Note A - Description of Plan

The following description of Epworth Children and Family Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 1992, as a defined contribution plan for the benefit of employees of Epworth Children & Family Services, Inc. (the "Organization"). It is a salary reduction plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Employees are eligible to participate in the plan upon completion of one year of service and 1,000 hours of service within a calendar year and attaining the age of 21. Participants are eligible to receive the employer matching contributions and non-matching discretionary contributions immediately upon participation in the Plan. The Organization amended the Plan as of January 1, 2009 to eliminate the matching contribution.

Contributions

Participants may elect to contribute a portion of their eligible compensation not to exceed the Internal Revenue Code limits of $16,500 for the year ended December 31, 2009. Participants may elect to roll over contributions into the Plan from a previous employer's qualified plan. Certain employees meeting age criteria may also be eligible to make "catch-up" contributions not to exceed $5,500 for the year ended December 31, 2009.

In addition, the Organization may make an annual discretionary, non-matching contribution to the Plan. No discretionary contributions were made in 2009. The matching and discretionary contributions are invested based upon the investment options chosen by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Organization's contributions, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Description of Plan (Continued)

Forfeitures

Any forfeited balances of terminated participants' nonvested accounts are used to pay future administrative expenses. At December 31, 2009, there were no forfeited nonvested accounts.

Vesting

Participants shall at all times be one hundred percent (100%) vested in their salary deferral contributions plus actual earnings thereon. Participants immediately vest 100% in employer matching contributions. For non-matching discretionary contributions, participants vest 100% after three years of service.

Investment Options

Upon enrollment in the Plan, participants may elect to invest their contributions and any Company matching and non-matching discretionary contributions in one or more of the Plan's investment options. The investment options are trusteed registered investment companies with a range of investment objectives. Participants may change the manner in which their current contributions are invested and are allowed to transfer between investment accounts.

All investments are participant-directed.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a period not exceeding life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Benefits distributed to participants are recorded when paid.

Note B - Summary of Significant Accounting Policies (Continued)

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported and the disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note D for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note C - Investment Certification

The Plan's Administrative Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Administrative Committee has obtained a certification from Charles Schwab. that all of the information provided by it and included in the accompanying financial statements and schedule are complete and accurate. Information as to the investments in the accounts of Charles Schwab, investment income, and all information appearing in the accompanying schedule is presented in reliance solely upon those certifications.

Note D - Investments

Fair Value Measurements

As of December 31, 2008, the Plan has adopted Financial Accounting Standards Board Accounting Standard Codification (FASB ASC) 820 (formerly Statement of Financial Accounting Standard No. 157, ("SFAS No. 157"), "*Fair Value Measurements*"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

Note E - Income Tax Status

The Internal Revenue Service has determined and informed the Organization by letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note F - Related Party Transactions

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

The Plan invests in collective trusts managed by affiliates of the trustee. Transactions in such investments qualify as parties-in-interest transactions, which are exempt from the prohibited transactions rules.

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested in their accounts.

Note I - Restatement of Financial Statements

The Plan has restated its 2008 financial statements to reflect additional employer/employee contributions due to the conversion from the modified cash basis of accounting to Generally Accepted Accounting Principles. The restatement increased the 2009 beginning Net Assets Available for Benefits and the 2008 receivable numbers by $13,885. The prior auditors reported on the 2008 financial statements before restatement.

Note J - Subsequent Events

Management has evaluated all subsequent events through July 23, 2010, the date the financial statements were available to be issued.
