We were engaged to audit the accompanying financial statements and supplemental schedule of Crews Banking Retirement Plan as of December 31, 2009 and 2008 and for the years then ended, as listed in the table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C and the supplemental schedule, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CREWS BANKING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Crews Banking Retirement Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

1. General - The Plan is a defined contribution plan covering all eligible employees of Wauchula State Bank, Charlotte State Bank, The First State Bank of Arcadia, Englewood Bank, and Crews Financial Services (the Banks) upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions – Each year, participants may contribute a minimum of 1% of included compensation up to a maximum based on Internal Revenue Code regulations. Participants direct the investment of their contributions into various investment options offered by the Plan. The Banks have contributed 50% of the first 6% of employees' contributions for the years ended December 31, 2009 and 2008. Additional profit sharing contributions may be contributed at the option of the Banks' board of directors.

3. Participant Accounts - Each participant's account is credited with the participant's contribution, if applicable, and allocation of (a) the Banks' contributions, and (b) Plan earnings. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Banks' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

5. Payment of Benefits – A participant who retires or becomes disabled will be paid the benefit to which the participant is entitled in one lump sum. If a participant is deceased, the participant's beneficiaries will be paid the entitled benefits in one lump sum. Terminated participants will share in allocations under the Plan until such time as a distribution is made. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All expenses associated with the distribution of the benefit is recorded at the time of payment. Distributions greater than $1,000 and less than $5,000 are required to be rolled into an individual retirement account unless the participant elects otherwise. Participants with account balances greater than $5,000 may defer payment unless the participant elects otherwise.

5. Participant Loans Receivable – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

6. Forfeited Accounts – When certain terminations of participation in the Plan occur, the non-vested portion of the participant account, as defined, represents a forfeiture. Forfeitures may be used to reduce future employer contributions. Forfeitures of $5,431 and $9,526 reduced employer contributions in 2009 and 2008, respectively. At December 31, 2009 and 2008, forfeited nonvested accounts totaled $9 and $2,698, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Plan.

NOTE C - INVESTMENTS

Plan assets are held by the trustee, SunTrust Bank, in a general asset fund. All securities' values, appreciation, gains, losses and allocation of investment earnings to participants are determined by the trustee. In addition, the Plan administrator has obtained a certification from the trustee that the information provided is complete and accurate.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustee has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - INTERNAL REVENUE SERVICE STATUS

The Plan obtained its latest determination letter on August 26, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Mutual funds	$ 9,575,301	$ 9,575,301	$	$

	$14,176,876	$ 9,575,301	$ 4,103,538	$ 498,037

NOTE I – FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2008				
Mutual funds	$ 7,249,478	$ 7,249,478	$	$
Collective investment funds	3,853,949		3,853,949	
Participant loans receivable	488,033			488,033
	$11,591,460	$ 7,249,478	$ 3,853,949	$ 488,033

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of collective investment funds for which quoted market prices are not available are valued at the underlying asset value of the funds at year-end.

Level 3 Measurements

The fair value of participant loans receivable approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

NOTE I – FAIR VALUE MEASUREMENTS (CONTINUED)
