Eligibility

The Plan is a defined contribution plan established January 1, 1998. The Plan covers all employees of Evergreen Convalescent Hospital and Rehabilitation Center, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. An employee must have completed three months of service with the Company to be eligible to participate in the Plan, as defined in the Plan.

The Plan was amended at various dates through December 31, 2009 to comply with applicable laws and regulations.

Plan Administration

The Company is the plan administrator and is responsible for managing the day-to-day operations of the Plan. The Plan’s trustee, State Street, is responsible for the management of the Plan’s assets. The Plan’s recordkeeper, Automatic Data Processing, Inc. (ADP), is responsible for the custody of the Plan’s assets.

Contributions

Eligible employees may contribute from 2% to 15% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers a number of investment options in money market accounts, certificates of deposits, common collective trust funds and mutual funds managed by State Street Bank and Trust Company (State Street).

The Company may elect each year to make a discretionary matching contribution equal to a percentage of total employee savings contributions and discretionary profit sharing contributions. The Company made no matching contributions to the plan for the year ended December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - Continued

The Company may also elect each year to make discretionary profit sharing contributions on behalf of all eligible participants. The Company did not elect to make discretionary profit sharing contributions for the year ended December 31, 2009.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. The Plan provides for vesting of Company matching and discretionary profit sharing contributions as follows:

<u>Years of Service</u>	<u>% Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are first used to defray any expenses associated with the administration of the Plan. If forfeitures exceed administrative expenses, any excess forfeitures will be used to reduce the employer's matching contribution that would otherwise be made to the Plan. For the year ended December 31, 2009, there were no forfeitures available to reduce Company matching contributions.

Payment of Benefits

Upon separation from service with the Company, other than by retirement, death, or disability, participants (or participant's beneficiary in the even of death) may elect to receive a distribution equal to the participant's vested account balance. Upon retirement or termination of service due to death or disability, participants or their beneficiaries are entitled to 100% of their account balance. The vested balance may be paid as either a lump sum distribution or other form of distribution, as provided in the Plan document. Payment of account balances in excess of \$5,000 can be deferred until Normal Retirement Age of 65.

Participant Loans

The minimum participant loan to any individual participant is \$500 and is limited to the lesser of: (i) \$50,000 or (ii) 50% of the participant's vested account balance. Each loan made bears a reasonable rate of interest, which is determined by the custodian of the Plan. Loans are to be repaid on an installment basis through payroll deductions over a period not to exceed five years, unless such loan is used by the participant to acquire a personal residence. Should employment with the Company be terminated prior to the full repayment of the loan, all remaining unpaid principal and interest shall be considered an immediate distribution of benefits under the Plan and reported as taxable income to the participant. Loans outstanding at December 31, 2009 and 2008 amounted to \$36,817 and 23,848, respectively.

Administrative Expenses

Administrative expenses of the Plan are paid directly by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 105, *Generally Accepted Accounting Principles* (formerly Statement of Financial Accounting Standards (SFAS) No. 168, "*The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162*"). FASB ASC became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP), other than guidance issued by the Securities and Exchange Commission, replacing the prior references to SFAS, Emerging Issues Task Force (EITF), and FASB Staff Positions (FSP). FASB ASC 105 was adopted by the Plan as of December 31, 2009. As FASB ASC did not create any new GAAP standards but incorporated existing accounting and reporting standards into a new topical structure, the adoption of FASB ASC 105 only changed referencing convention of GAAP in the notes to the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fully Benefit-Responsive Investment Contracts

As of December 31, 2006, the Plan adopted FASB ASC 962-325, *Defined Contribution Pension Plans – Investments (Other)* (formerly FASB Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*). FASB ASC 962 requires the statements of net assets available for plan benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts, and the statement of changes in net assets available for plan benefits to be prepared on a contract value basis for the fully benefit-responsive investment contracts.

Fully benefit-responsive contracts are the contracts that guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan, and transfers to a non-competing fund) will be covered at contract value. The Plan did not invest in any investments that met these criteria as of December 31, 2009 and 2008.

