Form 5500
Explanation of Delinquent Filing Due to Technical Issues

To Whom It May Concern,

Our Company has an ERISA plan which necessitates the filing of the Form 5500. Owner/Operator Services, Inc. (OOSI) administers this plan and is our preparer for the Form 5500. OOSI used an approved 3rd party software company, Sunguard Business Systems, to create a web based system to assist us with this filing.

We experienced technical difficulties beyond our control which caused us to miss the deadline for the new mandatory electronic filing requirements. Our preparer uses approved third party software to generate email notifications and file in a timely manner. We rely on our preparer to notify us when filing is due but we did not receive the email notification to file. Our preparer also follows up with us to ensure we file on time but we did not receive any of the 4 reminder emails sent to us prior to the deadline.

Unknowingly, our email provider was blocking all communication from Sunguard web client generated emails. Our preparer discovered this problem after the deadline and took action to assist us in filing by using an alternate email address. This solved the technical problem and allowed us to complete the filing.

Attached is a Filing Status Report from the Sunguard Web Client software outlining dates of filing status in addition to each communication sent to us through Web Client prior to the deadline: 6/22/10, 7/20/10, 7/26/10, 7/28/10 and 7/30/10.

We always do everything in our power to meet all government filings and taxes. However, neither our preparer nor we could have foreseen this problem with this process which has proved difficult to implement and successfully complete. Therefore, we respectfully ask that you accept our filing without penalty.
