Jerron Hull and Jadon Hull, Trustees
Aim Engineering & Surveying, Inc. Retirement Plan
Lehigh Acres, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of Aim Engineering & Surveying, Inc. Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by John Hancock Life Insurance Company USA, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of Aim Engineering & Surveying, Inc. (the "Company") Retirement Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective May 1, 1995. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2009. The Plan covers all employees of the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes Aim Engineering and AEC General, a related Company.

Eligibility

Salary Deferrals

All active employees of the Company are eligible to participate in the salary reduction arrangement in the Plan after attaining the age of 18, and completing three months of service. The employee enters the salary deferral portion of the Plan on the first day of the semi-annual period following the completion of the eligibility requirement.

Company Contributions

All active employees of the Company are eligible for the Company contribution arrangement in the Plan after attaining the age of 18, and completing one year of service. The employee enters the Company contribution portion of the Plan on the first day of the semi-annual period following the completion of the eligibility requirement. The employee must be employed on the last day of the Plan year to benefit from the Company contribution.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code. Eligible participants are permitted to elect to have a percentage, from 1% to 100% of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants age 50 or older are allowed to make catch-up contributions. The catch-up contribution limit for the years ended December 31, 2011 and 2010 is $5,500. Contributions are subject to certain limitations.

The Company may, at its discretion, elect to make a matching contribution or profit sharing contribution to the Plan. For the years ended December 31, 2011 and 2010, the Company matching contribution was 50% of the first 6% of the employee's deferral contributions. There were no Company profit sharing contributions for the years ended December 31, 2011 and 2010.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA's. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various Pooled Separate Accounts and Guaranteed Interest Accounts as investment options for participants.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's salary deferral, the Company's matching contribution, an allocation of the Company's profit sharing contribution (if any), and an allocation of Plan earnings or losses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Income is allocated daily based on the shares in the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. At December 31, 2011, interest rates ranged from 1.50 to 6.25%.

Forfeited Accounts

Forfeited non-vested accounts are added to any Company matching contribution and allocated as an additional matching contribution subsequent to year end. Forfeited non-vested accounts as of December 31, 2011 and 2010 totaled $2,372 and $5,238, respectively. These forfeitures were allocated to the individual participant accounts when the Company match was made.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. Upon termination of service, death, disability, or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Fair Value of Financial Instruments

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2011 and 2010.

During 2010, FASB released ASU 2010-06 Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements. This guidance changes the requirements to reflect Level 3 changes (purchases, sales, issuances, and settlements) from a net basis to require separate disclosure for each type and is effective for fiscal years ending after December 15, 2011. This guidance does not require the change to be retrospectively applied to prior periods presented. The Plan adopted this guidance effective for the Plan year ending December 31, 2011.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Investment Level

During 2011, the Company determined that the fair value level of Guaranteed Interest Accounts should have been Level 3 at December 31, 2010. The December 31, 2010 Guaranteed Interest Accounts in Note 4 have been reclassified to conform with the 2011 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the pooled separate accounts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year end. Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. For these investments, contract value approximates fair value.

The preceding methods described can produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through August 6, 2012, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

John Hancock Life Insurance Company USA, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of notes receivable from participants, and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011.

On June 25, 2012, the Company transferred all investments held with John Hancock Life Insurance Company USA to Great-West Life & Annuity Insurance Company.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Investment Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Assets:				
Multi-Strategy Pooled				
Separate Accounts	$ -	$4,469,583	$ -	$4,469,583
Guaranteed Interest Accounts	-	-	97,866	97,866
Total Investments at Fair Value	$ -	$4,469,583	$ 97,866	$4,567,449

	Investment Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Assets:				
Multi-Strategy Pooled				
Separate Accounts	$ -	$4,502,685	$ -	$4,502,685
Guaranteed Interest Accounts	-	-	70,975	70,975
Total Investments at Fair Value	$ -	$4,502,685	$ 70,975	$4,573,660

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31:

	2011	2010
Balance, Beginning of Year	$ 70,975	$ 97,612
Total Gains or Losses (Realized/ Unrealized) Relating to Instruments Still Held at the Reporting Date	1,040	1,546
Purchases, Issuances, Sales and Settlements:		
Purchases	25,851	24,809
Sales	-	(52,992)
Total Purchases, Issuances, Sales and Settlements:	25,851	(28,183)
Balance, End of Year	$ 97,866	$ 70,975

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2011.

	2011			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-Strategy Pooled Separate Accounts	$4,469,583	$ -	Daily	Daily

	2010			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-Strategy Pooled Separate Accounts	$4,502,685	$ -	Daily	Daily

The multi-strategy pooled separate accounts are made up of sub-accounts that hold different types of investments that have a variety of investment objectives. Therefore, there is not one overall strategy for the pooled separate accounts other than the Plan's objective of providing Plan participants with sufficient variety of investment options to enable participants to achieve their individual goals for retirement. Participants can direct their money into the sub-accounts of their choice.

NOTE 5 INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31:

	2011	2010
Pooled Separate Account B	$ 4,469,583	$ 4,502,685

During 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated (depreciated) by $(178,319) and $516,336, respectively.

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY

On November 2, 2005, the Plan entered into a group annuity contract with John Hancock Life Insurance Company USA. As part of the contract, John Hancock Life Insurance Company USA maintains a portion of the contributions in a "guaranteed account." The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company USA. The contract is included in the financial statements at fair value, which approximates contract value, because it is not fully benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. John Hancock is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The average yield and crediting yield was approximately 0.92 percent and 1.03 percent for the years ended December 31, 2011 and 2010, respectively.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100 percent vested in their Company contributions.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008, received from the Internal Revenue Service on the Plan, indicating that the Plan is qualified under Section 401 of the Internal Revenue Code and is therefore not subject to tax under current income tax law. The Plan has been restated since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 PLAN TAX STATUS (CONTINUTED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The recordkeeping services for the investments are provided by John Hancock Life Insurance Company USA. Certain investments are issued by John Hancock Life Insurance Company USA therefore; these transactions qualify as party-in-interest.

NOTE 11 RECONCILIATOIN OF THE FINANCIAL STATEMENTS TO FORM 5500

Certain Plan assets are invested in the John Hancock Life Insurance Company (John Hancock) Separate Account B and Separate Account C. These funds are pooled separate accounts (PSA's). As the Sponsor of these PSA's, John Hancock has chosen not to complete and submit an Annual Report (Form 5500) with the Department of Labor as its Sponsor, reporting the investment activity of these PSA's as "direct filing entities" (DFE's) for the Plan year. Therefore, the Plan's interest in the John Hancock Separate Account B and Separate Account C will not be reported as an interest in a PSA on the Schedule of Assets (Held at End of Year) and the Plan's Annual Return/Reports (Form 5500) prepared and submitted for 2011, but rather will show the underlying investments of the PSA's. However, the financial statements for the Plan reflect its representative value in the PSA's.
