Plan Administrator
Specialty Restaurants Corporation 401(k) Plan

We were engaged to audit the financial statements of Specialty Restaurants Corporation 401(k) Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedules as of December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 9, which was certified by Transamerica Financial Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. The plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PLAN

Notes to Financial Statements
December 31, 2011 and 2010

Note 1 - Description of Plan

The following description of the Specialty Restaurants Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was adopted by a resolution of the Board of Directors of Specialty Restaurants Corporation (the "Company") effective August 1, 1996, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended. The Plan allows eligible employees the opportunity to participate in the salary deferral components of the Plan. The Plan was amended with respect to the adoption of Automatic Data Processing Prototype non-standardized 401(k) Plan, effective July 1, 2008. The effect of this adoption is to convert the existing contract to a new contract, which offers different investment options for participants to choose.

In June 2010, the Plan was amended and restated to adopt Volume Submitter Profit Sharing Plan with CODA. Additionally, the Plan engaged Transamerica Financial Life Insurance Company as the record-keeper and custodian and Hicks Pension Services as the third party administrator. The Plan assets were transferred to Transamerica Financial Life Insurance Company in May 2010.

Eligibility

Eligibility for the participation in the Plan requires that all participants must have attained 21 years of age, and have completed two months of service. All employees, except those covered by a collective bargaining agreement and nonresident aliens, are eligible to participate in the Plan.

Contributions

Participants may contribute up to fifty percent of pre-tax annual compensation, as defined by the Plan. The contribution is subject to a maximum of $16,500 for 2011. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $5,500 for 2011.

The Company will make salary deferral matching contributions to each participant's account on an annual basis. The matching contribution is based on a discretionary percentage determined by the Company. Participants who have completed 1,000 hours of service, are employed by the Company, and are participating at the end of the Plan year eligible to share in the allocation of employer's matching contribution. For 2011 and 2010, the Company contributes 25% of the first 5% of salary contributions.

Qualified matching contributions may be permitted at the discretion of the Company. There was no qualified matching contribution for the years ended December 31, 2011 and 2010.

Note 1 - Description of Plan (continued)

Investment Elections

All investment elections are self-directed by the participants.

Vesting

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in the Company's matching portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 20% per year of service and are 100% vested after five years of credited service.

Forfeitures

Forfeitures of the Company's contributions may be used to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2011 and 2010 are $4,951 and $2,262, respectively. Forfeitures used to reduce employer-matching contributions were $2,262 and $9,411 in 2011 and 2010, respectively.

Benefit payments and withdrawals

Employees who terminate their employment with the Company for reasons other than death, disability or retirement shall receive the vested portion of the Company's contribution portion of their accounts. In addition, participants shall receive their total elective salary deferral account balance, which are fully vested and non-forfeitable at all times.

Upon incurring a disability, upon retirement or upon death the participant's shares in the Plan would become fully vested and distributed to him or her. Upon termination of service, a participant, in general, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and allocation of earnings or losses from the participant's self-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their funds accounts, a minimum of $1,000 up to a maximum equal to or lesser of $50,000 or 50 percent of the vested account balance. The loans are secured by the balance in the participant's account, and the loans bear interest at rates that range from 1.60% to 5.25%. Principal and interest is paid ratably through payroll deductions.

Administrative expenses

The majority of administrative expenses incurred by the Plan are absorbed by the plan sponsor.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for the benefit responsive investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 13 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2012, the date the financial statements were available to be issued and has determined that, except for items discussed in Notes 5 and 15, there are no subsequent events that would require recognition or disclosure in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Income taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that require financial statement recognition or disclosure. The Plan administrator believes that the Plan is no longer subject to examination by the applicable taxing jurisdictions for periods prior to December 31, 2008.

Note 3 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

The Plan held substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses in its funds to the extent of dollars invested in the funds.

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their account.

Note 5 - Excess participant contributions payable

The Plan failed the discrimination test for the years ended December 31, 2011 and 2010. Excess contributions amounting to $27,974 and $35,313 are recorded as a liability in the accompanying statements of net assets available for plan benefits as of December 31, 2011 and 2010, respectively. The Plan refunded these excess contributions to its participants in 2012. The 2010 excess contributions were reimbursed by the Plan in 2011.

Note 6 - Tax status

The Company adopted a prototype plan on August 1, 1996, which received a favorable opinion letter from Internal Revenue Service ("IRS") which stated that the Plan and related trust are designed in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and the Plan is tax-exempt. The Plan has subsequently been amended to adopt a Volume Submitter Profit Sharing Plan with CODA that received a favorable opinion letter dated March 31, 2008, which stated that the Plan complied with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Information certified by the Plan's custodian

All investments and related investment income and appreciation (depreciation) of investment assets for 2011 and 2010 have been included in the Plan's financial statements based upon reliance on the certifications of the custodian as to their accuracy and completeness.

Note 8 - Party-in-interest transactions

The Plan allows for transactions with certain parties who may perform service or have fiduciary responsibilities to the Plan. Transamerica Financial Life Insurance Company is both a record-keeper and custodian. During 2011, Hicks Pension Services was a third party administrator (see Note 15). PKF performs the annual audit of the Plan's financial statements. These transactions qualify as party-in-interest transactions.

The following is a reconciliation of increase in net assets per the financial statements to the Form 5500:

Increase in net assets per financial statements	$ 173,609
Add decrease in contributions receivable not included in Form 5500	2,961
Less decrease in excess contributions payable	7,339
Increase in net assets per Form 5500	$ 169,231

Note 11 - Administration of plan assets

The Plan's assets are held by the custodian of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 12 - Delinquent participant contributions and loan repayments

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable, but in no event more than 15 business days of the month following the month in which the participant contributions and loan repayments are withheld or received by the plan sponsor. The total amount of participant contributions and loan repayments that were funded late in 2011 was $913. Late contributions and loan repayments are considered a prohibited transaction.

Note 13 - Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures, in conformity with accounting principles generally accepted in the United States of America, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements).

The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1: Quoted prices in active markets for identical securities. When available, fair value is measured using Level 1 inputs.

- Level 2: Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc). The fair value of Transamerica Stable Value Advantage Retirement Account (fully benefit-responsive investment contract) and separate accounts is determined using Level 2 inputs.

- Level 3: Valuations based on inputs that are unobservable in the market and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 13 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Note 14 - Investment contract with Transamerica Financial Life Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which equals fair value, as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value with no conditions, limits or restrictions.

There are no reserves against contract value for credit risk of Transamerica. Since the contract value equals fair value, the average yield earned by the Plan is equal to the crediting interest rates. The crediting interest rates were approximately 2.7% and 1.67% for 2011 and 2010, respectively. Since the investment contract is not guaranteed, there is no stated minimum or maximum interest rate. Interest is credited, based upon the daily balance, at a rate that is daily equivalent of the effective annual rate of interest applicable for each month. Such interest rates are reviewed on a monthly basis for resetting (see Note 15).

Note 15 - Subsequent events

Subsequent to the year ended December 31, 2011, the Plan engaged Transamerica Financial Life Insurance Company as the third party administrator. The Plan also changed its broker of record to Pensionmark Retirement Group in April 2012.

In July 2012, an Amendment to Contract and Stable Value Fund Rider for the Transamerica Financial Life Insurance Company Contract Agreement changed the review for the contract value interest rate to a semi-monthly basis instead of a monthly basis (as noted in Note 14).
