INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
NATIONAL ASSET DIRECT RETIREMENT SAVINGS PLAN
San Diego, California

We were engaged to audit the financial statements and supplemental schedules of National Asset Direct Retirement Savings Plan (the Plan) as of December 31, 2011, and for the year then ended, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Guardian, the custodian of the Plan. Their report dated October 17, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Guardian, the custodian of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of the Plan

The following description of the National Asset Direct Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established on April 1, 2010 through transfer of assets from a separate qualified plan for the exclusive benefit of the participants and their beneficiaries. The Plan is offered to all eligible employees of National Asset Direct, Inc. and its wholly owned subsidiaries, iServe Servicing, Inc., iServe Real Estate Operations, Inc., and iServe Residential Lending, LLC (collectively the "Company").

General

The Plan is a defined contribution plan covering all eligible employees of the Company, who are at least 20 years of age. The Plan is a qualified cash or defined 401(k) profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2011, the Plan adopted a Principal Life Insurance Company Prototype Plan, with an effective date of January 1, 2012.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation or the federal maximum, whichever is less, as defined in the Plan. Participants may make pre-tax elective deferral contributions or Roth elective deferral contributions. Participants may also contribute rollover contributions to the Plan representing distributions from other qualified defined benefit or contribution plans.

Each year, the Company may elect to make a "safe harbor" matching employer contribution as defined in the Plan document. For the year ended December 31, 2011, the Company elected to match 100% up to 6% of each participant's compensation. The Company made a total matching employer contribution of $514,308.

In addition, the Company may elect a discretionary non-elective employer contribution. For the year ended December 31, 2011, the Company did not elect to make any discretionary non-elective employer contributions.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution, allocations of (a) the Company's contribution and (b) Plan earnings/losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in all contributions (participant, rollover, and "safe harbor" employer) plus actual earnings thereon.

Forfeitures

As participants are immediately vested in the Plan, there were no forfeitures of terminated participants' contributions during 2011.

Investment Options

The Plan provides participants with several investment options. Plan participants may direct the change of these investments in accordance with the Plan guidelines.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. Participants can only have two notes receivable outstanding from the Plan at any given time.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan documents.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2: Summary of Significant Accounting Policies, Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled separate accounts are valued on a daily basis using net asset value of the underlying registered or non-registered mutual funds in each separate account.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and are not reflected in the accompanying financial statements of the Plan. Certain transaction processing and administrative fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2010 financial statements have been reclassified to conform to the 2011 presentation.

Note 2: Summary of Significant Accounting Policies, Continued

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, ("ASU 2011-04"). ASU 2011-4 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures* ("ASC 820") to converge the fair value measurement guidance in U.S. generally accepted accounting principles ("GAAP") and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The provisions of ASU 2011-04 are not expected to have a material impact on the Plan's financial statements.

Note 3: Financial Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for the Reporting and Disclosures under ERISA. Accordingly, Guardian Group Retirement Solutions, specifically, the Guardian Insurance & Annuity Company, Inc. (Guardian), has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for plan benefits as of December 31, 2011 and 2010.
- Net investment loss as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2011.
- The schedule of assets (held at end of year) as of December 31, 2011, as shown on schedule H, Part IV, Line 4i.

At the request of the Plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 3: Financial Information Certified by the Custodian, Continued

Each of the following investment funds represents at least 5% or more of the net assets available for benefits:

	December 31, 2011	December 31, 2010
SSgA Short Term Investment	$ 317,080	$ 222,860
Goldman Sachs Short Duration Government	153,522	*
Fidelity Advisors Small Cap	*	108,845
Janus Capital Group, Inc. Forty	*	109,842
SSgA S&P 500 Index SL	*	122,144
PIMCO Short-Term	*	131,826

*Balance represents less than 5% of net assets at year-end.

Note 4: Fair Value Measurement

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts – Certain separate accounts are invested in registered mutual funds that are traded in active markets and should be classified as Level 1 investments. Other separate accounts are invested in non-registered collective investment funds that are valued based on the net asset value (NAV) provided by the fund manager. The Plan has concluded that these investments should be classified as Level 2 investments as these investments contain observable inputs but do not qualify as Level 1. The investment objectives and underlying investments of the separate accounts vary with some holding diversified portfolios of domestic or international stocks and mutual funds, some holding securities of U.S. companies in a particular industry sector, some holding public and private corporate bonds, commercial and residential mortgages, and others holding specific mutual funds. There were no unfunded commitments and the investment can be redeemed on a daily basis.

The fair values of the Plan's investments in pooled separate accounts have been estimated using the net asset value per unit of the investments. Major categories of pooled separate accounts in which the fund hold investments are as follows:

Note 4: Fair Value Measurement, Continued

Fixed income funds: These investments seek a high level of income and the potential for capital gains by investing primarily in income producing debt securities, inflation-indexed bonds, preferred stocks, and convertible securities.

Large-cap growth funds: These investments seek capital appreciation by investing in the common stock of well-established growth companies and securities whose values are believed to be not fully recognized by the public.

International/global funds: These investments seek long-term growth of capital by investing in a broad range of equity securities of companies in emerging markets.

Large-cap funds: These investments seek capital appreciation and current income by investing in dividend paying equities.

Small-cap funds: These investments seek long-term growth of capital by investing in securities of companies with small market capitalizations.

Retirement funds: These investments seek to provide the highest total return over time consistent with an emphasis on both capital growth and income.

Mid-cap funds: These investments seek growth of capital by investing in common stocks of mid-cap companies.

Stable value funds: The investment seeks to offer safety of principal and a competitive yield by investing in securities with maturities beyond what is eligible for purchase by traditional money market funds.

Trusts and ETF: These investments seek growth by investing in either equity investments or stable value investments depending on the current conditions.

Industry sector funds: These investments seek high total return through a combination of capital appreciation and current income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement, Continued

A summary of Plan investments measured at fair value is as follows:

Note 5: Parties-in-interest Transactions

Certain Plan investments are managed by Guardian. Guardian is the custodian as defined by the Plan and is a party-in-interest. The Plan incurred certain administrative services of $8,128 for the year ended December 31, 2011.

In addition, the Company did not remit certain participant contributions and loan repayments to the Plan in a timely manner which are considered nonexempt party-in-interest transactions. These transactions are further discussed in Note 9 below.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7: Tax Status

The Plan has adopted a Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated March 31, 2008. Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010 (the first year of Plan operations).

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Delinquent Participant Contributions

As presented on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions, the Company did not remit certain participant contributions and loan repayments to the Plan in a timely manner, as defined by ERISA. The Company considers all participant contributions and loan repayments delinquent if the funds are not remitted and posted to participant accounts within seven calendar days. Late participant contributions were $358,923 and $175,891 for the years ended December 31, 2011 and 2010, respectively. These participant contributions and loan repayments are considered nonexempt party-in-interest transactions. The Company made the participants whole for any lost earnings resulting from the delay in submittal of participant contributions and loan repayments. The lost earnings totaled $1,323 and were corrected in 2011 and 2012.

Note 10: Subsequent Events

Subsequent to year end, the Plan's investments were transferred from Guardian to Principal in conjunction with the change in custodians.

Subsequent events have been evaluated through October 11, 2012, the date the Plan financial statements were available to be issued.
