Employees' 401(K) Retirement And Savings Plan And Trust (the "Plan") as of December 31, 2011 and 2010, and the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011, and the Supplemental Schedule of Schedule H, line 4i – Schedule of Assets Held For Investment Purposes At End of Year of as December 31, 2011. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by MetLife Retirements Plans and FASCore, LLC., the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting method - Voisard Manufacturing, Inc. Employees' 401(K) Retirement And Savings Plan And Trust ("Plan") prepares its financial statements on the accrual basis of accounting. Under this method of accounting, revenue is recognized when earned, and expenses are recognized when services or benefits are incurred, whether paid or not. The Plan Administrator elected not to record employer and employee's contribution receivables at year end ($3,591 and $3,006 at December 31, 2011 and 2010 respectively) due to immaterial amounts.

Investment valuation and Income recognition – The Plan's Investments are stated at fair value (see Note 3) which is based on the quoted market values on the last business day of the Plan year or investment general accounts. The change in the difference between current value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments.

Participant Loans - Participant loans are measured as receivables at their unpaid principal balance plus any accrued but unpaid interest which approximates estimated fair value. Delinquent participant loans receivable from participants are reclassified as distributions based upon the Plan document.

Accounting estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets, liabilities, the disclosure of contingent assets and liabilities at the balance sheet date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A) General - The Plan is a defined contribution plan covering all full-time employees of Voisard Manufacturing, Inc. ("Company") over the age of 21 who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B) Contributions - Participants may direct that up to 20% of their compensation with a maximum of $16,500 ($22,000 for employees age 50 or older) be contributed on their behalf to the Plan instead of being paid directly to them. The Company may contribute to the Plan in such amount as determined by the Board of Directors. In 2011, the Company contributed $.50 for each dollar contributed by employees up to 2% of their individual total base compensation (totaling $12,360).

C) Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

2. PLAN DESCRIPTION (CONTINUED):

D) Participant loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bears interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participant's account. Repayments of principal and interest are credited to the participant's separate accounts within the funds as elected by the participants. Until such repayments are received, the loan receivable is accounted for in the participant's loan fund.

E) Payment of benefits:

Retirement - A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability - In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death - Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

Termination of Employment - Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account.

F) Vesting - The Plan provides for 100% vesting of the participants' 401K portion amounts at all times. The profit sharing portion has the following vesting schedule:

Years of Service	Percentage
Less that 2	0
2	20
3	40
4	60
5	80
6 or more	100

G) Forfeitures - The Company has the option to use forfeited non-vested unallocated accounts to reduce the employer's discretionary contribution or to reallocate these funds to participants in the same manner as Company contributions immediately following the Plan year in which the forfeitures occur.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end.
Investment account – The investment account with an insurance company are comparable to cash equivalents held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available.

Level 2 Fair Value Measurements- The fair value of the insurance investment contract is evaluated by plan sponsors using inputs that are generally considered obtainable/observable through the review of existing contracts and readily available financial information on the Web sites of issuing financial institutions. The fair value of the mutual funds are based on the prices/units for Variable Annuity investment options that are calculated daily by the annuity provider according to the methods described in the annuity contract.

The following tables present fair value measurement information for certain financial instruments.

	Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)
December 31, 2011		
Mutual funds	$ 888,188	$888,188
Investment contract with insurance company	337,873	337,873
Total	$1,226,061	$1,226,061
December 31, 2010		
Mutual funds	$ 901,653	$901,653
Investment contract with insurance company	326,488	326,488
Total	$1,228,141	$1,228,141

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

	2011	2010
Investments, at fair value:		
Mutual funds	$888,188	$901,653
Insurance Contract	337,873	326,488
Loans to participants	31,918	39,326
Net investment income (loss)	(14,878)	89,675

5. INVESTMENTS

The Plan's investments are held by an investment company's trust department. The following table presents the fair market value of the investments. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

Investments	2011	2010
Maxim American Century Growth Portfolio	$371,765	$ 0 (a)
Key Guaranteed Portfolio Fund	337,873	326,488
PIMCO Total Return Admin	126,399	123,898
Maxim T. Rowe Price Equity Income	120,423	123,189
Oppenheimer Global A	94,133	100,065
Davis NY Venture R	69,819	88,100
Maxim Loomis Sayles Bond Portfolio	62,324	52,749
Oppenheimer Capital Appreciation A	0 (a)	401,169

(a) -Amount is less than 5% of net Plan assets, but is shown for comparative purposes.

During 2011, the Plan's investments (including investments bought, sold, and held during the year) depreciated in fair market value by $14,878.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a benefit-responsive guaranteed investment contract with Great West Life and Annuity Company (Great West). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED):

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great West, represents contributions under the contract, plus, earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $337,873 and $326,488, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's probation on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2011	2010
Average yields:		
Based on actual earnings	2.03%	2.49%
Based on interest rate credited to participants	2.03%	2.49%

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by MetLife Retirements Plans. MetLife Retirements Plans is the trustee of the Plan as defined by the Plan agreement and, therefore, certain investment transactions may qualify as party-in-interest. Other administrative fees are paid by the Plan Sponsor on behalf of the Plan.

8. PLAN TERMINATION

Although the Company is not intending to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants become 100 percent vested in their accounts.

9. FEDERAL INCOME TAXES

The plan obtained its latest determination letter on July 1, 1999, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2012, which is the date the financial statements were available to be issued. No events occurring subsequent to the statement of changes in net assets date requiring additional disclosure were identified.
