REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Vallarta Super Markets 401(k) Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Vallarta Supermarkets 401(k) Retirement Plan (the Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held At End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustees. Their report, dated October 6, 2011, indicated that (a) because of the significance of the information they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information certified by the trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 8, which was certified by John Hancock Life Insurance Company and Principal Trust Company, the trustees of the Plan's assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Vallarta Super Markets 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General - The Plan is a defined contribution plan established on October 1, 1998 and covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective June 21, 2012, the Plan changed its trustee from John Hancock Life Insurance Company to Principal Trust Company. As a result of the change in trustees, all assets held by John Hancock Life Insurance Company were transferred to Principal Trust Company.

Contributions - Each participant may elect to defer a percentage of his or her compensation up to the maximum allowed by law instead of receiving that amount in cash. Participants exercise investment direction over 100% of the assets in all of the accounts under the Plan. As defined in the Plan, the employer may make elective matching contributions at its sole discretion. For the year ended December 31, 2011, there were no employer matching contributions.

Contributions are subject to regulatory limitations.

Participant accounts - Each participant's account is increased or decreased with participant contributions, employer contributions, rollovers from other plans and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings, as defined. Forfeited balances of terminated participants' non-vested accounts that are used to reduce the employer's matching contribution are allocated to all eligible participants in the same proportion that each participant's compensation for the year bears to the compensation of all participants for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - The Plan provides for the following vesting of employer matching contributions:

Years of Service	Vested Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Participants' elective contributions are 100% vested at all times.

Note 1 - Description of Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan proceeds will be used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest, which commensurate with local prevailing rates as determined by the Plan administrator.

Payment of benefits - On termination of service or otherwise becoming eligible to receive benefits, participants will receive a lump-sum amount equal to the value of their vested account.

Forfeitures - Amounts forfeited by former participants who were not fully vested in the Plan will first be used to restore any participant's forfeited account balance upon re-employment, then to pay the administrative expenses of the Plan, and finally to supplement the employer contribution. All expenses of maintaining the Plan not covered by forfeitures are paid by the Company.

For the Plan year ended December 31, 2011, there were no forfeited non-vested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements

ASU No. 2010-06 - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) - Improving Disclosures about Fair Value Measurements*. The guidance, which was effective for reporting periods beginning after December 15, 2009, required additional disclosures about transfers between levels within the fair value hierarchy, and clarified existing disclosure requirements regarding classes of assets and liabilities measured at fair value. Additional guidance which is effective for reporting periods beginning after December 15, 2010 requires the Plan to present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements.

Note 2 - Summary of Significant Accounting Policies (continued)

ASU No. 2011-04 - In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Investment valuation - The Plan's investments are stated at fair value. Interests in pooled separate accounts, collective trusts and funds held in insurance general accounts are valued at fair value as reported by the trustees.

The Plan presents in the statement of changes in net assets available for benefits the net depreciation in fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition - Purchases and sales of securities are reflected as of the trade dates. Interest income is accrued as earned. Dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Concentration of credit risk - The Plan has exposure to credit risk to the extent that its investments are subject to market fluctuations that may materially affect the value of the investment balances.

Expenses - All expenses of maintaining the Plan are paid by the Company. Certain transaction fees are paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (continued)

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through October 15, 2012, which is the date the financial statements were issued.

Note 3 - Investments

The following presents investments that represent 5% or more of net assets available for benefits consist of the following as of December 31:

	2011	2010
John Hancock Lifestyle Balanced	*	$ 295,115
John Hancock Lifestyle Conservative	*	274,985
John Hancock Lifestyle Growth	*	227,415
John Hancock Lifestyle Moderate	*	196,980
John Hancock Lifestyle Aggressive	*	157,799
Columbia Acorn A Fund	$ 108,853	*
Janus Balanced Fund	287,116	*
Principal Trust Target 2030 Fund	734,719	*
Principal Trust Target 2050 Fund	127,646	*

During 2011, the Plan's investments in registered investment companies, pooled separate accounts and common trust (including gains and losses on investments purchased, sold, as well as held during the year) depreciated in fair value as follows:

Registered investment companies	$ (57,815)
Pooled separate accounts	(8,898)
Net depreciation in fair value of investments	$ (66,713)

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end based on unitization valuation processes specified in the fund contracts.

Insurance company general account: Valued at contract value (See Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriated and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2011:

	Investment Assets at Fair Value as of December 31, 2011

	Insurance Investment Contract
Balance, beginning of year	$ 7,223
Purchases, sales, issuances and settlements (net)	1,006
Balance, end of year	$ 8,229

Note 5 - Insurance Company General Accounts

Effective in June 2011 with the change in trustees, the Plan's investment contract with John Hancock Life Insurance Company was liquidated, and was replaced with Principal Life Insurance Company's Guaranteed Fixed Income Option Fund Contract (GFIO), a guaranteed investment contract. The GFIO is a benefit responsive contract entered into with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The GFIO is valued at fair value on the statements of net assets available for benefits. The contract value of this investment is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events that may limit the ability of the Plan to transact at contract value are not probable of occurring. The adjustment from fair value to contract value of the GFIO for the year ended December 31, 2011 was not material, and as such, fair value closely approximates contract value.

Note 5 - Insurance Company General Accounts (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is a blended rate determined using a dollar-weighted average of all the Guaranteed Interest Rates of the Guaranteed Interest Funds under this contract. Under the terms of the existing contract, the interest rate can be reset on an annual or semiannual basis. The GFIO is a single group annuity contract with a fixed rate of interest. The average yield earned by the Plan and credited to participants was 2.75% during 2011.

Contributions under the John Hancock Life Insurance Company group annuity contract were allocated to guaranteed interest accounts, which were not an investment contract but rather an investment option offered under the John Hancock group annuity contract. Such contributions were held in the John Hancock general account.

Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3, 5, or 10 year term, less any applicable contract of participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guaranteed period. The market value of the Guaranteed Investment Accounts is determined by a contractual formula that incorporates prevailing interest rates.

"New money" regular interest rates are established on the first day of each calendar month and apply to all regular on-going contributions made to the account in that month. "Composite" interest rates are determined for each participant account at the end of each reporting year based on the amount contributed and the rate in effect on the date it is allocated under the participant account. After each reporting year end date, contributions made will earn that year's composite interest rate until the end of the guaranteed term.

For each reporting year in which a participant makes a contribution to a guaranteed account, a new account is established for all contributions made during the reporting year and a new composite interest rate is established for each year.

The average annual "New Money" rates for 2010 for the 3, 5, and 10 year terms were as follows:

	2010
3 Year Account	0.44%
5 Year Account	1.01%
10 Year Account	1.63%

Note 6 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 - Information Certified By the Trustees

The Plan trustees, John Hancock Life Insurance Company (USA) ("John Hancock") and Principal Trust Company ("Principal"), hold the Plan's investment assets and execute transactions therein. The Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company and Principal Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010.
- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2011.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 9 - Party-In-Interest Transactions

Certain Plan investments are interests in fund accounts managed by John Hancock and Principal. John Hancock and Principal are the trustees of the Plan, and therefore, these transactions qualify as part-in-interest transactions.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
