Independent Auditors' Report

To the Plan Administrator of
Physicians' Primary Care of Southwest Florida, P.L. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Physicians' Primary Care of Southwest Florida, P.L. 401(k) Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment purposes as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Independent Auditors' Report

To the Plan Administrator of
Physicians' Primary Care of Southwest Florida, P.L. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Physicians' Primary Care of Southwest Florida, P.L. 401(k) Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment purposes as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

Physicians' Primary Care of Southwest Florida, P.L. ("Physicians' Primary Care"/the "Sponsor") maintains the Physicians' Primary Care of Southwest Florida, P.L. 401(k) Plan (the "Plan") for the benefit of its employees. The Plan adopted a Henderson Franklin Starnes & Holt, P.A. Defined Contribution Prototype Plan and has named John Hancock Life Insurance Company as trustee. The Plan was established by the Sponsor on March 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants and other financial statement users should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. Plan Year End

The Plan's year end is December 31.

2. Eligibility and Participation

Employees with at least one (1) year of service with Physician's Primary Care and have reached the age of 21 years are eligible to participate in the Plan.

3. Participant Accounts - Investment Elections

Participants are responsible for self-directing their Plan account balances into various investment funds. Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's matching contribution and discretionary contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses (if any). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Salary Deferral Contributions

Participants may elect to defer a percentage of their compensation. The deferral may not exceed the dollar limit set by law. A participant may change the percentage of his or her salary deferral on a quarterly basis.

5. Participant Roth Contributions

Effective July 1, 2010, participants may elect to contribute a portion of their compensation to a Roth account. Roth contributions are after tax and held in a separate account from regular salary deferrals and employer matching contributions. The contribution may not exceed the

NOTE A - DESCRIPTION OF PLAN - CONTINUED

5. Participant Roth Contributions - Continued

dollar limit set by law. A participant may change the percentage of his or her Roth contribution on a quarterly basis.

6. Matching of Salary Deferral Contributions

Physicians' Primary Care, in its sole discretion, may make a qualified matching contribution during each Plan year. Physicians' Primary Care committed to a safe harbor match of 100% of participants' deferred salary contributions, up to a maximum of 4% of the participants' compensation, for the years ended December 31, 2011 and 2010.

7. Sponsor Discretionary Contribution

Physicians' Primary Care, in its sole discretion, may make a discretionary contribution to the Plan. During the years ended December 31, 2011 and 2010, Physicians' Primary Care did not make any such contributions.

8. Vesting of Plan Benefits

Participants' vest immediately in their elective deferral contributions plus actual earnings thereon, rollovers, and safe harbor matching contributions. Participants vest pro-rata in matching contributions, other than safe harbor, after six years of credited service, with a year of service being 1,000 hours of service during a Plan year.

9. Forfeited Amounts

Forfeited amounts from a terminated participant do not become available to the Plan Sponsor until the terminated participant requests a distribution of his or her account. These amounts are used to reduce employer contributions. During the years ended December 31, 2011 and 2010, there were no forfeited amounts.

10. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates

NOTE A - DESCRIPTION OF PLAN - CONTINUED

set by the Plan Administrator. The interest rates ranged from 4.25% to 7% for 2011, and 4.25% to 7.25% for 2010. Principal and interest is paid ratably through monthly payroll deductions.

11. Payment of Benefits

Upon break in service due to termination, death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Normal retirement under the Plan is age 65.

12. Plan Amendment or Termination

The Plan may be amended or terminated at any time at the discretion of the Sponsor subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their respective account balances. Effective January 1, 2010, the Plan was amended and restated, in part, to comply with the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). As part of the amendment and restatement, the Plan included the availability of a Roth deferral feature effective July 1, 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

1. Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Accounting Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Cash and Cash Equivalents

The Plan considers all highly liquid instruments with original maturities of three months or less to be cash equivalents for financial statement purposes.

5. Payment of Benefits

Benefits are recorded when paid.

6. Income Taxes and ERISA Requirements

The Plan adopted a Henderson Franklin Starnes & Holt, P.A. Defined Contribution Prototype Plan and Trust. Management believes the form of the plan qualifies under Section 401 of the Internal Revenue Code (IRC), which exempts the Trust from taxation under Section 501(a) of the IRC.

Management of the Plan has placed reliance on a favorable Internal Revenue Service ("IRS") determination letter received by Henderson Franklin Starnes & Holt, P.A. for the prototype plan with respect to the form of the plan. The Plan has been amended since receiving the prototype plan determination letter. However, management and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. Expenses of the Plan

Certain administrative expenses are paid directly by the Sponsor.

8. Subsequent Events

The Plan trustee has evaluated events and transactions for potential recognition or disclosure through October 4, 2012, which is the date the financial statements were available to be issued.

NOTE E - DELINQUENT PARTICIPANT CONTRIBUTIONS

Department of Labor regulations require the Sponsor to segregate participant contributions from its general assets as soon as practicable, but no later than the fifteenth business day of the month following the month of withholding from the participant's wages. During the year ended December 31, 2010, the Sponsor failed to timely remit certain participant contributions.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Topic ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTE F - FAIR VALUE MEASUREMENTS - CONTINUED

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Interest Accounts: Valued at cost, plus/minus a market value adjustment as defined in the Group Annuity Contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,

2011

Description	Level 1	Level 2	Level 3	Total

	$ 10,001,611	$ -	$ -	$ 10,001,611

NOTE G - INVESTMENT IN GUARANTEED INTEREST ACCOUNTS

The Plan has guaranteed interest accounts with John Hancock. John Hancock maintains the contributions in a general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3 year, 5 year, or 10 year term, provided all contributions remain in the account until the end of the guarantee period.

Interest rates are established on the first day of each calendar month (the "new money" rate) and apply to any regular ongoing contributions made to the guaranteed account in that month.

At the end of each reporting year, a "composite rate" of interest is determined for each participant account, depending on the amount of the contribution and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year of that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guaranteed term. The average yield and crediting interest rates were approximately .29% and .44% for 2011 and 2010, respectively.

At the end of the guarantee period (i.e. at maturity), contributions and interest earned from a guaranteed account may be invested into any of the investment options available under the group annuity contract. However, if written instructions are not received at least 30 days before the maturity date, specifying the participant's choice of investment option(s) for the maturing amount, it will be automatically reinvested in a guaranteed account of the same term at the current new money rate.

NOTE H - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock. John Hancock is the trustee as defined by the Plan and, therefore, these transactions qualify as parties-in-interest transactions. Fees paid by the Plan to John Hancock amounted to $23,043 and $19,117 during the years ended December 31, 2011 and 2010, respectively.

NOTE I - UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
