CULINAIRE INTERNATIONAL, INC. 401 (k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Culinaire International, Inc. 401 (k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, the Plan has considered events through July XX, 2010, the date these financial statements were available to be issued.

General - The Plan is a defined contribution profit sharing plan adopted as of January 1, 1996, by Culinaire International, Inc. (the "Company"). All employees of the Company who have one year of service and are 21 years of age or older are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is defined by Section 401 (k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31.

Contributions - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions which equal 20 percent of each participant's first five percent of compensation contributed as elective deferrals. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees - The Company absorbs certain administrative fees of the Plan.

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Loans to Participants - Participant loans are not permitted under the Plan.

1. Description of Plan (continued)

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in 73 investment options.

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Year of Service	Vested Percentage
1	0%
2	20
3	40
4	60
5	80
6	100

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. The forfeiture balance as of December 31, 2009 and 2008 was $ 15,956 and $19,275, respectively. For the year ended December 31, 2009, the Company used $ 19,275 in forfeitures to reduce Company contributions.

2. Summary of the Accounting Policies

Basis of Presentation - The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation - The Plan's investments are stated at fair value and are based on closing market prices as certified by John Hancock.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

December 31, 2009	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Unobservable Inputs (Level 3)
Mutual funds, at fair value	$ 4,211,847	$ 4,211,847	$ -
Investment contract with insurance company, at fair value	125,966	-	125,966
	$ 4,337,813	$ 4,211,847	$ 125,966

December 31, 2008	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Unobservable Inputs (Level 3)
Mutual funds, at fair value	$3,353,772	$3,353,772	$ -
Investment contract with insurance company, at fair value	98,985	-	98,985
	$3,452,757	$3,353,772	$98,985

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

3. Fair Value Measurements (continued)

Level 3 Fair Value Measurements - The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, and the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further detail of the Level 3 fair value measurements.

Changes in Level 3 assets measured at fair value for the year ended:

December 31, 2009	Investment Contract
Beginning balance	$98,985
Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	4,022
Purchases, sales, issuances, and settlements, net	22,959
Ending balance	$125,966

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009, are reported in net appreciation in fair value of investments.

4. Investments

Investments that represent more than 5% of the Plan's net assets as of December 31 are:

Fund	2009	2008
John Hancock Lifestyle Growth	$931,534	$813,847
John Hancock Lifestyle Balanced	592,105	428,850
John Hancock Lifestyle Conservative	281,873	338,792
John Hancock Stable Value	218,944	578,653
John Hancock Total Return	255,965	*
John Hancock Lifestyle Moderate	287,107	198,435

* Fund is not greater than 5% of the net assets for the applicable year noted above.

5. Information Prepared and Certified by Plan Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2009	2008
Investments, at fair value	$ 4,337,813	$ 3,452,757
Net increase in value	887,126	N/A

6. Investment Contract with Insurance Company

The Plan enters into investment contracts with John Hancock Life Insurance Company ("John Hancock"). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.4% for 2009 and 3.5% for 2008. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Income Taxes

The prototype plan received an opinion letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has amended the Plan since the date of the opinion letter; however, the Company believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

10. Excess Contributions

Participants made excess contributions during 2009 of $20,682 which, along with the earnings on the excess contribution of $5,774, was repaid to the participants in 2010. During 2008, excess contributions totaled $22,103 and were repaid to the participants in 2009.

CULINAIRE INTERNATIONAL, INC. 401 (k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Culinaire International, Inc. 401 (k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, the Plan has considered events through July XX, 2010, the date these financial statements were available to be issued.

General - The Plan is a defined contribution profit sharing plan adopted as of January 1, 1996, by Culinaire International, Inc. (the "Company"). All employees of the Company who have one year of service and are 21 years of age or older are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is defined by Section 401 (k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31.

Contributions - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions which equal 20 percent of each participant's first five percent of compensation contributed as elective deferrals. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees - The Company absorbs certain administrative fees of the Plan.

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Loans to Participants - Participant loans are not permitted under the Plan.

1. Description of Plan (continued)

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in 73 investment options.

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Year of Service	Vested Percentage
1	0%
2	20
3	40
4	60
5	80
6	100

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. The forfeiture balance as of December 31, 2009 and 2008 was $ 15,956 and $19,275, respectively. For the year ended December 31, 2009, the Company used $ 19,275 in forfeitures to reduce Company contributions.

2. Summary of the Accounting Policies

Basis of Presentation - The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation - The Plan's investments are stated at fair value and are based on closing market prices as certified by John Hancock.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

December 31, 2009	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Unobservable Inputs (Level 3)
Mutual funds, at fair value	$ 4,211,847	$ 4,211,847	$ -
Investment contract with insurance company, at fair value	125,966	-	125,966
	$ 4,337,813	$ 4,211,847	$ 125,966

December 31, 2008	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Unobservable Inputs (Level 3)
Mutual funds, at fair value	$3,353,772	$3,353,772	$ -
Investment contract with insurance company, at fair value	98,985	-	98,985
	$3,452,757	$3,353,772	$98,985

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

3. Fair Value Measurements (continued)

Level 3 Fair Value Measurements - The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, and the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further detail of the Level 3 fair value measurements.

Changes in Level 3 assets measured at fair value for the year ended:

December 31, 2009	Investment Contract
Beginning balance	$98,985
Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	4,022
Purchases, sales, issuances, and settlements, net	22,959
Ending balance	$125,966

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009, are reported in net appreciation in fair value of investments.

4. Investments

Investments that represent more than 5% of the Plan's net assets as of December 31 are:

Fund	2009	2008
John Hancock Lifestyle Growth	$931,534	$813,847
John Hancock Lifestyle Balanced	592,105	428,850
John Hancock Lifestyle Conservative	281,873	338,792
John Hancock Stable Value	218,944	578,653
John Hancock Total Return	255,965	*
John Hancock Lifestyle Moderate	287,107	198,435

* Fund is not greater than 5% of the net assets for the applicable year noted above.

5. Information Prepared and Certified by Plan Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2009	2008
Investments, at fair value	$ 4,337,813	$ 3,452,757
Net increase in value	887,126	N/A

6. Investment Contract with Insurance Company

The Plan enters into investment contracts with John Hancock Life Insurance Company ("John Hancock"). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.4% for 2009 and 3.5% for 2008. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Income Taxes

The prototype plan received an opinion letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has amended the Plan since the date of the opinion letter; however, the Company believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

10. Excess Contributions

Participants made excess contributions during 2009 of $20,682 which, along with the earnings on the excess contribution of $5,774, was repaid to the participants in 2010. During 2008, excess contributions totaled $22,103 and were repaid to the participants in 2009.
