Report of Independent Public Accountants

To the Plan Administrator
Whitney & Co. 401(k) Savings Plan

We were engaged to audit the financial statements of Whitney & Co. 401(k) Savings Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan:

The following description of Whitney & Co. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Whitney & Co. and its participating employers: J. H. Whitney Capital Partners, LLC, J. H. Whitney Investment Management, LLC and Greentree Management Company, LLC (collectively referred to as the "Company"). There are no minimum age or service requirements for participation in the Plan. Employees are immediately eligible to participate in the Plan as of their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Plan participants are allowed to make both pre-tax and after-tax contributions in accordance with the provisions of the Plan. Each year, participants may contribute up to 10% of after-tax annual compensation, as defined, to the Plan. Participants may make additional pre-tax contributions up to a combined 100% of a participant's eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified (and certain nonqualified) defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of insurance company separate accounts and a fully benefit-responsive investment contract as investment options for participants.

The Company may, at its discretion, make matching contributions to the Plan. For the year ended December 31, 2009, the Company elected to match 50% of pre-tax elective deferrals, up to a maximum contribution equal to 3% of a participant's eligible compensation. Although additional profit sharing contributions may be contributed at the option of the Company's Board of Directors, there were no such contributions for 2009. Contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Note 1 - Description of Plan (continued):

Participant accounts (concluded):

Administrative charges related to participant loans and distributions are deducted directly from the respective participant's account. Investment expenses charged by the separate accounts in which the Plan invests are paid directly from the underlying assets of the respective investment and are included in the net appreciation in fair value of separate accounts in the statement of changes in net assets available for benefits. All other charges related to the administration of the Plan, if they are not paid by the Company, will be allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Participants will always be 100% vested if they are employed on or after their normal retirement age. For all other participants, vesting in the Company contribution portion of their account is based on credited years of service, as defined in the Plan, according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	50%
3 or more	100%

Participant loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at 5.25% as of December 31, 2009, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in periodic installments as provided by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Alternatively, a participant may elect to defer distribution until a later date, provided the participant's balance exceeds $5,000.

Note 1 - Description of Plan (concluded):

Payment of benefits (concluded):

Withdrawals from a participant's salary deferral account may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. In addition, in-service withdrawals may be made effective October 1 2009 upon reaching the age of 40 from the previous year's allowed age requirement of 59½, in accordance with the provisions of the Plan.

Forfeited accounts:

Forfeited amounts will be applied first to reduce expenses related to the administration of the Plan and then toward any future employer matching and discretionary profit-sharing contributions. At December 31, 2009 and 2008, forfeited nonvested accounts were $1,976 and $4,467, respectively. During 2009, employer matching contributions were reduced by $6,436 from forfeited nonvested accounts.

Note 2 - Summary of significant accounting policies:

Basis of presentation:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully-benefit responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Valuation of investments and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of separate accounts, which includes gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of significant accounting policies (concluded):

Payment of benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

The Plan has evaluated events and transactions for potential recognition or disclosure through August 5, 2010, which is the date the financial statements were available to be issued.

Note 3 - Investments:

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2009	2008
Massachusetts Mutual Life Insurance Co. Guaranteed Interest Account, at contract value	**$ 1,656,543**	$ 1,031,696
Massachusetts Mutual Life Insurance Co. Core Value Equity Fund	**1,444,996**	1,300,786
Northern Trust Select Indexed Equity Fund	**1,349,389**	1,020,941
Oppenheimer Funds Premier International Equity Fund	**914,751**	690,911
W&R Willington Select Small Cap Growth Equity Fund	**586,162**	432,906
Oppenheimer Funds Prime Small Cap Opportunity II Fund	**563,817**	575,259
Babson Prime Core Bond Fund	**542,004**	434,694
Oppenheimer Premier Main Street Fund	**525,546**	387,871
Ultra Aggressive Journey Fund	**480,381**	336,251*

* Amount represents less than 5% of the Plan's net assets as of December 31, 2008.

Note 4 - Fair value measurements:

The Plan values its financial assets based on the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Note 4 - Fair value measurements (continued):

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2009 are classified in the table below in one of the three categories described above:

2009	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Equity	**$ -**	**$ 5,041,005**	**$ -**	**$ 5,041,005**
Indexed	**-**	**1,349,389**	**-**	**1,349,389**
Bond	**-**	**605,384**	**-**	**605,384**
Balanced	**-**	**245,006**	**-**	**245,006**
Total pooled separate accounts	**-**	**7,240,784**	**-**	**7,240,784**
Guaranteed interest account	**-**	**-**	**1,738,492**	**1,738,492**
Participant loans	**-**	**-**	**13,224**	**13,224**
Total assets, at fair value	**$ -**	**$ 7,240,784**	**$1,751,716**	**$ 8,992,500**

2008	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 5,810,410	$ -	$ 5,810,410
Guaranteed interest account	-	-	1,031,696	1,031,696
Participant loans	-	-	33,303	33,303
Total assets, at fair value	$ -	$ 5,810,410	$1,064,999	$ 6,875,409

Pooled separate accounts are stated at fair value which is determined by quoted market prices of the underlying investments (Level 2). The guaranteed interest account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Level 3). Participant loans are valued at amortized cost, which approximates fair value (Level 3).

Note 4 - Fair value measurements (concluded):

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Guaranteed interest account	Participant loans	Total
Balance, beginning of year	$ 1,031,696	$ 33,303	$ 1,064,999
Purchases, sales, issuances and settlements (net)	706,796	(20,079)	686,717
Balance, end of year	$ 1,738,492	$ 13,224	$ 1,751,716

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Information certified by custodian:

The following account balances and transactions were obtained from statements certified by Massachusetts Mutual Life Insurance Company ("MassMutual"):

Statements of net assets available for benefits:
- Investments

Statement of changes in net assets available for benefits:
- Investment income

Schedule of assets (held at end of year)

Note 6 - Investment contract with insurance company:

The Plan has entered into a fully benefit-responsive investment contract (referred to as the Guaranteed Interest Account) with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at fair value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 6 - Investment contract with insurance company (concluded):

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The yield is adjusted periodically at the discretion of MassMutual in accordance with the terms of the contract. The minimum interest rate is 3.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	**2009**	2008
Based on actual earnings	**3.10%**	3.47%
Based on interest rate credited to participants	**3.10%**	3.14%

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status:

The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter in 2002 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving this opinion letter. However, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax exempt as of December 31, 2009. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Party-in-interest transactions:

The Plan's investment in separate accounts and the Guaranteed Investment Account managed by MassMutual are considered exempt party-in-interest transactions. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 10 - Risks and uncertainties:

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
