To the Trustees
Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust
East Amherst, New York

We have audited the accompanying statements of net assets available for plan benefits - modified cash basis of the Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2011and December 31, 2010 and the related statement of changes in net assets available for plan benefits - modified cash basis for the year ended December 31, 2011. The financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedule were prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011and December 31, 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule of assets (held at end of year) – modified cash basis is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounts and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following brief description of Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust is provided for general information purposes only. Participants' should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan which became effective July 1, 1992. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is Mighty Taco, Inc. Participants are employees of the Plan Sponsor who have attained age 21 and have completed one year of service and maintains at least 500 hours of service in each subsequent year.

Contributions

Participants may elect to make salary-reducing contributions to the Plan up to a maximum of 12 percent of compensation, subject to IRS limits. The employer makes a matching contribution of 33 percent of the employee contribution up to a maximum of 6 percent of compensation. The employer may also make a discretionary profit sharing contribution for all employees who complete more than 500 hours of service during the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The participants directs where their funds are to be invested.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum of $50,000. The loans are secured by the balance in the participant's account and bear interest of prime plus one percent (at December 31, 2011 the prime rate was 3.25 percent). Participant borrowing cannot exceed one-half of the participant's vested account balance. A participant may only have one loan outstanding at any time. Principal and interest are collected ratably through payroll deductions.

Benefit Payment

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account and normally takes the form of a lump sum distribution. A participant may elect other installment options as provided for in the Plan with the approval of the Plan Sponsor.

Benefits are provided for normal retirement at attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon permanent disability, attainment of age 59½, separation from service or death.

1. Description of the Plan (Continued)

Forfeitures

At December 31, 2011 and December 31, 2010, forfeited non-vested accounts totaled $14,045 and $15,643, respectively. The accounts will be used to reduce administrative expenses or future Plan Sponsor contributions. In 2011, administrative expenses and Plan Sponsor contributions were reduced by $9,528 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting except for corrective contributions, which are shown on the cash basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Some administrative expenses are paid by the Plan and some by the Plan Sponsor.

Subsequent Events

The Plan has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

Reclassifications

Certain reclassifications have been made to the December 31, 2010 comparative totals to conform to the December 31, 2011 presentation.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and December 31, 2010.

Interest Bearing Cash
Valued at cost plus accrued interest.

Mutual Funds
Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about our investments measured at fair value on a recurring basis as of December 31, 2011 and December 31, 2010, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value.

	$ 918,440	$ -	$ -

There were no transfers of investments between Level 1 and Level 2 during the year ended December 31, 2011.

4. Party-in-Interest Transactions

Certain Plan activities are managed by Paychex Retirement Services and Mid Atlantic Trust Company. As defined by the Plan, Mighty Taco, Inc. administers the Plan, Paychex Retirement Services is the Plan record keeper, Mid Atlantic Trust Company is the trustee and the custodian of all assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the various parties by the Plan for administrative services amounted to $15,639 for the year ended December 31, 2011.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to terminate or revoke the Plan at any time, subject to provisions of ERISA. In the event of termination or partial termination, all participants affected shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

6. Tax Status

The Plan uses a prototype plan document sponsored by Paychex, Inc. Paychex, Inc. received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's Financial Statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2008.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Corrective Distributions and Contributions

For the year ended December 31, 2011, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2012. Based on the results of this test, it was determined that the Plan had excess contributions of $30,391. These excess contributions were refunded to Plan participants in and will be reported in 2012.

For the year ended December 31, 2010, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2011. Based on the results of this test, it was determined that the Plan had excess contributions of $32,492. These excess contributions were refunded to Plan participants and were reported in 2011.

9. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements:

	December 31, 2011	December 31, 2010
Net assets available for benefits per the Form 5500	$ 1,005,885	$ 955,140

Independent Auditors' Report

To the Trustees
Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust
East Amherst, New York

We have audited the accompanying statements of net assets available for plan benefits - modified cash basis of the Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2011and December 31, 2010 and the related statement of changes in net assets available for plan benefits - modified cash basis for the year ended December 31, 2011. The financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedule were prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011and December 31, 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule of assets (held at end of year) – modified cash basis is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounts and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following brief description of Mighty Taco, Inc 401(k) Profit Sharing Plan & Trust is provided for general information purposes only. Participants' should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan which became effective July 1, 1992. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is Mighty Taco, Inc. Participants are employees of the Plan Sponsor who have attained age 21 and have completed one year of service and maintains at least 500 hours of service in each subsequent year.

Contributions

Participants may elect to make salary-reducing contributions to the Plan up to a maximum of 12 percent of compensation, subject to IRS limits. The employer makes a matching contribution of 33 percent of the employee contribution up to a maximum of 6 percent of compensation. The employer may also make a discretionary profit sharing contribution for all employees who complete more than 500 hours of service during the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The participants directs where their funds are to be invested.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum of $50,000. The loans are secured by the balance in the participant's account and bear interest of prime plus one percent (at December 31, 2011 the prime rate was 3.25 percent). Participant borrowing cannot exceed one-half of the participant's vested account balance. A participant may only have one loan outstanding at any time. Principal and interest are collected ratably through payroll deductions.

Benefit Payment

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account and normally takes the form of a lump sum distribution. A participant may elect other installment options as provided for in the Plan with the approval of the Plan Sponsor.

Benefits are provided for normal retirement at attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon permanent disability, attainment of age 59½, separation from service or death.

1. Description of the Plan (Continued)

Forfeitures

At December 31, 2011 and December 31, 2010, forfeited non-vested accounts totaled $14,045 and $15,643, respectively. The accounts will be used to reduce administrative expenses or future Plan Sponsor contributions. In 2011, administrative expenses and Plan Sponsor contributions were reduced by $9,528 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting except for corrective contributions, which are shown on the cash basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Some administrative expenses are paid by the Plan and some by the Plan Sponsor.

Subsequent Events

The Plan has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

Reclassifications

Certain reclassifications have been made to the December 31, 2010 comparative totals to conform to the December 31, 2011 presentation.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and December 31, 2010.

Interest Bearing Cash
Valued at cost plus accrued interest.

Mutual Funds
Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about our investments measured at fair value on a recurring basis as of December 31, 2011 and December 31, 2010, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value.

	December 31, 2011

There were no transfers of investments between Level 1 and Level 2 during the year ended December 31, 2011.

4. Party-in-Interest Transactions

Certain Plan activities are managed by Paychex Retirement Services and Mid Atlantic Trust Company. As defined by the Plan, Mighty Taco, Inc. administers the Plan, Paychex Retirement Services is the Plan record keeper, Mid Atlantic Trust Company is the trustee and the custodian of all assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the various parties by the Plan for administrative services amounted to $15,639 for the year ended December 31, 2011.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to terminate or revoke the Plan at any time, subject to provisions of ERISA. In the event of termination or partial termination, all participants affected shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

6. Tax Status

The Plan uses a prototype plan document sponsored by Paychex, Inc. Paychex, Inc. received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's Financial Statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2008.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Corrective Distributions and Contributions

For the year ended December 31, 2011, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2012. Based on the results of this test, it was determined that the Plan had excess contributions of $30,391. These excess contributions were refunded to Plan participants in and will be reported in 2012.

For the year ended December 31, 2010, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2011. Based on the results of this test, it was determined that the Plan had excess contributions of $32,492. These excess contributions were refunded to Plan participants and were reported in 2011.

9. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements:

	December 31, 2011	December 31, 2010
Net assets available for benefits per the Form 5500	$ 1,005,885	$ 955,140
