We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BARTELL HOTELS 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 – DESCRIPTION OF THE PLAN

The Bartell Hotels 401(k) Plan (the "Plan") is sponsored by Bartell Hotels (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan which became effective January 1, 1997, is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees become eligible to make salary deferrals once they have completed three months of service and are age 18 or older. Employees become eligible to receive matching contributions once they have completed one-year of service. This requirement is meet upon working 1,000 hours during a consecutive twelve month period. They must also be age 18 or older.

Contributions

Each year, participants may elect to contribute up to 100% of their eligible earnings, as defined in the Plan, subject to limitations imposed by Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution to the Plan. The participant must have completed a 1,000 hours of service and be employed by the Company on the last day of the Plan year to receive the discretionary match. No discretionary matching contribution was made by the Company for 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is as follows:

Years of Service	Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, the participant may change their allocation and transfer account balances between the investment options in accordance with the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with account balance of $1,000 or less receive a lump-sum distribution upon termination of service with the Company. An involuntary distribution greater than $1,000 but less than $5,000 may be automatically rolled over to an individual retirement plan designated by the Administrator if the participant has not designated such an account.

The Plan allows for hardship distributions. The amount of the hardship distribution cannot exceed the amount needed to meet the immediate financial hardship and is limited to the amount of the participant's deferral contributions. If a participant receives a hardship distribution they are not permitted to make any deferral contributions for a six month period following the hardship distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participant's may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than one loan outstanding at any one time. Loans are required to be repaid within five years unless the loan is to be used for the purchase of a primary residence of the participant, in which case the loan repayment period is a maximum of ten years. The loan is secured by the participant's vested interest in their account balances. The interest rate for a loan will be the prime rate of interest charged by any local bank as of the date of the loan plus 1%. Interest rates range from 4.25% to 10.25% as of December 31, 2011. Principal and interest are paid regularly through payroll deductions.

Forfeitures

Forfeitures of Company contributions shall be used to pay Plan expenses or reduce the Company's contribution under the Plan. During the year ended December 31, 2011 $164 was added to the forfeitures account, along with ($53) in earnings. As of December 31, 2011 and 2010, the forfeiture balance was $3,732 and $3,621, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of Bartell Hotels 401(k) Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan.

Subsequent Events

The Plan evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The Plan's investments were held by the custodian of the Plan, as of December 31, 2011 and 2010. All investments are participant directed.

Following is the summary of investments held by the Plan as of December 31:

* At December 31, 2011 and 2010, the balance in this investment represented less than 5% of the Plan's net assets and therefore, is not shown separately.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement (FASB) Accounting Standards Certification (ASC) 820, Fair Value Measurement and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts: Price/unit value for the variable annuities held in the pooled separate accounts are calculated daily by the annuity provider according to the methods described in the annuity contract.

Guaranteed portfolio fund: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,262,404	$ -	$ 3,262,404
Guaranteed portfolio fund	-	483,775	-	483,775
Total assets at fair value	$ -	$ 3,746,179	$	$ 3,746,179

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,264,542	$ -	$ 3,264,542
Guaranteed portfolio fund	-	343,290	-	343,290
Total assets at fair value	$ -	$ 3,607,832	$ -	$ 3,607,832

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE

Corrective distributions are payments made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions for the Plan. These amounts are included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2010.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The Plan has adopted a volume submitter plan under the Internal Revenue Code (IRC) Section 401. The IRS has determined by a letter dated March 31, 2008 that the plan is designed in accordance with the applicable section of IRC.

The Federal tax returns of the Plan for 2009, 2010 and 2011 are subject to examination by the IRS, generally for three years after they are filed.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i) including investments held at December 31, 2011 and 2010, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2011, were obtained or derived from information provided to the plan administrator and certified as complete and accurate by the custodian of the Plan in accordance with 29 CRF 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 9 – RELATED PARTY TRANSACTIONS

Substantially all of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
