1. DESCRIPTION OF PLAN

The following description of the Pacific Life Insurance Company Retirement Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The sponsor and administrator of the Plan is Pacific Life Insurance Company (Pacific Life or the Company), a stock life insurance company domiciled in the State of Nebraska. The trustee is State Street Bank and Trust Company (the Trustee). Several entities affiliated with the Company are adopting employers of the Plan, and their agents or employees meeting the eligibility requirements listed below, also participate in the Plan.

The Plan is a defined contribution plan under which the Company and producers and employees of the Company make contributions. The Plan is designed to qualify under Section 401(a) and 501(a) of the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

ELIGIBILITY

Generally, producers and employees (collectively, the participants) who have one month of continuous employment are eligible to participate in the Plan the first of the month following one month of service.

CONTRIBUTIONS

Participants may contribute 1% to 75% of their before-tax or after-tax qualifying commissions or other compensation in each pay period. Each participant's contribution must be in cash and is nonforfeitable. For the year ended December 31, 2009, a participant's total calendar year contributions cannot exceed $22,000 ($16,500 plus $5,500 catch-up contributions for employees age 50 and over). Each participant shall be allocated a company-matching contribution at least equal to 75% of the participant's before-tax or after-tax contributions which are not in excess of 6% of the participant's qualifying compensation for each pay period. Company-matching contributions are made in cash. The Plan also allows for rollover contributions from other qualified retirement plans.

During 2007, the Company amended the Pacific Life Employees' Retirement Plan to terminate effective December 31, 2007. The Company applied for and received the determination letter and approval for Plan termination from the Internal Revenue Service (IRS) on September 16, 2009. All participants became fully vested at December 31, 2007, and had an option of rolling their balance into the Plan. At the election of each participant, Pacific Life Employees' Retirement Plan transferred assets of $59,736,648 to the Plan in December 2009, which are included in rollovers in the statement of changes in net assets available for benefits.

UNALLOCATED ASSETS

As of December 31, 2009, the Plan received legal ownership of the residual plan assets remaining after the Pacific Life Employees' Retirement Plan termination and, as a result, such assets are reported as a receivable in the statement of net assets available for benefits. In March 2010, these residual plan assets in the amount of $24,729,749 were transferred to the Plan to fund future Company contributions.

AUTOMATIC ENROLLMENT

Effective July 1, 2004, all new employees shall be automatically enrolled in the Plan if the employee does not file with the Company an election to decline enrollment in the Plan. Any eligible employee who is automatically enrolled shall be deemed to have elected before tax contributions equal to 3% of their compensation. The 3% contribution rate will increase 1% in April of each year following the year the participant was enrolled until the contribution rate equals 10% of the participant's compensation. These contributions will be invested in the Vanguard Target Date Retirement Fund most appropriate for the participant's retirement age.

INVESTMENTS

The Plan's investments primarily consist of mutual funds and guaranteed investment contracts (amounts deposited earned interest at a rate guaranteed by the Company on a quarterly basis: 5.59% for the first quarter of 2009, 5.50% for the second quarter of 2009, 5.41% for the third quarter of 2009, and 4.80% for the fourth quarter of 2009).

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of: (a) Company contributions and (b) Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at 20% after two years, increasing by 20% in each year thereafter, and are 100% vested after six years of credited service. Participants hired prior to January 1, 2007, will be 100% vested after five years of credited service in the Retirement Benefit Account.

PARTICIPANT LOANS

The Plan permits participants who are employees to borrow certain amounts against their vested account balances. The maximum loan is $50,000 or 50% of their account balance at the origination of the loan, whichever is less. Such loans bear interest at the prime rate, plus 1%, and are repaid to the participant's account in equal semimonthly installments over a period of not less than 6 but not more than 54 months. Interest rates, on these loans outstanding as of December 31, 2009 and 2008, ranged from 4.25% to 9.25%. As of December 31, 2009, remaining maturities of outstanding loans range from January 2010 through June 2014. The loans are collateralized by the participant's vested balance in the Plan.

PAYMENT OF BENEFITS

On termination of service due to death, complete and total disability, extreme hardship, or the attainment of the normal retirement age, participants may elect the method of distribution of their vested interests in Plan assets from the following alternatives:

a. Purchase of an annuity available under a group annuity contract
b. Payment of a single distribution
c. Combination of lump-sum payment and annuity purchase
d. Mandatory single disbursement if vested interest is $1,000 or less

FORFEITED ACCOUNTS

Any amount of a participant's account attributable to Company contributions not vested at termination of employment is forfeited if the participant does not resume employment with the Company prior to incurring five consecutive one-year breaks in service. Accumulated forfeited nonvested accounts totaled $449,375 and $72,933 at December 31, 2009 and 2008, respectively. Administrative expenses paid by the Company were reduced by $475,569 from forfeited nonvested accounts in 2009. Certain administrative expenses of the Plan are paid by the Company; others are paid by the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The Company has evaluated events subsequent to December 31, 2009 and through July 30, 2010, the date the financial statements were available to be issued. The Company has not evaluated subsequent events after that date for presentation in these financial statements.

