EMPLOYEE 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following description of the Sam Galloway Ford, Inc. Employee 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, is a 401(k) defined contribution plan and is intended to provide participants with future retirement benefits for those who may qualify for participation therein. The Plan covers all eligible employees of Sam Galloway Ford, Inc., Inc., Sam Galloway Ford South, Ltd., Galloway Imports, LLC, and GW, Inc. (the "Company"). Employees become eligible to participate in the Plan after completing six months of service with a minimum of 500 service hours and attaining the age of 21, as defined in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration

The management and administration of the Plan is the responsibility of Sam Galloway Ford, Inc. (the "Company") and its designee. The Company utilizes John Hancock Life Insurance Company (USA) (John Hancock) as the custodian of all the Plan's assets including substantially all the responsibility for investment, reinvestment, control and disbursement of the funds of the Plan. Progressive Pension Administrators, Inc. has been designated as a third party administrator and servicing agent to perform certain reporting and administrative functions, as well as accounting for participant information.

Contributions

Each year, participants may contribute up to the maximum percentage of allowable compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Company, at its discretion, may contribute to the Plan a matching contribution of a percentage of the participant's elective deferral contribution. In addition, the Company may, at its discretion, contribute a varying amount on behalf of all employees that qualify as plan participants (discretionary Company contributions). The Company made no contribution in 2011 or 2010. Contributions are subject to certain limitations.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Participant accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan's earnings, and Company contributions, and charged with benefits payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to employer matching discretionary contributions vests 20% after two years credited service, increasing 20% each following year, until 100% vested after six years of service. Participant accounts become fully vested upon retirement, death, or disability regardless of years of service.

Investment Options

Upon enrolling in the Plan, a participant may select investments from John Hancock. Participants determine the amount to be invested and may make changes in their investment elections at any time. Plan assets are held by John Hancock, the Plan's custodian.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service withdrawals may occur upon demonstration of financial hardship, or after the participants reach the age of 59.5 years.

Forfeitures

As of December 31, 2011 and 2010, forfeitures totaled $470 and $297, respectively. Forfeitures can only be used to pay expenses or reduce Company contributions in the future. No forfeitures were used to pay Plan expenses during the years ended December 31, 2011 and 2010, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

The Plan's investments are held primarily through pooled separate accounts, managed by John Hancock. Investments are reported at fair value. Fair value of a financial instrument is the price that would be received when selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Changes in fair value, along with realized gain and losses, are reflected as net appreciation (depreciation) in fair value if investments.

Payment of benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income tax status

The Internal Revenue Service has determined and informed Sam Galloway Ford, Inc. by a letter dated June 19, 2002, that the Plan and it's amendments are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE C - MARKET RISK

The Plan provides for investment in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur un the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits

NOTE D - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

At December 31, 2011 and 2010, the Plan's investments were held by John Hancock, the Plan's custodian. The following is a summary of the Plan's financial information that is included in the financial statements and supplementary schedule, based on information certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 - Inputs to the valuation methodology include:

* Quoted prices for similar assets or liabilities in active markets
* Quoted prices for identical or similar assets or liabilities in inactive markets
* Inputs other than quoted prices that are observable for the asset or liability
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts - These investments are public investment vehicles valued using the NAV provided by the administrator of the funds. The NAV is based on the value of the underlying assets owned by the accounts, minus its liabilities, and then divided by the number of units outstanding. The NAV is classified within level 2 of the hierarchy because the NAV unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

Guaranteed Interest Accounts - These investments are public investment vehicles valued using $1 for the NAV. The accounts are classified within level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that mat not be indicative of net realizable value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010. The Plan had no financial liabilities as of December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011

Guaranteed interest account	-	10,227	-	10,227
Total investments	$ -	$ 2,445,079	$ -	$ 2,445,079

NOTE F - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and guaranteed interest contracts managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and distribution requests were $15,970 and $15,228 for the years ended December 31, 2011 and 2010.

NOTE G - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investments include a guaranteed interest investment contract with John Hancock. John Hancock maintains the contributions in a general account and the contract is not considered benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as represented to the Plan by John Hancock. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract adds interest at rates from 0.55% to 4.20% These rates are guaranteed through various maturity dates ending December 31, 2013.

NOTE H - SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 29, 2012, the date which the financial statements were available to be issued, and has determined that no events have occurred that require additional disclosure.
