeitable upon termination of the Plan. The funds shall remain on deposit under the group contract until a method of distribution is elected in accordance with the provisions of the Plan agreement upon a participant's termination of service, retirement, or death, whichever occurs first.

2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the reporting period. Actual results could differ from estimates.

Fair Value Measurement

The Financial Accounting Standards Board ("FASB") establishes authoritative guidance on fair value measurements which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Fair Value Measurement, cont'd

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar assets or liabilities in active markets, identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, etc.).

Level 3 – Valuation is based upon significant unobservable inputs, including the reporting entity's own assumptions in determining the fair value of investments.

The inputs or methodology used by valuing securities are not necessarily an indication of risk associated with investing in those securities.

The FASB issued additional guidance in 2009, requiring that fair values be detailed by major asset category, within the fair value hierarchy, and this should be adopted on a prospective basis. Retrospective adoption is not required and has not been adopted. Accordingly, a summary of the fair value hierarchy under this guidance is described below.

New accounting pronouncements

In June 2009, FASB issued Statement of Financial Accounting Standards No. 168 – The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles ("GAAP"), a replacement of FASB Statement No. 162. This statement establishes the FASB Accounting Standards Codification as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. This statement was adopted and was effective for the Plan's financial statements for the year ended December 31, 2009. This statement does not change GAAP and its adoption did not impact the Plan's financial position or results of operation.

New accounting pronouncements, cont'd

In May 2009 and February 2010, FASB issued guidance on subsequent events. This guidance established general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or available to be issued. This guidance was adopted for the Plan's financial statements for the year ended December 31, 2009. The adoption did not impact the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits. The date through which subsequent events have been considered for these financial statements is July 20, 2010.

Investment valuation and earnings

The U.S. Property Separate Account's fair value is determined by a valuation consultant and account management. Determination of estimated fair value involves subjective judgment because the actual fair value of real estate can be determined only by negotiation between parties in a sales transaction. The valuation consultant performs an appraisal on the assets held in the account giving consideration to the income, cost, and sales comparison approaches of estimating property value.

Due to the current state of the U.S. real estate market, Principal Life Insurance Company ("Principal") has taken action to protect participants' interests in the Principal U.S. Property Separate Account ("Separate Account"). Effective September 26, 2008, Principal implemented a pre-existing contractual limitation to delay payment of most requests for withdrawal from the Separate Account. This allows Principal to manage the Separate Account and satisfy withdrawal requests over time and fairly among all those who request a withdrawal. Since the implementation and throughout 2009, the limitation to delay payments has enabled the Separate Account to focus on debt reduction. In the first quarter of 2010, the Separate Account commenced partial distributions.

The withdrawal requests will be honored proportionately as sufficient cash becomes available for distribution, in accordance with the terms of the contract. Death and disability benefits are not affected by this limitation and will be processed as usual. Transfers and contributions into this Separate Account are also being accepted as usual.

This limitation applies only to the U.S. Property Separate Account and does not apply to other Plan separate accounts or Principal Funds, Inc.

Investment valuation and earnings, cont'd

The Plan invests in a fully benefit-responsive investment contract through the Stable Value Fund which is a common/collective trust that holds synthetic guaranteed investment contracts and short-term securities. Units of a common/collective trust are stated at net asset value which is based on the aggregate fair value of the underlying assets of the trust in relation to the total number of units outstanding. The contract value of the Stable Value Fund at December 31, 2009 and 2008 was $945,961 and $866,118, respectively.

In December 2005, the FASB issued authoritative guidance for reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA investment company guide and defined-contribution health and welfare and pension plans. The guidance requires that investment contracts held by a defined-contribution plan are to be reported at fair value. The Plan adopted the provisions for the guidance for the Stable Value Fund, which is presented on the Statements of Net Assets Available for Benefits.

Mutual funds are stated at fair value. Fair value has been measured using quoted market prices in an active market. Separate accounts are stated at fair value based on the net asset value of units held by the Plan at the respective year end. Participant loans are valued at the amount of unpaid principal, which approximates fair value.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at year end when the carrying values of the related investments are adjusted to their estimated fair market value. Purchase and sales of securities are reflected on a trade-date basis. The Plan presents in the statement of changes in net assets available for benefits the net depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

3. Information Certified by the Plan's Custodian, (Unaudited)

The Plan Administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Custodian

All Plan assets are held by the Plan Custodian who is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets. The Custodian has certified to the Plan Administrator the completeness and accuracy of the financial information and data presented in the December 31, 2009 and 2008 statements of net assets available for benefits and in the statement of changes in net assets available for benefits for 2009. Financial information relating to assets included in the accompanying financial statements is based on the following information provided by the Custodian.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31:

Description of Investment	**2009**	2008
Stable Value Fund	**$952,353**	$825,681
PIMCO Total Return R Fund	**$663,709**	$374,036

Principal International Small Cap Account	**$284,214**	*
Principal MidCap Value I Account	**$219,064**	$229,786

** Investment was not over 5% of Plan's net assets at December 31, 2008.*

Interest income

Interest income was $13,774 for 2009.

Net appreciation in market value of investments

During 2009 the fair value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by approximately $452,569.

4. Tax Status

The Plan Document was amended from a prototype plan which is qualified under Section 401 of the Internal Revenue Code to a custom document effective May 1, 2009. The Plan has not obtained a tax determination letter from the Internal Revenue Service on this

4. Tax Status, Cont'd

particular Plan. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Party-In-Interest Transactions

Certain Plan assets are invested in Custodian accounts. These transactions with the Custodian qualify as party-in-interest transactions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statement of net assets available for benefits.

7. Form 5500

The following is a reconciliation for the adjustment of fair value to contract value at December 31, 2009 as reported in the financial statements to the Schedule H on Form 5500:

Net Appreciation of Investments per 5500	$499,397
Add current year fair value adjustment	(6,392)
Less prior year fair value adjustment	40,436
Net Appreciation of Investments per Financial Statements	$452,569
