Independent Auditors' Report

Board of Trustees
Nordenia U.S.A. Retirement Program

We were engaged to audit the financial statements and supplemental schedule of the Nordenia U.S.A. Retirement Program (the Plan) as December 31, 2009, and for the year then ended, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors whose opinion, dated July 27, 2009, disclaimed an opinion on those statements for the reasons described below.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes related investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2009, and for the year then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORDENIA U.S.A. RETIREMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 And 2008

1. Description Of The Plan

The following description of the Nordenia U.S.A. Retirement Program (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Nordenia U.S.A., Inc. (the Company) who are age 18 or older and are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan and subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company contributes a matching contribution equal to 50% of a participant's contributions, up to a maximum dollar amount of \$1,000 per Plan year per participant. Additional discretionary amounts may be contributed at the option of the Company's Board of Directors to participants employed by the Company on the last day of the Plan year.

Participant Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer contributions is based on years of continuous service. A participant is 100% vested after five years of credited service, the vesting schedule for which is shown below:

<u>Years Of Service</u>	<u>Vesting</u>
1	20%
2	30%
3	40%
4	80%
5	100%

NORDENIA U.S.A. RETIREMENT PROGRAM

Notes To Financial Statements (*Continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions and (b) Plan earnings and charged with allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

On termination of service due to death, disability, retirement, or separation from the Company, a participant may elect to receive either a lump-sum distribution or one of several forms of annuities, as defined in the Plan Agreement. The balance is equal to the value of the participant's vested interest in his or her account. Distributions upon termination over \$1,000 are rolled into an IRA unless the participant elects otherwise. Distributions upon termination of \$1,000 or less are paid in full to the participant.

In certain circumstances, a participant may elect a hardship distribution, as defined in the Plan Agreement.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates which range from 3.25% to 8.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Loan repayment periods are a maximum of five years. Participant loans mature at various dates through August 2014.

Forfeited Accounts

Forfeitures are reallocated among the Plan participants based on annual pay for the Plan year. For the year ended December 31, 2009, forfeited nonvested amounts totaling \$45,475 were reallocated to Plan participants. At December 31, 2009 and 2008, remaining forfeitures of \$49,746 and 42,668, respectively, plus earnings thereon are available to be reallocated to Plan participants.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

Pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The guaranteed investment account is not considered fully benefit-responsive and as such, the amounts reported on the statement of net assets available for benefits and the statement of changes in net assets available for benefits are presented at fair value.

Participant loans are valued at cost, which approximates fair value.

See Note 4 for discussion of fair value measurements.

NORDENIA U.S.A. RETIREMENT PROGRAM

Notes To Financial Statements (*Continued*)

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment Of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan may be paid by the Company and, if not paid by the Company, are paid directly by the Plan.

Subsequent Events

Management has evaluated subsequent events through June 29, 2010, the date which the financial statements were available for issue.

3. Investments

The Plan Administrator has entered into a group annuity contract with Principal Life Insurance Company, the Trustee. Financial information related to the assets and earnings from the annuity contract is included in the accompanying financial statements and is based on information provided by the Trustee. This information, which has not been audited by the Plan's independent auditors, has been certified to as complete and accurate by the Trustee.

Investments at fair value that represent 5% or more of net assets are as follows:

	2009	2008
Guaranteed Interest Accounts	\$ 2,147,691	\$ 1,882,206
Money Market Account	1,275,006	1,534,876
Bond and Mortgage Account	1,045,725	824,808
Large Cap S&P 500 Index	1,379,428	963,628
Medium Company Blend	1,021,373	743,960
Diversified International Stock	1,234,847	931,477
Participant loans	*	924,834

* Does not represent 5% or more of net assets at December 31, 2009

NORDENIA U.S.A. RETIREMENT PROGRAM

Notes To Financial Statements (*Continued*)

4. Fair Value Measurements

The Plan follows current accounting standards, which provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NORDENIA U.S.A. RETIREMENT PROGRAM

Notes To Financial Statements (Continued)

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled Separate Accounts

Valued at quoted redemption values on the last day of the Plan year end.

Guaranteed Interest Accounts

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant Loans

Valued at amortized cost, which approximates fair value.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

Notes To Financial Statements (*Continued*)

5. Transactions With Parties-In-Interest

Certain Plan investments are issued and managed by the Trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Total administrative expenses paid to the Trustee for the year ended December 31, 2009 were \$11,065.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Income Tax Status

The prototype plan sponsor has obtained an opinion letter dated March 31, 2008 in which the IRS stated that the restated prototype Plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. The Plan has been amended since the date of the opinion letter, however; the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

8. Excess Participant Contributions

To comply with certain discrimination testing rules, the Plan was required to refund a portion of the contributions made by highly compensated employees. The amounts due to highly compensated employees at December 31, 2008 were \$3,475.
