K MOTORS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

A. Description of Plan

The following description of the K Motors, Inc. 401(k) Plan (the Plan) provides only general information. The Plan was amended effective January 1, 2010 and the following descriptions reflect the provisions of the amendment. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the company who have at least three months of service and are at least 21 years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A Roth 401(k) provision has been adopted previously.

Contributions

Each year, participants may contribute a specified dollar amount or percentage of their pretax annual compensation, not to exceed the limits of Internal Revenue Code Sections 401(k), 404 and 415, which for both years ended December 31, 2011 and 2010 was $16,500. For the calendar years 2011 and 2010, participants who reached age 50 by the end of the year were able to make a maximum "catch-up" contribution of $5,500. Participants may also contribute amounts representing distributions from other qualified plans.

The company may provide a discretionary matching contribution determined on an annual basis. For the plan year ended December 31, 2011, the company provides a matching contribution equal to 10 percent of the first 5 percent of the salary deferral, up to $3,100. The discretionary matching contribution for the year ended December 31, 2011 was $16,621.

The company may make a year end discretionary profit sharing contribution, which will be allocated based on the percentage of each participant's compensation in relation to the Plan as a whole. There was no profit sharing contribution for the year ended December 31, 2011.

All contributions under the Plan are to be invested in shares of investment companies for which John Hancock Life Insurance Company (U.S.A.) acts as transfer agent and which are selected by the employer as investment options under the Plan. The Plan allows participants to self direct their account balances among certain investments. At December 31, 2011, all funds in the Plan were self directed by the participants.

A. Description of Plan (Continued)

Administrative Expenses

To the extent the company does not choose to pay for them, all routine plan administrative expenses for such services as account record keeping, required audits, governmental filings, and selection of investment contracts performed by third-party service providers, shall be charged to the plan. These charges will be allocated to each participant's account balance in a flat dollar and/or a percentage of the participant's account balance. For the plan year ended December 31, 2011, the fees were $20,716.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the company's contribution and Plan investment earnings or losses of the trust fund. Participants will only realize the gain or loss of their individual investment selections. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in their 401(k) contributions plus actual earnings thereon. Vesting in the company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants.

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the participant's vested account balance equal to the amount of the loan. Each loan bears an interest rate set by the Plan Administrator in accordance with regulations issued by the Department of Labor. The current loan interest rates range from 4.25 percent to 6.00 percent. Principal and interest are paid ratably through payroll deductions on a level amortization basis. A loan that is not repaid in accordance with the provisions of the loan agreement will be treated as a default, whereby the amount of the loan will be treated as a plan distribution.

A. Description of Plan (Concluded)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive benefits equal to the value of the participant's account balance. On termination of service due to other reasons, a participant will receive benefits equal to the value of the vested interest in his or her account balance. The benefit payment will be made in a single lump sum payment.

Forfeited Accounts

These accounts are applied to reducing the employer's contribution for the year. For the plan year ended December 31, 2011, forfeited non-vested accounts totaled $794.

B. Summary of Accounting Policies

Date of Management's Review

For the year ended December 31, 2011, the Plan has evaluated subsequent events for potential recognition and disclosure through October 3, 2012, the date on which the financial statements were available to be issued. It has been determined that no subsequent events or transactions need to be recognized or disclosed in these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments, except notes receivable from participants, are presented at fair value. Fair value of the funds is determined based on the underlying investments of the related funds as reported by John Hancock Life Insurance Company (U.S.A.), based on quoted market prices. Such investments are credited with earnings of the underlying investments and charged for Plan withdrawals and administrative expenses incurred.

Notes receivable from participants are valued at the outstanding balance which approximates fair value.

Purchases and sales of these investments are reflected on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. Summary of Accounting Policies (Concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments

The following presents investments at December 31, 2011 and 2010 that represent 5 percent or more of the Plan's net assets.

	2011		2010	
	Shares	Total	Shares	Total
John Hancock Funds:				
Lifestyle Moderate	1,855.171351	$ 338,206	1,894.434860	$341,881
Lifestyle Balanced	4,005.689140	$ 898,532	4,239.771632	$972,418
Lifestyle Growth	2,635.661553	$ 809,484	2,543.512199	$821,755
Lifestyle Aggressive	1,231.237260	$ 381,000	1,932.354685	$641,295
Oppenheimer Developing Market	3,446.761760	$ 192,385	3,248.916058	$221,302

During the plan year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $144,202 as follows:

Mutual funds	$ (152,157)
Interest	7,955
	$ (144,202)

D. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of their future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lower priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on net asset values of the shares held by the Plan at year end.

D. Fair Value Measurements (Concluded)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010.

E. Information Prepared and Certified by Custodian (Unaudited)

At December 31, 2011 and 2010, the Plan's investments were held by the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2011 and 2010, as reported by the Custodian is summarized as follows:

	2011	2010
Investments, at fair value:		
Cash	$ 794	$ 28
Shares of registered investment companies	$ 3,524,076	$ 3,849,505
Investment income:		
Net depreciation in fair value of investments	$ (152,157)	

F. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock). John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable.

Interest rates are established on the first of every calendar month and apply to the regular ongoing contributions made in that month (the "new money" regular rate).

	2011	2010
Average new money rate	0.29%	0.44%

G. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

H. Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2009.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to $13,859 for the year ended December 31, 2011.

K. Reconciliation of Form 5500 to Financial Statement

The following is a reconciliation of assets on Form 5500 to the financial statements:

	2011	2010
Total assets as reported on Form 5500	$ 3,627,409	$3,987,541

Less: directive	-	(11,770)
Adjustment to contract value	(72)	(2)
Total assets per financial statements	$ 3,637,179	$3,987,100

The following is a reconciliation of net income (loss) on Form 5500 to the financial statements:

	2011
Total net income (loss) as reported on Form 5500	$ (360,132)
Net employer receivable	(317)
Net employee receivable	(1,172)
Net directive	11,770
Net adjustment to contract value	(70)
Total net income (loss) per financial statements	$ (349,921)

L. Late Participant Contributions

Late remittance of participant contributions, including loan payments, totaled $53,905 for the year ended December 31, 2011. Lost earnings were calculated to be $35 and were remitted to the affected participants. All associated required forms have been filed and related excise taxes have been paid.
