INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Kemper Sports Management
Employees' Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of KEMPER SPORTS MANAGEMENT EMPLOYEES' PROFIT SHARING PLAN as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KEMPER SPORTS MANAGEMENT
EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Kemper Sports Management Employees' Profit Sharing Plan (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established to provide deferred compensation benefits to eligible employees. Under the Plan, all of the employees of Kemper Sports Management, Inc. and any commonly controlled entity (collectively, the Employer) who complete one year of eligible service and attain age 21 may elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions – Each year participants may contribute up to 100% of pre-tax annual compensation, subject to the limits imposed by the Internal Revenue Code, of $16,500 for 2011 and 2010. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of $5,500 during 2011 and 2010 in accordance with the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employer-matching contributions to the Plan are 25% and 15% of the non-officer employees' and officer employees' participant contributions, respectively, up to 5% of the employees' compensation. At the discretion of the Employer, there also may be an employer profit-sharing contribution for active participants at the end of the plan year. There were discretionary profit sharing contributions of $324,912 and $0 made in 2011 and 2010, respectively. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions, and employer-matching contributions, plus the earnings thereon. Vesting in the discretionary profit-sharing contributions and the earnings thereon is based on years of credited service. A participant is 100% vested in the discretionary profit-sharing contributions after six years of credited service. Participants employed at the Bandon Dunes facility are 100% vested in the discretionary profit-sharing contributions after three years of credited service. If a participant attains his or her normal retirement date, becomes permanently and totally disabled, or dies, the full value of the employee discretionary profit-sharing contribution account and the vested interest in the employer profit-sharing contributions become immediately vested and are nonforfeitable.

Investment Options – The Plan provides that each participant direct the investment of his or her account in any combination into a number of investment funds. Participants may change their investment elections on a daily basis. Employer contributions are invested in the same proportion as the participants' contributions.

Payment of Benefits – On termination of service due to retirement, termination of employment, death or disability, participants may elect to either receive a lump-sum amount or be paid in installments.

1. Description of Plan (Cont.)

Payment of Benefits (cont.) –

If a participant terminates prior to retirement, death or disability, the vested benefits will be distributed as soon as administratively feasible if they total less than $5,000. If the benefits are greater than $5,000, the participant may elect a lump-sum distribution directly after their termination date or may defer payment until their normal retirement date.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years or ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. At December 31, 2011, the interest rates on the notes ranged from 5.25% to 9.75%. Principal and interest is paid ratably through monthly payroll deductions.

Forfeitures – Forfeitures can be used to reduce future employer contributions or to offset administrative expenses. As of December 31, 2011 and 2010, unallocated forfeiture accounts amounted to $1,677 and $18,068, respectively. Forfeitures of $10,035 and $15,420 were used to reduce administrative expenses in 2011 and 2010, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan. The Stable Value Fund is valued based on information reported by Principal Life Insurance Company.

The Plan provides for investments that, in general, are exposed to various risks such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statements of net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (Cont.)

Fully Benefit-Responsive Investment Contract – Investment contracts held by a defined-contribution plan are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on the contract basis. The fair value of the Plan's interest in the funds is based on information reported by the issuer of the common/collective trust at year end. The contract value of the funds represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield of the underlying investment contracts was 1.79% and 2.20% in 2011 and 2010, respectively. The average yield credited to participants in 2011 and 2010 was 1.78% and 2.21%, respectively.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Expenses of the Plan, other than certain investment activity costs, are paid by the Employer. Although the Employer has elected to pay these expenses, it is not obligated to do so. If the Employer ceases to pay all or part of these expenses in the future, they will be paid by the Plan's trustee out of the assets of the Plan.

Fair Value Measurements – In January 2010, the Financial Accounting Standards Board (FASB) issued guidance in Accounting Standards Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* (ASU No. 2010-06). ASU No. 2010-06 amended disclosure requirements related to recurring and nonrecurring fair value measurements. For fiscal years beginning after December 15, 2010, ASU No. 2010-06 requires separate presentation of purchases, sales, issuances and settlements in the Level 3 reconciliation table. The Plan adopted these disclosure requirements in 2011.

In May 2011, the FASB issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan is currently evaluating the impact of ASU No. 2011-04 on its fair value measurements and disclosures and intends to adopt the guidance in 2012.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments, at fair value, the common/collective trust fund at contract value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the schedule of assets (held at end of year) as of December 31, 2011, and the investment income (loss) components, and interest income from participants notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.

4. Investments

The Plan's investments representing 5% or more of net assets available for benefits at December 31, 2011 and 2010 are as follows:

	2011	2010
Lifetime 2010 Fund	$ 1,153,553	$ 1,178,321
Lifetime 2020 Fund	2,047,415	2,043,350
Lifetime 2030 Fund	3,159,571	3,077,148
Lifetime 2040 Fund	2,050,950	1,931,380
Lifetime 2050 Fund	713,800	664,019

During 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value as follows:

	2011	2010
Registered investment companies	$ (556,386)	$ 1,497,795
Common/collective trust	7,794	14,287
	$ (548,592)	$ 1,512,082

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measure and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The net asset value of the common/collective trust (stable value fund) is based on the market value of its underlying investments. This fund contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable Level 1 and Level 2 pricing inputs including quoted prices for similar assets in active and non-active markets. The stable value fund can be redeemed at net asset value as of the measurement date on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

		Fair Value Measurements at Reporting Date Using

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2011 and 2010 to the Form 5500:

	2011	2010
Net assets available for plan benefits per the financial statements	$ 13,809,298	$ 12,827,110
Adjustment from fair value to contract value of common/collective trust relating to fully benefit-responsive investment contracts	11,868	10,882
Net assets available for plan benefits per the Form 5500	$ 13,821,166	$ 12,837,992

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the years ended December 31, 2011 and 2010 to the Form 5500:

	2011	2010
Increase in net assets available for benefits per the financial statements	$ 982,188	$ 654,927
Adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	986	6,175
Increase in net assets available for benefits per the Form 5500	$ 983,174	$ 661,102

7. Tax Status

The Plan obtained its latest determination letter dated September 23, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan or upon complete or partial discontinuance of contributions, the accounts of each participant would become fully vested.

9. Related-Party Transactions

The Plan's investments are held and managed by the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees of $44,047 and $41,948 paid by the Plan during 2011 and 2010, respectively, for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

10. Subsequent Events

Management has evaluated subsequent events through October 11, 2012, the date which the financial statements were available to be issued.
