NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bay Alarm Company Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan that was established in 1960 by Bay Alarm Company (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended and restated in its entirety effective August 25, 2009 to comply with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative changes. The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Eligibility

All regular employees of the Company age 18 and older are eligible to participate in the Plan on the first day of the month following their date of hire.

C. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation, as defined in the Plan, up to the amount allowable under the Plan document and the Code. Participants of age 50 and older are permitted to make additional catch-up contributions of up to $5,500 for the 2009 Plan year. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Newly eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan 30 days after attaining eligibility at a deferral rate of 3% of compensation. The deferral percentage of each auto-enrolled participant who does not make an alternative election is increased by 1% annually to a maximum deferral of 6% of compensation.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant directions.

D. Company Contributions

The Company is allowed to make discretionary matching contributions, as defined in the Plan, and as approved by the Board of Directors. The Company matched 50% of the first 6% of pay contributed by participants for the 2009 Plan year. The Plan also allows for an annual discretionary profit sharing contribution, which is allocated to participants based on eligible compensation. No discretionary profit sharing contribution was made for the 2009 Plan year.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of Plan earnings or losses and expenses. Plan assets are invested based on instructions received from participants.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Accounts (Continued)

The contributions of participants who decline to make an investment election are invested in a Fidelity Freedom Fund appropriate for the individual's age and projected date of retirement. Each of the Fidelity Freedom Funds offered under the Plan consists of a portfolio of mutual funds chosen to meet an investment strategy appropriate for a participant who will reach retirement age at a specified date in the future.

F. Vesting and Forfeitures

Participants are immediately 100% vested in their contributions and related earnings. Participants are fully vested in Company contributions after 5 years of service. Forfeitures totaled approximately $47,000 in 2009 and were applied to reduce Company contributions in accordance with provisions of the Plan. The balance of unapplied forfeitures was immaterial at December 31, 2009 and 2008.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or receive benefits payable in a lump sum, installments or an annuity. Hardship distributions are permitted under limited circumstances, as defined in the Plan, and approved by the Plan administrator. Benefits are recorded when paid.

H. Participant Loans

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's vested account balance, bears a fixed rate of interest commensurate with available market financing rates at loan inception and must be repaid to the Plan within a five-year period unless a loan is used for the purchase of a principal residence, in which case the maximum repayment period may be extended up to ten years. Participant loans outstanding at December 31, 2009 carried interest rates ranging from 5.0% to 11.5%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could different from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Expenses

Mutual fund operating expenses are incurred directly by the funds and are therefore factored into each fund's share value. Recordkeeping and administrative fees totaling approximately $17,500 were paid by the Plan in 2009. Substantially all other expenses incurred for administering the Plan are paid by the Company.

E. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. Subsequent Events

Management has evaluated subsequent events through July 21, 2010, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

NOTE 3 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of the trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from Federal and state income taxes.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date, which will be treated as the valuation date.

NOTE 7 - FAIR VALUE MEASUREMENTS

The Company adopted new accounting guidance on measuring fair value January 1, 2008. The new accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are based on quoted prices in an active market. Level 2 inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:
