NOTE A - DESCRIPTION OF PLAN

Description of Plan
Texas Enterprises, Inc. and Triple S Petroleum (collectively, the "Plan Sponsor" or "Company") adopted the Texas Enterprises and Triple S Petroleum 401(k) Retirement Plan (the "Plan") effective January 1, 1998. The Plan has been amended throughout the subsequent years to comply with tax law and regulatory changes. The following brief description of the Plan, as amended, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit-sharing plan with 401(k) option covering all eligible employees of the Company. Participation in the Plan is at the election of the employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Employee Contributions
Contributions are made to the Plan by the Company on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Company funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation, in whole percentages, to the Plan up to the statutory limit of $16,500 for 2011, as permitted by the Internal Revenue Code of 1986, as amended ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC of $5,500 for 2011.

Employer Contributions
The Plan Sponsor is allowed to make discretionary matching contributions and non-elective contributions. The matching and non-elective contributions, if any, are invested pro-rata with the participant contributions and will be made only to eligible participants, subject to certain limitations. The Plan Sponsor's intent to provide matching or non-elective contributions is declared annually. During 2011, the Plan Sponsor matched eligible participant contributions dollar for dollar up to 3% of their respective deferrals totaling $226,541, which includes a correction for late deferrals.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts
Forfeitures by terminated employees of non-vested Company contributions are retained by the Plan. Any forfeitures as of an accounting date shall be used to reduce future Plan administrative expenses. Forfeitures of $0 were used to reduce Plan administrative expenses during the year ended December 31, 2011. The outstanding forfeiture balance was $554 and $0 as of December 31, 2011 and 2010, respectively.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching or non-elective contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service, summarized as follows:

Years of Service	Vested Percentage
One year	33%
Two years	67%
Three years	100%

Administration
The Plan is administered by the Company. Plan assets are held by the John Hancock Life Insurance Company (the "Trustee"). The financial records of the Plan are maintained by the Trustee.

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Individual Account
Upon termination of employment, if the participant's vested account balance is $1,000 or less, the benefit will be paid in a lump sum. If the vested account balance exceeds $1,000 but is less than $5,000, the benefit will be rolled over to an IRA provider selected by the Plan Sponsor at its discretion, unless otherwise directed by the participant. If the participant's account balance exceeds $5,000 the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump sum distribution.

Upon termination of service due to death prior to retirement, the vested account balance will be paid to their spouse or beneficiary.

If the participant becomes disabled and is eligible for Social Security disability benefits, or is determined disabled by a physician selected by the Plan Administrator, the full value of the participant's account becomes 100% vested.

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions, exclusive of Roth contributions, and their vested matching contributions under certain circumstances (subject to the satisfaction of the Plan Administrator and in accordance with the ERISA hardship guidelines) that include the following:

- Certain allowed medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence
- Payments for burial or funeral expenses for a participant's parent, spouse, children, or other dependents or the participant's primary beneficiary under the Plan, or
- Expenses for the repair of damage to a participant's principal residence that would qualify for the casualty deduction under the IRC (determined without regard to whether the loss exceeds 10% of adjusted gross income).

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

However, should a participant reach the normal retirement age and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Plan Expenses
Administrative expenses are paid for by the Plan Sponsor and represent fees charged by the asset custodians and third party plan administrators for asset management, participant account management, and benefit payment distributions. In the event the Plan Sponsor does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances in accordance with the plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition
The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Valuation
Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values. Fair value at December 31, 2011 and 2010, as determined by the Trustee, is based primarily on the quoted market prices of the underlying securities. Money market investments are valued at cost plus accrued earnings, which approximates fair value, as determined by the Trustee. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

Payments of Benefits
Benefits are recorded when paid.

