# INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Southwest Diagnostic Imaging Center
401(k) Retirement Plan
Dallas, Texas

We were engaged to audit the statements of net assets available for benefits of Southwest Diagnostic Imaging Center 401(k) Retirement Plan (the Plan) as of December 31, 2009 and 2008, and the statements of changes in net assets available for benefits for the years then ended and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by State Street Bank and Trust Company, the Trustee of the Plan's assets (the Trustee), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2009 and 2008, that states the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## NOTE 1. DESCRIPTION OF PLAN

The following description of the Southwest Diagnostic Imaging Center 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution retirement plan adopted on July 1, 2002 for the benefit of all eligible employees of Imaging Center Partnership (dba Southwest Diagnostic Imaging Center) (the Employer). The Plan was amended in August 2007 to reflect the change in the Employer's name to Imaging Center Partnership.

All regular employees of the Employer are eligible to participate in the Plan on their hire date. For purposes of regular Employer contributions and Employer matching contributions, participants become eligible to receive such contributions upon completing one year of service.

### Contributions

Participating employees and the Employer make contributions to the Plan. A participant may make elective contributions, via salary deferrals, between 1% and 100% of their pretax compensation for each payroll period, subject to statutory limitations. For each Plan year the Employer may contribute, on behalf of each eligible participant with one or more years of service and who defers 2% or more of their eligible compensation, up to 6% of the participant's eligible compensation. The amount of matching contribution is based on years of service according to the following schedule:

| Years of Service | Matching Contributions |
|---|---|
| 1 to 4 years | $0.75 for each $1 contributed up to 6% of eligible compensation. |
| 5 to 9 years | $1 for each $1 contributed up to 6% of eligible compensation. |
| 10 years or more | $1.25 for each $1 contributed up to 6% of eligible compensation. |

In addition, each plan year the Employer may make a non-elective or discretionary contribution in an amount determined by the Employer. Each participant's share is based on the ratio of their compensation to the total compensation for all participants.

## NOTE 1. DESCRIPTION OF PLAN – CONTINUED

### Contributions – Continued

The Plan allows employees who have received distributions from other qualified retirement plans to directly transfer or rollover the previous account balances into segregated "rollover accounts" of the Plan, even if they are not participants in the Plan.

### Participant Accounts

Each participant's account is credited with the respective participant's contribution, an allocation of (a) the Employer's contribution, and (b) Plan earnings. Contributions to the Plan are allocated to active investment accounts in percentages elected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are 100% vested at all times in their elective contribution accounts, qualified non-elective contribution accounts, and segregated rollover accounts plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service.

Vesting in Employer contributions occurs as follows:

| Years of Credited Service | Vested Percentage |
|---|---|
| Less than 2 Years | 0% |
| 2 Years | 25% |
| 3 Years | 50% |
| 4 Years | 75% |
| 5 Years | 100% |

A participant becomes 100% vested in the event of death, attainment of normal retirement age, termination of the Plan, or if the participant becomes disabled, as defined in the Plan Document.

### Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and any related earnings into a number of distinct active investment options. Employer matching contributions are invested in accordance with the investment choices selected by each respective Participant.

## NOTE 1. DESCRIPTION OF PLAN – CONTINUED

### Forfeitures

Forfeitures derive from the non-vested amounts in a participant's account following a break in service. Such forfeitures are applied to reduce future Employer matching and non-elective contributions. Unallocated forfeitures as of December 31, 2009 and 2008 were $0 and $761, respectively. Forfeitures utilized to reduce Employer contributions for the years ended December 31, 2009 and 2008 were $8,531 and $6,492, respectively.

### Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### Benefit Payments

Distribution of a participant's entire account becomes due in three ways: (1) upon termination of employment at the participant's early retirement age or normal retirement age as defined in the Plan Document; (2) death; or (3) full and permanent disability. Such account balances are distributed in a lump-sum payment without regard to amount. For termination of service for any other reasons, a participant is entitled to receive the value of the vested interest in his or her account, which is payable as defined in the Plan Document. Withdrawals from the Plan by active participants are permitted for specific instances such as: financial hardship, loans, or participant's attaining the age of 59 ½.

