PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN:

The following brief description of the Professional Turf Products, LP 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Professional Turf Products, LP and C & J Consulting, Inc (combined the "Company"). C & J Consulting, Inc. is a related employer that is included as a participating employer in the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code. The Plan became effective April 1, 2003, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible for participation in the Plan on the first day of the month after hire date.

Contributions

Each year, participants may make salary contributions in any percentage from 1% or 15% of eligible compensation, as defined in the Plan agreement, and subject to certain maximum limitations established by the Internal Revenue Service (IRS) ($16,500 for 2010). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRS ($5,500 for 2010).

Each Plan year, the Company makes non-discretionary matching contributions. For the years ended December 31, 2010 and 2009, the Company matched 50% of each participant's deferral up to a maximum of 4% of the participant's compensation. In addition, the Company may choose to make annual discretionary profit sharing contributions in an amount to be determined at Plan year end by the Board of Directors. For the years ended December 31, 2010 and 2009, the Company made non-discretionary matching contributions of $75,810 and $56,973, respectively. There were no discretionary contributions made during the years ended December 31, 2010 and 2009. Participants may rollover amounts representing distributions from other qualified defined benefit or contribution plans. Rollovers contributed by participants during the year ended December 31, 2010 totaled $183,906. There were no rollovers for the year ended December 31, 2009.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, annual installment payments over a fixed number of years or may purchase a qualified annuity. If a participant's vested balance is $1,000 or less, the participant will receive a single lump sum distribution of their entire vested account balance.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED):

Participant Accounts

Each participant's account is credited with the participant's contribution, the company's non-discretionary matching contribution, and when applicable, the Company's discretionary matching contribution and discretionary profit sharing contributions. Allocations of investment income (loss) are based on participant account balances, as defined.

Participants' Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan sponsor. Participants may change their investment options any time throughout the year via internet or direct phone access to Fidelity Management Trust Company ("Fidelity"), the trustee.

Forfeitures

Forfeitures represent the portion of nonvested employer contributions remaining in the Plan for terminated employees. The forfeiture allocation is applied to the employer matching contribution and to cover the costs of administration of the Plan. Amounts forfeited totaled $5,730 and $1,997 for the year ending December 31, 2010 and 2009, respectively. Plan assets included unallocated forfeitures of $9,735 and $10,478 as of December 31, 2010 and 2009, respectively. Forfeitures applied toward administrative fees totaled $6,475 and $7,038 for the years ending December 31, 2010 and 2009, respectively. No forfeitures were applied toward the employer's contributions for 2010 and 2009.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED):

Loans to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates comparable to rates offered by commercial lending institutions. Loan terms range over a period not exceeding five years, except for loans to purchase a principal residence, which can exceed five years. Principal and interest are paid ratably through monthly payroll deductions. A participant may be granted one loan during any one year period and only one loan may be outstanding at a time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Investment Valuation & Income Recognition

Shares of registered investment companies are reported at fair value based on the quoted market price of the assets which represents the net asset value of shares held by the Plan at year end. Participant loans are valued at cost, which approximates fair value.

The Fair Value Measurements and Disclosures Topic of the Accounting Standards Codification ("ASC") defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements.

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

Under the Fair Value Measurements Topic of the FASB Accounting Standards Codification, the Plan bases its fair value on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is the Plan's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - PARTICIPANT LOANS AND HARDSHIP WITHDRAWALS:

The plan permits loans to participants. Hardship withdrawals are allowed to the full extent allowable under law. Loans to participants are secured by account balances with interest payable at a rate of 5.75%. The total loan balances as of December 31, 2010 and 2009 are $82,973 and $47,275, respectively.

NOTE 4 - ADMINISTRATIVE EXPENSES:

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. The Company has elected to pay substantially all costs incurred with the investment transactions and benefits and professional and administrative fees of the Plan. These expenses were $10,041 and $9,732 for the years ended December 31, 2010 and 2009, respectively. Plan participants pay the administrative fee associated with receiving and maintaining a loan.

NOTE 5 - TAX STATUS:

The Plan was adopted effective October 9, 2003. The Plan was most recently restated on September 1, 2005 on a standardized prototype document, which has received a prototype determination letter. The Internal Revenue Service has indicated an employer that adopts this plan type may rely on this letter with respect to the qualifications of its plan under code section 401(a). Therefore, the Plan Sponsor believes the Plan is in compliance with all applicable requirements of the Internal Revenue Code.

NOTE 6 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balance.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTES 7 - RISKS AND UNCERTAINTIES:

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 - PLAN TERMINATIONS:

Some participants have elected to withdraw from the plan but have not been paid their balances. The amounts allocated to these previous participants totaled $60,647 and $319,731 as of December 31, 2010 and 2009, respectively.

NOTE 9 - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedules was obtained from the data that has been prepared and certified to as complete and accurate by the Trustee:

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN:

The following brief description of the Professional Turf Products, LP 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Professional Turf Products, LP and C & J Consulting, Inc (combined the "Company"). C & J Consulting, Inc. is a related employer that is included as a participating employer in the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code. The Plan became effective April 1, 2003, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible for participation in the Plan on the first day of the month after hire date.

