Independent Auditor's Report

To the Administrative Committee of the
Neuroscience Consultants, LLC 401(K) Retirement Plan
Miami, Florida

We were engaged to audit the accompanying statement of net assets available for benefits of Neuroscience Consultants, LLC 401(K) Retirement Plan (the "Plan") as of December 31, 2011 and the related statement of changes in net assets available for benefits for the year then ended, and supplemental schedule of assets held at end of year December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of and for the year ended December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated October 10, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Neuroscience Consultants, LLC 401(K) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Neuroscience Consultants, LLC ("the Company") who have at least one year of service and attained age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

For 2011 and 2010, participants may contribute up to $16,500 of pretax annual compensation, as promulgated by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $5,500 for 2011 and 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, one common collective trust and participant directed-investments in equities.

The Company contributes safe harbor contributions, as defined in the Plan. Additional discretionary employer contribution amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the employees. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and (c) forfeitures of terminated Participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested 100% in all of their contributions. Vesting in the Company contribution portion is based on continuous years of service as follows:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Prior to termination of employment, a participant may withdraw, subject to the Plan's notice requirements, all or any portion of the vested value of his or her account and the vested value of his or her Company contribution account if the participant has attained age sixty or becomes totally and permanently disabled, or all or a certain portion of the value of his or her participant account in the event of demonstrated financial hardship, subject to the Plan provisions.

A participant, after leaving the Company, can have the total of his or her account distributed in accordance with the provisions of the Plan. On termination of service for any reason, including disability or retirement, a participant may elect, if account balance exceeds $5,000, to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or remain in the Plan. If account balance is $1,000 or less, a participant will receive the value of his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and consist of mutual funds, a common collective trust and participant directed-investments in equities as of December 31, 2011 and 2010. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note H for discussion of fair value measurements.

Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end. Net increase (decrease) in fair value of investments includes realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All accounts are credited with earnings and gains on the underlying investments and charged for losses, participant withdrawals and certain administrative expenses.

The common collective trust is reported at fair value to the Plan by the Trustee (see Note D).

Participant directed-investments/ equities are valued at quoted market prices.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962 (formerly known as FASB issued staff position No. AAG INV-1 and Statement of Position (SOP) 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*) requires the Plan to report investment contracts held by a defined contribution plan at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required under ASC 962, the Statement of Net Assets Available for Benefits presents the holdings of these fully benefit-responsive investment contracts at fair value with an offsetting adjustment which, when netted against the fair value, will equal contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeitures of the non-vested portion of participant accounts related to the Company's contribution are used first to pay Plan expenses and then to offset future Company contributions. At December 31, 2010, the forfeited non-vested accounts balance totaled $173. For the year ended December 31, 2010, employer contributions were reduced by $35,929 from forfeited non-vested accounts. There was no forfeited non-vested accounts balance at December 31, 2011 and no forfeitures used to reduce employer contributions during the year ended December 31, 2011.

Administrative costs and other fees

The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees and certain administrative fees, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants. All other advisory administrative costs are paid by the Plan.

Reclassifications

Certain reclassifications have been made to the 2010 financial statements to conform with presentation of the 2011 financial statements.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The investments and related income and loss information included in the accompanying financial statements as of and for the year ended December 31, 2011 and 2010 were obtained from data prepared and certified to as complete and accurate by the trustee.

NOTE D - INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31,

Investment	2011	2010
American Funds Century Growth Fund*	$ 203,872	$ 311,275
American Funds Europacific Growth Fund*	198,859	446,225
American Funds Fundamental Investors Fund*	69,027	322,706
American Funds New Perspective Fund	248,104	-
Fidelity Retirement Money Market	337,906	295,891
Fidelity Spartan US Bond Index Investment Fund	401,370	283,199
PIMCO Total Return Institutional Fund	900,113	312,885
Vanguard Short-Term Bond Index Investment Fund*	125,392	348,632
	$2,484,643	$2,320,813

*2010 only

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, increased (decreased) in value during 2011 and 2010 as follows:

Investment	2011	2010
Mutual Funds	($ 168,290)	$ 207,482
Participant directed-investments/ equities	(5,532)	20,121
Common collective trust	841	353
	($ 172,981)	$ 227,956

Common collective trust

One of the Plan's investment options included a stable value fund with Morley Financial Services ("Morley"), which is a benefit-responsive investment contract, held in a common collective trust. The stable value fund invests in conventional and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. Contributions to this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. As of December 31, 2011 and 2010, the contract value for this contract amounted to $51,241 and $39,476 and the fair value amounted to $52,520 and $40,242, respectively.

NOTE D - INVESTMENTS (Continued)

Common collective trust (Continued)

As described in Note B, the common collective trust is fully benefit-responsive, making it eligible for contract value accounting as its relevant measurement attribute. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Morley will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the investments.

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Certain events will limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the trustee to terminate the agreement prior to the scheduled maturity date.

The average yield for 2011 and 2010 based on actual earnings was 2.36% and 2.66% and interest credited to participants amounted to 2.13% and 2.75%, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the year ended December 31, 2011, no reconciliation is required. Net assets available for benefits per the financial statements is in agreement with Schedule H of Form 5500.

NOTE G - TAX STATUS

The Plan obtained a determination letter on April 29, 2011 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

United States Generally Accepted Accounting Principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE H - FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE H - FAIR VALUE MEASUREMENT (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value of shares held by the plan at year end.

Common/ collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Participant directed-investments/ equities: Valued at the closing price reported on the active market where the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,

	2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$4,080,388	$ -	$ -	$ 4,080,388

	$3,424,465	$ 40,242	$ -	$ 3,464,707

NOTE I - SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2011, the date of the most recent statement of net assets available for benefits, has been evaluated for possible adjustments to the financial statements or disclosure is October 9, 2012 which is the date on which the financial statements were available to be issued.

During 2012, the Plan was amended whereby the Company changed its name to Neuroscience Consultants, LLP and the adopted new Plan's name is ratified and confirmed as Neuroscience Consultants, LLP 401(k) Retirement Plan.