Administration Expenses
Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

NOTE C - INVESTMENTS (UNAUDITED)

The following presents investments that are 5% or more of the Plan's net assets at December 31, 2011 and 2010:

* Less than 5% of total Plan assets at year end

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $149,628, as follows:

Mutual funds	$ 149,628

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

a. Investments, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2011 and 2010.
b. Interest and dividends and net depreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2011.
c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2011, as shown in the attached schedule at page 12.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - GUARANTEED INTEREST FUND (UNAUDITED)

The Plan offers investment options in guaranteed interest accounts ("GIFs"), which are not, by definition, an investment contract, but rather are an investment option offered under a group annuity contract with the Custodian. Contributions are held in the general account of the Custodian and are guaranteed the return of principal plus compound interest earned over a defined 3-, 5-, or 10- year term, less any applicable contract or participant level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

NOTE D - GUARANTEED INTEREST FUND (UNAUDITED) (CONTINUED)

Interest rates are established on the 1st day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month. This is called the 'new money' regular rate. For other types of contributions, interest rates may differ and may change during the months.

At the end of each reporting year, a 'composite rate' of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term.

The contract value of the GIF at December 31, 2011 and 2010 was $120,052 and $96,077, respectively. The fair value of the GIF at December 31, 2011 and 2010 approximates fair value.

The Plan's statements of net assets available for benefits present the fair value of the GIF and the Statement of Changes in Net Assets Available for Benefits includes the changes in fair value for the GIF.

NOTE E - TAX STATUS

The Plan is prepared through use of a cash or deferred volume submitter defined contribution plan as designed by the plan administrator. The plan administrator has received an opinion letter from the Internal Revenue Service stating that the cash or deferred volume submitter defined contribution plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since the plan administrator received the opinion letter; however, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE F - NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2011 and 2010.

NOTE G - RELATED PARTY TRANSACTIONS

The Plan Sponsor provided certain administrative services without consideration during the year ended December 31, 2011. In addition, the Plan Sponsor paid administrative fees to their third party administrator totaling $5,384 during the year ended December 31, 2011.

The Custodian receives fees for administration and investment management. The investments are maintained in the general and separate accounts of the Custodian.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE I - FIDELITY BOND

The Plan was covered by a fidelity bond totaling $500,000. The Company was in compliance with the ERISA bonding requirements.

NOTE J - FAIR VALUE MEAUSUREMENTS

The Plan defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). The hierarchy consists of three levels:

- Level one — Quoted market prices in active markets for identical assets or liabilities;
- Level two — Inputs other than level one inputs that are either directly or indirectly observable; and
- Level three — Unobservable inputs developed using estimates and assumptions, which are developed by the reporting entity and reflect those assumptions that a market participant would use.

The following table presents the assets and liabilities that are measured at fair value on a recurring basis by level within the fair value hierarchy as reported on the statements of net assets available for benefits at December 31, 2011 and 2010. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The investment securities are reported at fair value utilizing Level 1 and 2 inputs. The prices for these instruments are obtained through the Plan Trustee with whom the Company has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations and other information. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its third party providers to ensure the lowest level of significant input is market observable data.

NOTE L - DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2011, the Plan Sponsor failed to remit certain participant contributions in a timely manner in violation of Department of Labor ("DOL") regulations. The Plan Sponsor is in the process of estimating the amount of lost earnings for all prohibited transactions, using the resources provided by the DOL, as shown on the supplemental schedule of Delinquent Participant Contributions. Upon completion of this estimate, these lost earnings will be remitted to the Plan and distributed to its participant accounts as soon as administratively feasible. It has been determined that the amount of the payments will be immaterial to the Plan's financial statements.

NOTE M - SUBSEQUENT EVENTS

During May 2012, the Plan was partially terminated when Triple S Petroleum sold for cash the rights to operate a portion of its stores. In connection with this transaction, several employees were no longer eligible for participation in the Plan. As such, their balances were immediately vested and the Plan is paying their vested balances to the former participants in accordance with the Plan.

The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of and for the period ending December 31, 2011, this date was October 5, 2012.
