1. Description of Plan

The following description of the Ingardia Bros. Produce, Inc. (the "Company") 401(K) Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of Ingardia Bros. Produce, Inc.

Contributions

Participants may elect to contribute a portion of their compensation up to a maximum percentage, as defined by the Plan. For all contributions, participants may choose to have their contributions made entirely to any or all of the funds available.

Participant Accounts

Participant contributions are maintained in an individual account on behalf of the participant. All contributions are held in trust and invested with an investment manager designated by the Plan trustee.

Vesting and Forfeitures

Participant contributions, employer contributions, and earnings on those contributions vest immediately and are non-forfeitable.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to be invested in specified mutual funds.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's balance. Benefits are recorded when paid.

Loans to Participants

Participants may borrow from their accounts from $1,000 up to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 2.0% fixed on the date of the loan. Loans to participants are valued at the principal amounts outstanding.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' interests would be distributed in accordance with Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in net assets available for benefits.

Date of Management's Review

Subsequent events were evaluated through July 22, 2010, which is the date the financial statements were available to be issued.

Plan Administration

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Account transaction fees charged by ING Life Insurance and Annuity Company are paid directly from Plan assets. Audit expenses are paid directly from Plan assets. Other administrative expenses for the Plan are paid by the Company.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Information Prepared and Certified by the Trustee

All information related to investments and investment income included in the accompanying financial statements and supplementary schedules have been included based on information provided by ING Life Insurance and Annuity Company (the trustee). The trustee has certified that the information provided is complete and accurate.

3. Investment Information Prepared and Certified by the Trustee (continued)

The following presents investments that represent 5 percent or more of the Plan's net assets.

	2009	2008
ING Life Insurance and Annuity Company Fixed Account	$ 883,525	$ 965,160
ING Life Insurance and Annuity Company Pooled Separate Account Funds	2,811,173	1,800,541

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's assets measured at fair value on a recurring basis using quoted prices in active markets for identical assets (Level 1), significant other observable inputs (Level 2) and significant unobservable inputs (Level 3):

Description	Quoted prices in active markets for identical assets (Level 1)	Significant unobservable inputs (Level 3)	Total
December 31, 2009			
Mutual Funds	$ 3,694,698	$ -	$ 3,694,698
Participant Loans	-	127,641	127,641
Total	$ 3,694,698	$ 127,641	$ 3,822,339
December 31, 2008			
Mutual Funds	$ 2,765,701	$ -	$ 2,765,701
Participant Loans	-	107,475	107,475
Total	$ 2,765,701	$ 107,475	$ 2,873,176

4. Fair Value Measurements (continued)

The fair value of the money market and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides detail of the Level 3 fair value measurements during the years ending December 31, 2009 and 2008:

Participant Loans	2009	2008
Beginning Balance	$ 107,475	$ 71,227
Total gains or losses (unrealized / realized) included in changes in net assets available for benefits	-	-
Purchases, issuances and settlements (net)	20,166	36,248
Ending Balance	$ 127,641	$ 107,475

5. Tax Status

The Plan obtained its latest determination letter on April 20, 2009, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan has investments in mutual funds managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the trustee of the Plan; therefore, ING Life Insurance and Annuity Company is a party-in-interest.