### Loans to Participants

Participant loans receivable are stated at cost, which approximates fair value. Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan maturity dates range from 1 to 5 years and loans become due upon termination of service of the participant. Participants are charged a loan origination fee of $150, which includes processing and document preparation. The loans are collateralized by the balance in the participant's accounts and bear interest at rates determined by prevailing market conditions. Interest rates on outstanding loans at December 31, 2009 and 2008 ranged from 4.25% to 9.25%.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting. Employee contributions are recorded in the period during which the Employer makes payroll deductions from the Plan participants' earnings. Matching contributions are recorded in the same period. Benefit payments are recorded in the period in which they are distributed. Income and expense are recorded in the period earned and incurred, respectively.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

### Investment Valuation

The Plan's investments are in mutual funds and are stated at fair value, based on quoted market prices at the Plan's year end. Purchases and sales of investments are recorded on a trade date basis. Interest is allocated to participant accounts on a pro-rata basis depending on the participant's account balance. Dividends are allocated based on the number of shares in a Participant's account.

### Administration

Certain administrative expenses of the Plan are paid by the Employer.

### Market and Credit Risks

The Plan provides for various investment options in mutual funds and cash equivalents. These types of investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, including those held by the Plan, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such change could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 3. CERTIFIED FINANCIAL DATA

The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974:

## NOTE 4. FEDERAL INCOME TAX STATUS

The Plan has received a favorable determination letter dated March 18, 2003, from the Internal Revenue Service stating that the Plan and its amendments are qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and the Trust is exempt from taxation under Section 501(a) of the Code. The Trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Employer and the Plan's tax counsel believe that the Trust continues to qualify and to operate as designed, even though the plan has been amended subsequent to the determination letter. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board (FASB) has recently issued new guidance in accounting for uncertainties in income taxes which requires that the Plan recognize in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the tax position. The new requirements also provide guidance on measurement, classification, interest, penalties and disclosure. Tax positions taken related to the Plan's tax exempt status, unrelated business activities taxable income and deductibility of expenses and other miscellaneous tax positions have been reviewed, an management is of the opinion that material positions taken by the Plan would more than likely than not be sustained by examination. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The entities tax years 2007 through 2009 remain subject to examination.

## NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Trustee qualify as party-in-interest transactions.

## NOTE 6. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 as of and for the years ended December 31, 2009 and 2008:

| | 2009 | 2008 |

| Add: Amounts payable for excess contributions | - | 6,903 |
| Net assets available for benefits per the Schedule H of Form 5500 | $ 9,296,793 | $ 6,728,418 |
| Net increase in net assets available for benefits per the financial statements | $ 2,575,278 | $ (2,370,870) |
| Loan amounts deemed distributed | | 8,171 |
| Amounts payable for excess contributions for year December 31, 2009 | - | 6,903 |
| Amounts payable for excess contributions for year December 31, 2008 | (6,903) | (21,820) |
| Net income per Schedule H of Form 5500 | $ 2,568,375 | $ (2,377,616) |

## NOTE 7. FAIR VALUE MEASUREMENT

In September 2006, the Financial Accounting Standards Board (FASB) issued a new standard relating to fair value measurements. Fair value measurements guidance introduces a framework for measuring fair value and expands required disclosure about fair value measurements of assets and liabilities and is effective for fiscal years beginning after November 15, 2007. The Plan has adopted the standard for those assets and liabilities as of January 1, 2008 and the impact of adoption was not material to the financial statements. In November 2007, the FASB placed a one year deferral for the implementation of fair value measurements guidance. Currently, the Plan does not have any nonfinancial assets or liabilities.

## NOTE 7. FAIR VALUE MEASUREMENT – CONTINUED

This standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

***Level 1*** — Quoted prices in active markets for identical assets or liabilities.

***Level 2*** — Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

***Level 3*** — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

### Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

### Loans to Participants

Loans to Plan participants are valued at cost plus accrued interest, which approximates fair value and are classified within Level 3 of the valuation hierarchy.

## NOTE 7. FAIR VALUE MEASUREMENT – CONTINUED

Below are the Plan's financial instruments carried at fair value on a recurring basis by the guidance's fair value hierarchy levels as of December 31, 2009:

| | Quoted Prices in Active Markets for Indentical Assets (Level 1) | Signficant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total Fair Value |
