1. DESCRIPTION OF PLAN

The following description of the Ruiz Food Products, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for complete information.

General — The Plan was adopted as of January 1, 1996, and amended and restated effective October 1, 2000. The Plan is a defined contribution plan, the primary purpose of which is to provide employees of Ruiz Food Products, Inc. (the "Company") the opportunity to accumulate funds for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2007, the Company amended the Plan to a safe harbor plan and changed from a 52/53-week fiscal year, which ended on the Saturday closest to September 30, to a calendar year.

Eligibility — An employee of the Company normally becomes eligible to participate in the Plan upon attaining 18 years of age and after completing three months of service with the Company, providing such employee is not covered by a collective bargaining agreement. Employees may elect to participate in the Plan on the first day of any month following completion of all eligibility requirements. There were 1,097 and 1,052 participants in the Plan at December 31, 2009 and 2008, respectively.

Administration — The Plan is administered by the Company. The Company's officers are the trustees of the Plan.

Contributions — Participants may contribute up to 100% of their pretax annual compensation to the Plan through salary deferrals, subject to certain Internal Revenue Code (the "Code") limitations. Employer matching contributions for deferrals are discretionary and nondiscriminatory. Discretionary profit-sharing contributions made by the Company, if any, are allocated to eligible participants who have worked over 1,000 hours and were employed on the last day of the Plan year. Such allocations are made to all participants employed on the last day of the Plan year based on the ratio of each participant's annual compensation to the total annual compensation of all participants. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, allocations of Company discretionary contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions plus actual earnings or losses thereon. Employer-matching and profit-sharing contributions made by the Company for deferrals made prior to December 31, 2006, are vested 20% each year of credited service. A participant is 100% vested after five years of credited service or in the event of retirement (on or after attaining age 62 1/2), disability, or death regardless of years of service. Employer matching contributions and profit-sharing contributions made by the Company for deferrals made after December 31, 2006, vest immediately.

Forfeitures — Forfeitures consist of participants' allocated interests in Plan assets, which are not vested because employment is terminated before the vesting period is complete, and occur immediately upon distribution of the participant's vested account. Forfeitures in the amount of $3,388 and $5,947 for the years ended December 31, 2009 and 2008, respectively, will be used to reduce 2010 employer contributions.

Payments of Benefits — In the event of death, disability or retirement, or termination of service for any other reason, a participant's vested interest in the Plan will be distributed in a lump-sum payment or in installments.

Investments — Participants direct the investment of their contributions and the related matching and discretionary employer contributions by the Company into any of the various investment options offered by the Plan.

Participant Loans — Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the vested account balance (reduced by the highest outstanding loan balance in their account during the prior 12-month period). Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. Loans are secured by the balance of the participant's account and bear interest, based on prime, plus 1% at the loan origination date, ranging from 4.25% to 9.25%. Principal and interest payments are paid ratably through payroll deductions.

2. ACCOUNTING POLICIES

Accounting Standards Codification — The Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became effective on July 1, 2009. At that date, the ASC became FASB's official source of authoritative accounting principles generally accepted in the United States of America (GAAP) applicable to all public and nonpublic nongovernmental entities, superseding existing guidance issued by the FASB, the American Institute of Certified Public Accountants, the Emerging Issues Task Force, and other related literature. The FASB also issues Accounting Standards Updates (ASU). An ASU communicates amendments to the ASC. An ASU also provides information to help a user of GAAP understand how and why GAAP is changing and when the changes will be effective.

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including pooled separate accounts and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are stated at amortized cost, which approximates fair value. The units of pooled separate accounts

are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's investment in the guaranteed investment contracts (GIC's) are valued at contract value determined by the insurance company. The fair value of the GIC's is not materially different than contract value. Participant loans are valued at the outstanding loan balances, which approximate fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses — Administrative expenses of the Plan are paid by the Company as provided in the Plan document.

Participant Refunds — In order to comply with the nondiscrimination provisions of the Code, the Plan is required to refund excess contributions made by certain highly compensated employees. There were no amounts refunded as of December 31, 2009 and 2008.

Payment of Benefits — Benefit payments are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2009 and 2008.

Subsequent Events — In May 2009, the FASB issued ASC 855 (originally issued as FASB Statement No. 165, *Subsequent Events*) to establish general standards of accounting for and disclosing events that occur after the balance sheet date, but prior to the issuance of financial statements. ASC 855 provides guidance on when financial statements should be adjusted for subsequent events and requires companies to disclose subsequent events and the date through which subsequent events have been evaluated. ASC 855 is effective for periods ending after June 15, 2009.

