INDEPENDENT AUDITORS' REPORT

We were engaged to audit the financial statements of *West Star Aviation, Inc. 401(k) Profit Sharing Plan* (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Trustee instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Transamerica Life Insurance Co. ("Transamerica"), the Plan Custodian and Administrator of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Trustee that the Plan Custodian and Administrator holds the Plan's investment assets and executes investment transactions. The Plan Trustee has obtained a certification from the Plan Custodian and Administrator as of and for the years ended December 31, 2011 and 2010, and that the information provided to the Plan Trustee by the Plan Custodian and Administrator is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Plan Custodian and Administrator, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of *West Star Aviation, Inc. 401(k) Profit Sharing Plan* (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1989, by West Star Aviation, Inc. (the "Corporation"), and amended April 1, 2010, is a 401(k) and profit sharing plan covering all eligible employees of the Corporation. An employee will become eligible for participation subsequent to attaining age 19 and completing four months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Each year, participants may contribute up to an annual maximum of 65% of eligible compensation, as defined in the Plan, or $16,500. The total of employee and employer contributions for a given year cannot exceed the lesser of $49,000 or 100% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Corporation may make a matching contribution on behalf of each active participant who had salary deferrals to the Plan during the Plan year. The percentage or amount shall be at the sole discretion of the Corporation. Prior to August 6, 2009, the Corporation made a matching contribution of 50% for each eligible participant's elective deferral contribution to the Plan up to 6% of a participant's eligible compensation. The Corporation suspended its matching contributions effective August 6, 2009. Effective January 1, 2011, the Company reinstated the employer match contribution. The Plan Sponsor's matching contributions was $263,795 for the year ended December 31, 2011.

Each year the Corporation may make a discretionary profit sharing contribution to be determined annually based on a percentage of eligible employee salaries. Employees must have 1,000 hours of service to be eligible. The Corporation did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2011.

Participant Accounts

Each participant account is credited with participant contribution and Corporation matching and profit sharing contributions, if any, an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants are also vested immediately in the Corporation's matching contribution account. Participants vest 10% per each of the first two years of service and 20% per year of service until they are 100% vested in non-matching contributions after six years of credited service.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Participants who terminate their employment and are less than 100% vested in their employer account will forfeit the non-vested portion. Forfeitures are retained in the Plan and used first to reduce future Plan administration fees and then applied to employer contributions. For the year ended December 31, 2011, no forfeited funds were used to reduce employer contributions. At December 31, 2011, forfeitures available to the Plan totaled $8,905.

Participant Hardship Withdrawals

Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's elected deferral, rollover and transfer accounts.

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant account and bear interest at a rate that is consistent with the provisions of the Internal Revenue Code ("IRC"), U.S. Department of Labor, and other applicable legal requirements. Principal and interest is paid ratably through payroll deductions. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of a primary residence.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is age 60. Under current law, payment of benefits shall commence no later than the attainment of 70 1/2 years of age. Upon death and total or permanent disability of a participant while employed, the account balance becomes fully vested.

On termination of service, participants with account balances of $1,000 or less will receive a lump sum amount equal to the value of their vested account balance. The distribution will be made as soon as administratively feasible. Account balances between $1,001 and $5,000 will be rolled over directly to an IRA established by the Plan, for the participant. Participants with account balances greater than $5,000 may elect for an immediate lump sum distribution or for distributions received in substantially equal installments over time of the value of their vested account balance.

Deemed Distributions

The deemed distributions are a result of participants with outstanding loan balances exiting the plan during the plan year.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions to any of the applicable investment options available under the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Plan Benefits presents the contract value of the investment contracts which approximates fair value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Administrative Expenses

The administrative expenses of the Plan are paid by the Corporation and participants of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from estimated amounts.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are stated are fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. The fair value of the insurance company general account approximates its contract value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

FASB Accounting Standards Codification 820-10, "Fair Value Measurements and Disclosures" defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements. The standard maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect the Plan Trustee's assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. This hierarchy consists of three broad levels:

Level I – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level II – Inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly. Level II inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level III – Unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. These inputs may include internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

The Plan records marketable securities held at fair value on the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits. The degree of judgment used in measuring the fair value of investments held generally correlates to the level of pricing observability. Pricing observability is impacted by a number of factors, including the type of investment held, whether the investment held is new to the market and not yet established and the characteristics specific to the transaction. Investments held with readily available active quoted prices for which fair value can be measured from actively quoted prices generally will have a higher degree of pricing observability and a lesser degree of judgment used in measuring fair value.