INVESTMENT VALUATION

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The fully benefit-responsive guaranteed interest contracts are stated at fair value and then adjusted to contract value. Fair values of the contracts are calculated by discounting the related cash flows based on current yields of instruments with comparable durations.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

Included in the statement of changes in net assets available for benefits is the net appreciation or depreciation in the fair value of the Plan's investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Participants can direct the investment of their contributions into mutual funds offered by the Plan and the Fixed Yield Fund. If more than one investment option is selected, the allocation must be in whole percentages.

ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS

Effective September 30, 2009, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Codification (Codification) as the single source of authoritative U.S. GAAP. The Codification does not create new accounting and reporting guidance, rather it reorganized then-existing U.S. GAAP pronouncements into approximately 90 Topics within a consistent structure. All guidance in the Codification carries an equal level of authority. After the effective date of the Codification, all nongrandfathered accounting literature not included in the Codification is superseded and deemed nonauthoritative. Adoption of the Codification also changed how the Plan references U.S. GAAP in its financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for investment in any combination of mutual funds and guaranteed interest contracts offered. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as of December 31, 2009 and 2008, and the statement of changes in net assets available for benefits for the year ended December 31, 2009.

PARTICIPANT LOANS

Participant loans are carried at the aggregate unpaid principal balance of loans outstanding which approximates fair value, and are collateralized by the participant's vested account balances.

BENEFITS PAYABLE

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were zero as of December 31, 2009 and 2008.

3. INVESTMENTS

The following is a summary of investments that exceeded 5% of the Plan's net assets available for benefits as of December 31, 2009 and 2008.

Description	2009	2008
Guaranteed interest contracts - Pacific Life, at fair value:		
Fixed Yield Fund	$309,550,933	$254,003,934

William Blair International Growth Fund	34,655,145	22,796,600

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Codification's Fair Value Measurements and Disclosures Topic establishes a hierarchy that prioritizes the inputs of valuation methods used to measure fair value for investments that are carried at fair value. The hierarchy consists of the following three levels that are prioritized based on observable and unobservable inputs.

Level 1 Unadjusted quoted prices for identical instruments in active markets. Level 1 investments would include securities that are traded in an active exchange market.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments on inactive markets; and model-derived valuations for which all significant inputs are observable market data.

Level 3 Valuations derived from valuation techniques in which one or more significant inputs are unobservable. Level 3 investments include less liquid securities for which significant inputs are not observable in the market, such as highly structured securities that require significant management assumptions or estimation in the fair value measurement.

This hierarchy requires the use of observable market data when available.

The following tables present, by fair value hierarchy level, the Plan's investments that are carried at fair value as of December 31, 2009 and 2008.

December 31, 2009:	Level 1	Level 2	Level 3	Total

Certain reclassifications have been made to the December 31, 2008 balances presented above to conform to the December 31, 2009 financial statement presentation.

FAIR VALUE MEASUREMENT

The Codification's Fair Value Measurements and Disclosures Topic defines fair value as the price that would be received to sell the asset or paid to transfer the liability at the measurement date. This "exit price" notion is a market-based measurement that requires a focus on the value that market participants would assign for an asset or liability.

5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included in the Plan's financial statements and supplemental schedule, that was prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

6. INCOME TAX STATUS

The IRS has determined and informed the Company by letter, dated October 14, 1998, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the IRS determination letter.

On January 15, 2010, the Company submitted an application under the IRS Voluntary Correction Program (VCP) to address immaterial compliance issues that occurred during Plan years ending December 31, 2006 through 2009. By letter dated June 25, 2010, the IRS acknowledged the Company's VCP application and resolved not to pursue any adverse sanctions.

The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. As a qualified tax exempt entity, the Plan's financial statements do not include a provision for income taxes.

7. GUARANTEED INTEREST CONTRACTS WITH PACIFIC LIFE

The Plan has fully benefit-responsive guaranteed interest contracts with the Company. The Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The contracts are included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by the Company, in accordance with the Codification's Plan Accounting – Defined Contribution Pension Plans Topic. The contract values as of December 31, 2009 and 2008 were $290,468,333 and $227,388,731, respectively. Contract values represent contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events such as premature termination by the Company may limit the ability of the Plan to transact at contract value. Plan management does not believe that the occurrence of events that would cause the Plan to transact at less than contract value is probable.

The Company is contractually obliged to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

The fair value of the guaranteed interest contracts as of December 31, 2009 and 2008 was $309,550,933 and $254,003,934, respectively. During the year ended December 31, 2009, the Plan recorded interest income of $12,786,846 related to these contracts.

The average yield based on the fair value of invested assets and annualized earnings and the average yields based on interest credited to participants was 4.30% for 2009. The crediting interest rate is determined on a calendar quarter basis and is announced to participants at the beginning of each quarter.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

8. RELATED-PARTY TRANSACTIONS

The Plan invests in guaranteed interest contracts issued by the Company. See Note 7.

The Plan invests in a mutual fund managed by Pacific Investment Management Company LLC (PIMCO). As of December 31, 2007, the Company had a minority, non-voting interest in PIMCO. During the first quarter of 2008, the Company sold all its remaining interest in PIMCO. Investments in the PIMCO Total Return II Fund mutual fund totaled $50,812,696 and $34,076,241 as of December 31, 2009 and 2008, respectively.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.
