NOTE A - DESCRIPTION OF PLAN

The following description of the Gold Coast Eagle Distributing Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all eligible employees of Gold Coast Eagle Distributing, LLLP, (the Company). Employees who are at least twenty-one years of age and have completed one year of service, (with a minimum of 1,000 hours of service) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant account is credited with the participant's contribution, and allocations of the Company's discretionary contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may contribute to the Plan up to $16,500 of their annual compensation for 2009. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company elected to make a discretionary non elective contribution. The Company contribution is allocated among eligible participants based on a uniform percentage of included compensation as follows: 3% for 1-3 years of service and 1-2 years of participation; 4% for 4-5 years of service and 3-4 years of participation; 5% for over 6 years of service and 5 years of participation. The Company, at its discretion, may also make other qualified non-elective contributions.

Vesting

Participants are immediately 100% vested in their voluntary pre-tax contributions plus actual earnings thereon. Participants vest in the Company contributions as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits

Upon termination of service, (due to termination, retirement, death or disability) a participant may elect to receive an amount equal to the value of his or her vested account balance.

Upon reaching normal retirement age of 59-1/2, participants are entitled to all of their accounts under the Plan. Generally, the Plan is compelled to begin minimum distributions of vested balances of participants reaching age 70-1/2. All other active participants may only receive a distribution of their vested balances in the event of financial hardship as defined by the Internal Revenue Service and as set forth in the Plan.

Forfeitures

Forfeitures of non-vested accounts are used to reduce future Company contributions and are allocated to eligible participant accounts. At December 31, 2009, forfeitures in the amount of $1,498 were available for use to reduce future Company contributions. During 2009, $17,507 of forfeitures were used to offset Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value, based on the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis.

Realized gains/(losses) on investments sold during the year have been included with unrealized gains/(losses) for the year in Net Appreciation (Depreciation) in Fair Value in the Statement of Changes in Net Assets Available for Benefits.

Fair Value Measurements

The Plan follows the Financial Accounting Standards Board Accounting Standards Codification (ASC) with regards to fair value measurement and disclosures. FASB ASC 820-10-50-2 establishes a hierarchy framework for measuring fair value of financial instruments. The hierarchy is described below and listed in order of priority:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Level 3 inputs are unobservable inputs for the asset or liability

Contributions

Contributions from Plan participants are recorded in the plan year the Company makes the payroll deductions from participants' wages. Company contributions are made on a quarterly basis and are recorded in these financial statements in the year they pertain to.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2009, there is approximately $5,436 allocated to persons who, at the financial statement date, have elected to withdraw from the plan, but have not been paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

NOTE C - INVESTMENTS

Capital Bank and Trust Company was the custodian of the Plan assets, at December 31, 2009 and 2008. Information with respect to investments held by Capital Bank and Trust Company and their market values, as well as income and losses on investments included in the financial statements and supplemental schedules have been certified by Capital Bank and Trust Company as being complete and accurate.

The December 31, 2009 and 2008 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, and the accompanying notes to the financial statements were prepared in part from information certified by Capital Bank and Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,727,969 and $1,309,172 at December 31, 2009 and 2008, respectively. The certified information also includes related investment income of $243,285 for the year ended December 31, 2009. All investment gains (losses) and investment earnings are included in the net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. This classification is consistent with the presentation in Form 5500.

NOTE C - INVESTMENTS - CONTINUED