For the year ended December 31, 2009, subsequent events were evaluated through July 30, 2010, the date the accompanying financial statements were available to be issued.

Recent Accounting Pronouncements — In 2009, FASB Staff Position (FSP) FAS 157-4, *Disclosures Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*, was issued and later codified into ASC 820, *Fair Value Measures and Disclosures*, which expanded disclosures and required that major category for debt and equity securities in the fair value hierarchy table be determined on the basis of the nature and risks of the investments. The Plan adopted the disclosure requirements of FSP 157-4 effective January 1, 2009 (see Note 3).

In September 2009, the FASB issued ASU No. 2009-12, *Fair Value Measurements and Disclosures: Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent)*, which amended ASC Subtopic 820-10, *Fair Value Measurements and Disclosures — Overall*. ASU No. 2009-12 is effective for the first reporting period ending after December 15, 2009. ASU No. 2009-12 expands the required disclosures for certain investments with a reported NAV. ASU No. 2009-12 permits, as a practical expedient, an entity holding investments in certain entities that calculate NAV per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that NAV per share or its equivalent without adjustment. The ASU requires enhanced disclosures about the nature and risks of investments within its scope. Such disclosures include the nature of any restrictions on an investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. The Plan has adopted ASU No. 2009-12 on a prospective basis for the year ended December 31, 2009 (see Note 10). Adoption did

not have a material impact on the fair value determination and disclosure of applicable investments. The effect of the adoption of the ASU had no impact on the statements of net assets available for benefits and statements of changes in net assets available for benefits.

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820 (originally issued as FASB Statement No. 157, *Fair Value Measurements*), adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 securities and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan is currently evaluating the impact ASU No. 2010-06 will have on the financial statements.

3. FAIR VALUE MEASUREMENTS

ASC 820 established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2009 and 2008.

In accordance with the update to ASC 820 (originally issued as FSP FAS 157-4), the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2009, is as follows:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market funds	$ 844,565	$ -	$ -	$ 844,565

	Fair Value Measurements at December 31, 2008, Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market accounts	$ 887,551	$ -	$ -	$ 887,551

Participant loans			569,785	569,785
Total	$ 9,881,620	$ -	$ 639,917	$ 10,521,537

The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the year end December 31, 2009:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)		
	Guaranteed Investment Contracts	Participant Loans	Total
Beginning balance — January 1, 2009	$ 70,132	$ 569,785	$ 639,917
Contributions	31,193		31,193
Unrealized gains	2,321		2,321

Deemed distributions	(36)	(5,929)	(5,965)
Transfers out of Level 3	(579)		(579)
Ending balance — December 31, 2009	$ 94,698	$ 619,756	$ 714,454

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INVESTMENTS

Investments greater than 5% of the Plan's net assets available for benefits at December 31, 2009 and 2008, are as follows:

	2009		2008	
	Units	Value	Units	Value
Money market fund	64,607	$ 844,565	68,030	$ 887,551
JH Lifestyle Fund — Balanced Portfolio	16,122	3,259,129	14,060	2,129,671
JH Lifestyle Fund — Growth Portfolio	9,268	2,599,631	7,905	1,640,779
JH Lifestyle Fund — Moderate Portfolio	12,821	2,059,981	10,115	1,266,074
JH Lifestyle Fund — Conservative Portfolio	7,351	1,331,160	5,569	820,996
JH Lifestyle Fund — Aggressive Portfolio	4,238	1,213,762	3,093	648,682

The Plan's investment appreciation of $3,374,982 for the year ended December 31, 2009 was solely attributable to the pooled separate accounts.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has investment contracts with John Hancock Life Insurance Company ("John Hancock"), which are not fully benefit responsive. These contracts are included in the financial statements at contract value as reported to the Plan by John Hancock. The fair value of the contracts approximates their contract value. John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. John Hancock may not terminate the contract at any amount less than contract value.

John Hancock is contractually obligated to pay the principal and specified interest rate that it guarantees to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis. The average yields based on interest rates credited to participants at December 31, 2009 and 2008, are as follows:

	2009	2008
3-year rate	1.03 %	2.95 %
5-year rate	1.66	3.35
10-year rate	2.22	3.85

6. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and guaranteed investment contracts managed by John Hancock. John Hancock is the custodian of the Plan assets, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ruled on November 1, 2002, that the restated Plan qualified, in form, under Section 401(a) of the Code and the underlying trust is, therefore, exempt from federal income tax under Section 401(a) of the Code. Effective January 1, 2007, the Plan was amended to become a safe harbor plan. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator and the trustees for the Plan believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of and for the year ended December 31, 2009, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by John Hancock, the custodian of the Plan, and furnished to the Plan administrator.
