Note 1 - Description of plan

The following description of the Redwitz Business Solutions Employees' 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all eligible employees of Robert R. Redwitz & Co., An Accounting & Consulting Corp.; The GDR Group, Inc.; RRR & GLH, Inc. dba The Diamond Group; Redwitz Wealth Management Group, Inc. and Learning Communications, LLC, ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee becomes eligible for participation in the Plan upon attainment of age twenty-one (21) and completion of six months of service.

Contributions

Eligible employees (participants) may contribute a portion of their annual compensation to the Plan, limited to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate their contributions be made to any of the Plan's investment fund options. During 2010 the Plan adopted the Roth provisions of the Internal Revenue Code allowing participants to make after-tax contributions to the Plan.

The Company may make discretionary matching and/or non-elective contributions. The Company did not make a matching contribution or a non-elective contribution for the year ended December 31, 2011. All contributions are subject to certain limitations.

Rollover contributions

The Plan provides for rollover contributions, which represent contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note 1 - Description of plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of commercial U.S. bank and are determined at the time the note is made, currently ranging from 3.25% to 6.0%. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed 5 years, unless the note qualifies as a residential mortgage in which case a note term may qualify for a period up to 20 years. Principal and interest are paid ratably through payroll deductions.

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Plan management has evaluated the collectability of notes receivable from participants and because they are secured by the participant's account, an allowance has not been recorded.

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability, or hardship. Distributions are paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Amounts due to inactive/terminated participants of the Plan amounted to $218,987 and $79,545 at December 31, 2011 and 2010, respectively.

Forfeitures

Forfeitures of matching Company contributions and other non-elective contributions are used to reduce Company contributions. Forfeitures available as of December 31, 2011 to reduce future Company contributions were $1,166. During 2011 $943 in forfeitures were used to reduce Company contributions.

Hardship withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

Plan fees and commissions

The Company pays a portion of the expenses incurred in the administration and operation of the Plan.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Note 2 - Summary of accounting policies (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value (Note 5). Quoted market prices are used to value investments.

Shares of pooled accounts are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Subsequent events

Management evaluates events occurring subsequent to December 31, 2011 in determining the accounting for and disclosure of transactions and events that affect the financial statements. The Plan has no subsequent events that required recognition or disclosure in the financial statements for the year ended December 31, 2011. Subsequent events were evaluated through October 11, 2012 which is the date the financial statements were available to be issued.

Note 3 - Information prepared and certified by custodian

The following is a summary of the information included in the accompanying financial statements and supplemental schedule, which was prepared by or derived from information prepared and furnished to the Plan Administrator by the custodian, John Hancock Life Insurance Company (U.S.A.) for the years ended December 31, 2011 and 2010. The Plan administrator has obtained certification from the custodian that such information is complete and accurate.

	2011	2010
Pooled Separate Accounts		
Lifestyle Balance Fund	$ 396,668	$ 359,272
Lifestyle Growth Fund	554,317	456,867

Short-Term Federal	371,822	**

** - Investment did not represent 5% or more of the Plan's assets.

Net depreciation in fair value

For the year ended December 31, 2011, the Plan's investments in pooled separate accounts (including investments bought, sold and held during the year) depreciated by $65,674.

Note 5 – Fair value measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that priorities inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad

Note 5** – **Fair value measurements (continued)

levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 fair value measurements

The fair value of pooled separate accounts is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Similar Assets (Level 2)
December 31, 2011		
Pooled separate accounts		
Conservative funds	$ 39,908	$ 39,908
Balanced funds	396,668	396,668
Growth funds	1,265,259	1,265,259
Income funds	647,658	647,658
Other funds	197,186	197,186
Total	$ 2,546,679	$ 2,546,679
December 31, 2010

Conservative funds	$ 58,822	$ 58,822
Balanced funds	359,272	359,272
Growth funds	1,159,044	1,159,044
Income funds	595,834	595,834
Other funds	131,551	131,551
Total	$ 2,304,523	$ 2,304,523

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011 are reported in net depreciation in fair value of investments.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contribution accounts.

Note 7 - Tax status

The Plan adopted The Pension Group Inc. Prototype Non-Standardized Cash or Deferred Profit Sharing Plan ("the Prototype Plan"). The Prototype Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan's Annual Return/Report of Employee Benefit Plan for the past three years are subject to examination by tax authorities and may change upon examination. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Prohibited transactions

Participant contributions and loan repayments of $14,055 were withheld from participants' pay on June 11, 2010, but were not remitted to the Plan's trust within 10 days of the pay date. This constituted loans of $14,055 from the Plan to the Plan sponsor. The lost earnings on participant contributions will be based on the Internal Revenue Code Underpayment Rate during the period and will be remitted to the Plan's trust in 2012.

Note 10 – Related party transactions

Redwitz Wealth Management Group, Inc. is an advisor to Redwitz Business Solutions Employees' 401(k) Plan and receives a fee for these services from John Hancock. Fees received during the year ended December 31, 2011 were $1,307.