Contributions

Each year, participants may make salary contributions in any percentage from 1% or 15% of eligible compensation, as defined in the Plan agreement, and subject to certain maximum limitations established by the Internal Revenue Service (IRS) ($16,500 for 2010). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRS ($5,500 for 2010).

Each Plan year, the Company makes non-discretionary matching contributions. For the years ended December 31, 2010 and 2009, the Company matched 50% of each participant's deferral up to a maximum of 4% of the participant's compensation. In addition, the Company may choose to make annual discretionary profit sharing contributions in an amount to be determined at Plan year end by the Board of Directors. For the years ended December 31, 2010 and 2009, the Company made non-discretionary matching contributions of $75,810 and $56,973, respectively. There were no discretionary contributions made during the years ended December 31, 2010 and 2009. Participants may rollover amounts representing distributions from other qualified defined benefit or contribution plans. Rollovers contributed by participants during the year ended December 31, 2010 totaled $183,906. There were no rollovers for the year ended December 31, 2009.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, annual installment payments over a fixed number of years or may purchase a qualified annuity. If a participant's vested balance is $1,000 or less, the participant will receive a single lump sum distribution of their entire vested account balance.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED):

Participant Accounts

Each participant's account is credited with the participant's contribution, the company's non-discretionary matching contribution, and when applicable, the Company's discretionary matching contribution and discretionary profit sharing contributions. Allocations of investment income (loss) are based on participant account balances, as defined.

Participants' Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan sponsor. Participants may change their investment options any time throughout the year via internet or direct phone access to Fidelity Management Trust Company ("Fidelity"), the trustee.

Forfeitures

Forfeitures represent the portion of nonvested employer contributions remaining in the Plan for terminated employees. The forfeiture allocation is applied to the employer matching contribution and to cover the costs of administration of the Plan. Amounts forfeited totaled $5,730 and $1,997 for the year ending December 31, 2010 and 2009, respectively. Plan assets included unallocated forfeitures of $9,735 and $10,478 as of December 31, 2010 and 2009, respectively. Forfeitures applied toward administrative fees totaled $6,475 and $7,038 for the years ending December 31, 2010 and 2009, respectively. No forfeitures were applied toward the employer's contributions for 2010 and 2009.

Participants are immediately vested in their contributions and earnings thereon. Participants are vested in Company's contributions after completing years of service as follows:

Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Withdrawals Prior to Termination

Participants may withdrawal all or a portion of their vested account balance resulting from employer and participant contributions, in accordance with the hardship provisions of the Plan.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED):

Loans to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates comparable to rates offered by commercial lending institutions. Loan terms range over a period not exceeding five years, except for loans to purchase a principal residence, which can exceed five years. Principal and interest are paid ratably through monthly payroll deductions. A participant may be granted one loan during any one year period and only one loan may be outstanding at a time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Investment Valuation & Income Recognition

Shares of registered investment companies are reported at fair value based on the quoted market price of the assets which represents the net asset value of shares held by the Plan at year end. Participant loans are valued at cost, which approximates fair value.

The Fair Value Measurements and Disclosures Topic of the Accounting Standards Codification ("ASC") defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements.

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

Under the Fair Value Measurements Topic of the FASB Accounting Standards Codification, the Plan bases its fair value on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is the Plan's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - PARTICIPANT LOANS AND HARDSHIP WITHDRAWALS:

The plan permits loans to participants. Hardship withdrawals are allowed to the full extent allowable under law. Loans to participants are secured by account balances with interest payable at a rate of 5.75%. The total loan balances as of December 31, 2010 and 2009 are $82,973 and $47,275, respectively.

NOTE 4 - ADMINISTRATIVE EXPENSES:

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. The Company has elected to pay substantially all costs incurred with the investment transactions and benefits and professional and administrative fees of the Plan. These expenses were $10,041 and $9,732 for the years ended December 31, 2010 and 2009, respectively. Plan participants pay the administrative fee associated with receiving and maintaining a loan.

NOTE 5 - TAX STATUS:

The Plan was adopted effective October 9, 2003. The Plan was most recently restated on September 1, 2005 on a standardized prototype document, which has received a prototype determination letter. The Internal Revenue Service has indicated an employer that adopts this plan type may rely on this letter with respect to the qualifications of its plan under code section 401(a). Therefore, the Plan Sponsor believes the Plan is in compliance with all applicable requirements of the Internal Revenue Code.

NOTE 6 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balance.

PROFESSIONAL TURF PRODUCTS, LP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTES 7 - RISKS AND UNCERTAINTIES:

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 - PLAN TERMINATIONS:

Some participants have elected to withdraw from the plan but have not been paid their balances. The amounts allocated to these previous participants totaled $60,647 and $319,731 as of December 31, 2010 and 2009, respectively.

NOTE 9 - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedules was obtained from the data that has been prepared and certified to as complete and accurate by the Trustee:
