INDEPENDENT AUDITORS' REPORT

To the Trustees of CoCal 401(k) Retirement Plan

We were engaged to audit the Statements of Net Assets Available for Benefits of the CoCal 401(k) Retirement Plan, as of December 31, 2011 and 2010, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express an opinion on these accompanying financial statements and supplemental schedule. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A Description of Plan.

The following description of the CoCal 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan. The Plan covers all full-time employees of the Company who are age twenty-one or older, and have completed at least one year of service and are not covered by a collective bargaining agreement. An employee must have worked at least 1,000 hours during the year, and must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary annual profit sharing contribution. The Plan covers employees rendering services for the employer on contracts subject to the Davis-Bacon Act, Service Contract Act or other Federal, State or Municipal prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.**

Each year, participants may contribute up to the amount allowed by law of pretax annual compensation, as defined in the Plan. For the years ended December 31, 2011 and 2010, the amount was $16,500 for both years. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a Safe Harbor Plan, and the Company is required to match 100% of the first 3% and 30% of the next 2% of the participant's base compensation for a total maximum employer match of 5% of gross compensation contributed by the participants' to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations. The Company contributions to the Plan for employees, subject to prevailing wage laws, are determined by the Company based on rates that satisfy the wage determination issued by the governmental agency responsible for the contract.

3 **Participant Accounts.** Each participant's account is credited with the allocation of (a) the participant's contributions, (b) the Company's contribution, (c) Plan earnings, and (d) forfeitures of terminated participant's non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4 **Vesting.** Participants are immediately vested in their contributions, plus actual earnings thereon. The participants are 100% vested in the Company's matching 401(k) contributions due to the Safe Harbor election. Participants are 100% vested in the discretionary profit sharing contributions after five years of credited service. Participants are immediately vested in any contributions subject to prevailing wage laws and the earnings allocated to their accounts.

A Description of Plan. (Continued)

5 **Investment Options.** Upon enrollment in the Plan, contributions will be allocated between accounts as directed by the participant in accordance with the investment allocation form provided by the employer. Participants may change their investment options at any time.

6 **Forfeited Accounts.** At December 31, 2011 and 2010, the balance of the forfeited accounts totaled $1,091 and $-0-, respectively. These accounts are used to first pay administrative expenses and are then applied to reduce future employer contributions. During the years ended December 31, 2011 and 2010, the Company used forfeitures in the amount of $-0- and $7,745, respectively, to offset employer contributions.

7 **Participant Notes Receivable.** The Plan does permit participant loans although the Company does not permit participant loans.

8 **Payment of Benefits.** Upon termination of service due to death, disability or retirement, a participant may receive either a lump sum amount equal to the value of his or her account, or annual installments over a specified time period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2 **Investment Valuation and Income Recognition.** Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for determining net assets available for benefits, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B Summary of Accounting Policies. (Continued)

3 **Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

4 **Payment of Benefits.** Benefits are recorded when paid.

5 **Subsequent Events.** In preparing its financial statements, the Company has evaluated subsequent events through July 19, 2012, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

C Fair Value Measurements.

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. The Plan's investments in mutual funds are valued using inputs considered to be Level 1, and the Plan's investment in the investment annuity contract is valued using inputs considered to be Level 3.

Level 1 Fair Value Measurements.

The fair value of mutual funds is based on quoted net asset values of the shares held in the Plan at year end.

Level 3 Fair Value Measurements.

The valuation techniques used to determine the value of the Level 3 investments are based on unobservable inputs such as investment valuations which require significant judgment. The valuation technique used by Hartford Life Insurance Company to value the Investment in Fully Benefit-Responsive Investment Contracts using Level 3 Inputs is based on contract value. Contract value represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses.

C Fair Value Measurements. (Continued)

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

Total Assets at Fair Value	$ 1,123,921	$ 982,887	$ -	$ 141,034

D Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

E Tax Status.

The Internal Revenue Service has determined and informed the Company, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

F Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

G Investment Contract with Insurance Company.

During 2011, the Plan entered into a fully benefit-responsive investment contract with Hartford Life Insurance Company (Hartford). Hartford has classified this benefit-responsive investment contract as a common collective trust. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Hartford represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Hartford.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Hartford. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

H Related Party Transactions.

Certain Plan investments are shares of mutual funds managed by Hartford Life Insurance Company. Principal Life Insurance Company is the trustee and the third party administrator, providing recordkeeping services, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees and commissions paid by the Plan for the investment management and recordkeeping services amounted to $569 and $8,888, respectively, for the years ended December 31, 2011 and 2010.

I Information Certified by the Asset Custodian (Unaudited).

To the Trustees of CoCal 401(k) Retirement Plan

We were engaged to audit the Statements of Net Assets Available for Benefits of the CoCal 401(k) Retirement Plan, as of December 31, 2011 and 2010, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express an opinion on these accompanying financial statements and supplemental schedule. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A Description of Plan.

The following description of the CoCal 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan. The Plan covers all full-time employees of the Company who are age twenty-one or older, and have completed at least one year of service and are not covered by a collective bargaining agreement. An employee must have worked at least 1,000 hours during the year, and must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary annual profit sharing contribution. The Plan covers employees rendering services for the employer on contracts subject to the Davis-Bacon Act, Service Contract Act or other Federal, State or Municipal prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.**

Each year, participants may contribute up to the amount allowed by law of pretax annual compensation, as defined in the Plan. For the years ended December 31, 2011 and 2010, the amount was $16,500 for both years. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. D Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

E Tax Status.

The Internal Revenue Service has determined and informed the Company, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

F Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

G Investment Contract with Insurance Company.

During 2011, the Plan entered into a fully benefit-responsive investment contract with Hartford Life Insurance Company (Hartford). Hartford has classified this benefit-responsive investment contract as a common collective trust. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Hartford represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Hartford.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Hartford. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

H Related Party Transactions.

Certain Plan investments are shares of mutual funds managed by Hartford Life Insurance Company. Principal Life Insurance Company is the trustee and the third party administrator, providing recordkeeping services, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees and commissions paid by the Plan for the investment management and recordkeeping services amounted to $569 and $8,888, respectively, for the years ended December 31, 2011 and 2010.