Valuation of Investments

The Plan's investments are stated at fair value. Mutual funds are stated at fair value determined by quoted market prices. The fair values of the Plan's interests in common/collective trust funds are determined using the net asset values of the funds as reported by State Street, which are based on the fair value of the underlying investments. Participant loans are stated at their current face value, which approximate fair value.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefits

Benefit payments to participants are recorded when paid.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Benefit claims are accrued when they have been processed and approved for payment by the Plan. The amounts allocated to accounts of terminated employees who have also terminated their participation in the Plan, including involuntary cash-outs, as a component of net assets available for plan benefits, was \$9,621 at December 31, 2009.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Subsequent Events

During the year ended December 31, 2009, the Plan adopted FASB ASC 855, *Subsequent Events* (formerly SFAS No. 165, "*Subsequent Events*"). FASB ASC 855 establishes general standards of accounting for and disclosures of events that occur after the financial statement date but before the financial statements are issued or are available to be issued. FASB ASC 855 sets forth the period after financial statement date during which management of the Plan should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which the Plan should recognize events occurring after the financial statement date in its financial statements, and the disclosures that the Plan should make about events or transactions that occurred after the financial statement date.

In preparing the accompanying financial statements, the Plan evaluated events occurring between December 31, 2009 and August 2, 2010 (the date the financial statements are available to be issued) and did not identify any significant subsequent events that required recognition in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

New Accounting Pronouncements

In January 2010, the FASB issued Auditing Standards Update (ASU) “*Improving Disclosures about Fair Value Measurements*” to amend the disclosure requirements related to recurring and nonrecurring fair value measurements. The guidance requires new disclosures on the transfers of assets and liabilities between Level 1 (quoted prices in active market for identical assets or liabilities) and Level 2 (significant other observable inputs) of the fair value measurement hierarchy, including the reasons and the timing of the transfers. Additionally, the guidance requires a roll forward of activities on purchases, sales, issuance, and settlements of the assets and liabilities measured using significant unobservable inputs (Level 3 fair value measurements). The guidance will become effective for periods beginning after December 15, 2009, except for the disclosure on the roll forward activities for Level 3 fair value measurements, which will become effective for fiscal years beginning after December 15, 2010. The adoption of this new guidance is not expected to have a material impact on the Plan’s financial statements.

NOTE 3 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 4 - TAX STATUS

The IRS has ruled that the Plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan’s qualified status.

NOTE 5 - FAIR VALUE MEASUREMENTS

Authoritative accounting literature establishes a fair value hierarchy that prioritizes the inputs used to measure fair value based on observable and unobservable data. The hierarchy categorizes the inputs into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3).

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The levels of the hierarchy are as follows:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities. An active market for the asset is defined as a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. The Plan's Level 1 measurements consist of mutual funds.
- Level 2 - Inputs other than quoted prices included in Level 1 that are either directly or indirectly observable for the asset as of the reporting date. These inputs are derived principally from, or corroborated by, observable market data. The Plan's Level 2 measurements consist of a common/collective trust.
- Level 3 - Unobservable inputs that are supported by little, if any, market activity and are significant to the fair value of the assets as of the measurement date. The Plan's Level 3 measurements consist of participant loans.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

The following is a description of the valuation methods used for assets measured at fair value:

Interest-bearing cash: The carrying value approximates fair value.

Mutual funds: These investments are public investment securities valued using the Net Asset Value (NAV) provided by State Street. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS – CONTINUED

Common/Collective trust funds: These investments are public investment securities valued using the NAV provided by State Street. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Loans to Participants: Loans to plan participants are valued at their outstanding balances, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Fair Value Measurement at December 31, 2009				
	Using Input Type

Certain Plan investments are shares of funds managed by State Street, the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest and are denoted as such in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year). However, these party-in-interest transactions are exempt pursuant to applicable ERISA regulations.
