These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information disclosed in Note 5, which was certified by the John Hancock Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of South Tahoe Group Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – South Tahoe Refuse Co., Inc. and certain affiliated companies (the "Companies") adopted a money purchase plan effective July 19, 1972, covering all employees of the Companies who have one year of service providing they worked at least 1,000 hours during that year and have attained age nineteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2008, the Companies converted the existing money purchase plan into a profit sharing plan. The fixed contribution obligation under the money purchase plan was changed to a discretionary profit sharing contribution formula.

John Hancock Life Insurance Company (U.S.A) ("John Hancock") is the custodian and recordkeeper of the Plan and VRS Pension Services, Inc. administers the Plan.

Contributions – Each year, the Companies determine the amount to contribute to the Plan. Effective January 1, 2008, the contribution is discretionary. The Companies elected to contribute 3% of the compensation of each participating employee for the year ended December 31, 2011. Participants may not contribute. Contributions are subject to certain limitations specified under the Internal Revenue Code ("IRC").

Participant Accounts – Each participant's individual account is credited with the Companies' contributions and investment earnings. Contributions are allocated based on each participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Vesting in the Companies' discretionary contribution plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service, with an additional 20% for each additional year of service completed thereafter. A participant is 100% vested after six years of credited service.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period of not more than assumed life expectancy. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts shall be applied to restore accounts of terminated participants who subsequently resume employment with the Companies and whose accounts are restored pursuant to the terms of the Plan. Any remaining forfeitures will be used to reduce future employer contributions. At December 31, 2011 and 2010, forfeited nonvested amounts were $11,842 and $18,831 respectively. In 2011, employer contributions were reduced by $11,842 from forfeited nonvested accounts.

Investment Options – Upon enrollment in the Plan, a participant may direct his/her account and may select from mutual funds and other investment options available under the investments contract with John Hancock. Participants may change their investment options daily.

Receivables – Receivables represent contributions which have not been remitted to the Plan by the Companies.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review – Subsequent events have been evaluated through the date of the report, which is the date the financial statements were available to be issued. No significant subsequent events have occurred from December 31, 2011 though the date of issuance.

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participant's investment preferences.

Use of Estimates – The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for disclosures about fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2011 and 2010, the Plan's investments are accounted for and held by John Hancock, the current custodian. Those investments and subsequent contributions to the Plan are allocated by each participant to John Hancock Series and Venture Series Funds available under the contract issued to the Plan by John Hancock. John Hancock maintains the Companies' contributions in pooled separate accounts for each participant. The accounts are credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. Participants direct their separate Plan assets to funds or in shares of funds managed by John Hancock.

NOTE 4 – CASH WITH INSURANCE COMPANY

The cash amounts shown on the statements of net assets available for benefits include forfeited nonvested amounts and periodic interim contribution amounts deposited by the Companies with John Hancock which have not been invested in pooled separate accounts until after year end.

NOTE 5 – INVESTMENTS

Investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2011 and 2010, net depreciation in fair value of investments, and interest income for the year ended December 31, 2011, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock. Accordingly, as permitted under 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to certified information, except for comparing such information certified by John Hancock with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS – (CONTINUED)

Investments that represent 5% or more of fair value of the Plan's net assets as of December 31, 2011 and 2010 are separately identified as follows:

		2011	2010
Investments exceeding 5% of net assets:			
JH Lifestyle Conservative Portfolio	Pooled separate accounts	N/A	$ 525,287
JH Lifestyle Moderate Portfolio	Pooled separate accounts	786,288	741,166

Other investments		2,645,693	2,292,208
TOTAL INVESTMENTS		$ 9,254,555	$ 9,510,697

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $144,010.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") *820, Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 6 – FAIR VALUE MEASUREMENTS – (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value.

Pooled separate accounts: Valued at an accumulated unit value for the underlying assets held by the Plan at year end, which is measured using observable market data by correlation or other means.

Guaranteed interest accounts: Valued at fair value, which approximates cost plus interest credited on a daily basis less any withdrawals, charges or expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – FAIR VALUE MEASUREMENTS – (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

As of December 31, 2011	Level 1	Level 2	Level 3	Total

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transactions rules of ERISA. Fees paid by the Plan for John Hancock contract administration fees amounted to $4,751 for the year ended December 31, 2011.

NOTE 8 – ADMINISTRATION OF PLAN ASSETS

The Companies' contributions are held and managed by the Plan's custodian, who invests cash received, principal, and interest collected as directed by participants, and makes benefit distributions to participants. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Administrative expenses for legal and accounting services are paid directly by the Companies.

NOTE 9 – TAX STATUS

The volume submitter plan has obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the volume submitter plan, adopted by the Plan, was in compliance with

NOTE 9 – TAX STATUS – (CONTINUED)

applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since the Companies adopted the volume submitter plan, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