Conversely, investments held rarely traded or not quoted will generally have less, or no, pricing observability and a higher degree of judgment used in measuring fair value.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the valuation of the Plan's investments that are reported at fair value in the accompanying statements of net assets available for plan benefits as of December 31, 2011 and 2010:

		Fair Value Measurements Using:	
December 31, 2011:	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level I)	Quoted Prices In Active Markets For Similar Assets (Level II)

Pooled separate accounts total	9,825,895	-	9,825,895
Insurance company general account	1,192,025	-	1,192,025
Total	**$ 11,017,920**	$ -	**$ 11,017,920**

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level I inputs because they generally provide the most reliable evidence of fair value.

Level II Fair Value Measurements

The insurance company general account funds are comingled with assets of Transamerica. The fair value of this Level II account is traceable to various other published sources such as the S&P 500 Stock Index.

The fair value of the Level II pooled separate accounts is the market value of the underlying investments less operating expenses accrued but not deducted, if any.

NOTE 4 INVESTMENTS AND CONCENTRATIONS OF CREDIT RISK

The following presents investments that represent 5% or more of the Plan's net assets:

	2011	2010
Investments, at Fair Value		
Value of funds held in pooled separate accounts:		
NBRGR Partners Fund	$ 2,050,324	$ 2,352,519
Stable Value II Fund	1,613,112	1,192,025
Wells Fargo Adv Small Cap Value Fund	676,588	770,388
Loomis Sales Bond Fund	650,542	612,247
American Funds Growth Fund of AM	615,502	586,907
Transamerica Balanced Fund	N/A	670,517
Templeton Foreign Fund	N/A	609,736
American Century Vista Fund	N/A	763,393

As of December 31, 2011, the Plan had more than 10% of its net assets available for Plan benefits in the following investment vehicles: American Funds, Neuberger Berman, and Transamerica. As of December 31, 2010, the Plan had more than 10% of its net assets available for Plan benefits in the following investment vehicle: Neuberger Berman and Transamerica.

NOTE 5 CONTRACT WITH INSURANCE COMPANIES

As of December 31, 2011 and 2010, the Plan is invested in a fully benefit responsive investment contract with Transamerica under group annuity contract #998908. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contracts are included in the financial statements at contract value, which approximate fair market value, as reported to the Plan by Transamerica. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

NOTE 5 CONTRACT WITH INSURANCE COMPANIES (CONTINUED)

The average yield and crediting interest rates were approximately 2.61% and 2.86% for 2011 and 2010, respectively.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Transamerica. The Corporation believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 6 TAX STATUS

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Trustee and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has been amended since receiving the determination letter. The Plan Trustee believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the code. The Plan Trustee is not aware of any action or event that has occurred that might affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Trustee has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Trustee believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 RELATED PARTY TRANSACTIONS

For the 2011 Plan year, Transamerica was the Custodian of the Plan assets and therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2011.

NOTE 8 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Transamerica at December 31:

	2011	2010
Investments, at fair value		
Pooled separate accounts	$ 9,535,905	$ 9,825,895
Insurance company general account	1,613,112	1,192,025
Net investment loss from pooled separate accounts	(460,008)	
Net investment income from insurance company general account	36,538	
Interest on notes receivable from participants	29,921	
Fees	212	

NOTE 9 BENEFIT OBLIGATIONS

Included in net assets available for benefits are amounts allocated to individuals who have elected to withdraw from the Plan, but who have not been paid. Plan assets allocated to these participants were $1,004,349 and $1,407,302 at December 31, 2011 and 2010, respectively.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2012, the date which the financial statements were available to be issued and did not note any items which require disclosure.
