To the Participants and
Plan Administrator of the
Bell Microproducts
401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the Bell Microproducts 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BELL MICROPRODUCTS
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General - The following description of the Bell Microproducts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1989 by Bell Microproducts, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2006, the Company acquired Prosys Information Systems (Prosys). Employees of Prosys were allowed to continue participating in the Prosys Information Systems, Inc. 401(k) Plan (the Prosys Plan).

During 2007, the Board of Directors of the Company approved the merger of the Prosys Plan into the Plan. The Prosys Plan was merged on May 5, 2008 and total assets transferred into the Plan were approximately $8,076,000.

Administration - The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data and Prudential Retirement Insurance and Annuity Company (Prudential) to act as the custodian. Substantially all expenses incurred for administering the Plan are paid by the Plan sponsor.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts - Forfeited nonvested accounts will be used to reduce future employer contributions, pay for Plan administrative expenses and any remaining unused funds will be reallocated to eligible participants.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Certain investments in a pooled separate account valued at contract value as reported by Prudential approximate and are reported in the financial statements at fair value.

In 2005, the Plan entered into a fully benefit-responsive investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earning, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Rates are as follows at December 31:

	2009	2008
Average yields:		
Based on actual earnings	2.85%	3.6%
Based on interest rate credited to participants	2.85%	3.6%

Income taxes - The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Risks and uncertainties - The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events - The Plan has evaluated subsequent events through July 22, 2010, which is the date the financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2009.

All pooled separate accounts in level 2 have a daily redemption frequency and daily redemption notice period.

Bond fund:

The Mid Cap Growth/Artisan Partners Fund is advised by Artisan Partners Limited Partnership and invests primarily in the common stocks of medium-sized companies. It seeks to achieve maximum long-term capital growth in excess of the Russell Midcap Growth and Russell Midcap Indexes, while managing portfolio risk.

Growth funds:

The Small Cap Growth/TimesSquare Fund is advised by TimesSquare Capital Management, LLC following their Small Capitalization Growth strategy. It seeks to achieve long-term capital appreciation.

The Janus Adviser Balanced Account is advised by Janus Capital Management LLC., and is managed by the investment manager in a manner substantially similar to the Janus Balanced Fund. It seeks long-term capital growth consistent with preservation of capital and balanced by current income.

The T. Rowe Price Growth Stock Fund is advised by T. Rowe Price Associates, Inc. and is managed by the investment manager in a manner substantially similar to the T. Rowe Price Growth Stock Mutual Fund. It seeks to provide long-term growth of capital and, secondarily, increasing dividend income by investing primarily in common stocks of well-established growth companies. Because of the higher valuations/lower dividend yields of growth stocks, fund prices could decline further in down markets than non growth-focused funds.

Blend fund:

The Dryden S&P 500® Index Fund is constructed to reflect the composition of the S&P 500® Index. It seeks to provide long-term growth of capital and income.

Value funds:

The Mid Cap Value/CRM Fund is advised by Cramer Rosenthal McGlynn, LLC, effective June 2005, following the Mid Cap Value investment strategy. It seeks to outperform, over the long term, the Russell Midcap Value Index and broader market.

The Wells Fargo Small Cap Fund Z seeks capital growth by investing primarily in the undervalued stock of small capitalization companies.

Target date funds:

The Retirement Goal Income Funds are designed for individuals in or near retirement who seek high current income. The funds' active strategic asset allocation strategy allows investors to remain in a single Retirement Goal Income Fund through every life stage, using their own risk tolerance to help select the appropriate Retirement Goal Income Fund. Each Retirement Goal Income Fund's investment objective is to consistently outperform its custom benchmark over full market cycles. The custom benchmark is designed to evolve over time, in keeping with the investment time horizon remaining until expected target retirement date. There is no assurance the objective of the funds will be met.

Other fund:

The Oppenheimer Global CL Fund A is advised by OFI Institutional Asset Management, Inc. and is managed by the investment manager in a manner substantially similar to the Oppenheimer Global Fund. It seeks capital appreciation by investing primarily in common stocks of U.S. and foreign companies.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Prudential, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - PARTICIPATION AND BENEFITS

Participant contributions - Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions - The Company is allowed to make discretionary matching contributions of 25% of the first 6% of participant's deferred contributions up to $2,000. Effective January 1, 2009, the Company suspended the employer discretionary matching contributions. The Company made discretionary matching contributions of approximately $1,056,000 for the year ended December 31, 2008.

To be eligible for the matching contributions, the employee must be employed by the Company on December 31 and have worked 1,000 hours during the Plan year.

Vesting - Participants are immediately vested in their contributions. Participants are fully vested in the employer's discretionary matching contributions allocated to their account after four years of credited service.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution and forfeitures, if any. Allocation of the Company's contribution is based on participant contributions, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installments equal to the value of the participant's vested interest in their account, or in the form of a life annuity. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000.

Loans to participants - The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Committee. Outstanding loans at December 31, 2009 carry interest rates ranging from 4.25% to 9.25%.

NOTE 5 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Prudential has certified the current value of assets held at December 31, 2009 and 2008, and transactions entered into during the respective years, that were used in the preparation of the accompanying financial statements and supplemental schedule. REPORT OF INDEPENDENT AUDITORS

To the Participants and
Plan Administrator of the
Bell Microproducts
401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the Bell Microproducts 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
