CPE HR CORPORATE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CPE HR Corporate 401(k) Plan provides only general information. Participants should refer to the Plan's adoption agreement ("Adoption Agreement") for more complete information of the Plan's provisions.

General

The Plan is a defined contribution plan and was established effective January 1, 2008. The Plan covers substantially all employees of CPE HR, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC).

The Plan was amended at various dates through December 31, 2009 to comply with applicable laws and regulations.

Contributions

Employees who are 18 years old are eligible to participate. All eligible employees are automatically enrolled to defer 3% of their eligible compensation as pre- and/or post-tax contributions. Employees may elect not to defer or chose a different percentage of deferral, subject to the IRC limitations, by submitting a new enrollment form. Plan participants over age 50 may defer catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified plans into the Plan.

As defined in the Plan, the Company makes safe harbor match of the participant's pre-tax and/or Roth elective contributions, dollar for dollar, up to 3% of eligible compensation, and 50 cents for each additional dollar between 3% and 5% of eligible compensation. Total matching contribution amounted to $218,643 for the year ended December 31, 2009.

The Company also may elect to make other non-matching contributions to the Plan. During the year ended December 31, 2009, the Company did not make non-matching contributions to the Plan.

Participants direct the investment of their contributions and their share of the Company's contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a stable value fund as investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting

Participants are 100% vested in their salary deferral contributions and in the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-matching contributions and earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Plan Administration

The Plan's assets are held by Transamerica, the custodian of the Plan, which invests cash received, interest, and dividend income, and makes distributions to participants. Transamerica also administers the payment of interest and principal on the loans, which are reimbursed to Transamerica through contributions, as determined by the Plan Adoption Agreement.

Participant Accounts

Separate accounts are maintained for each participant, which are adjusted to reflect the participant's contributions and Company's safe harbor and non-matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the participant or beneficiary will receive a lump-sum payment. The Plan's normal retirement age is defined by the Plan agreement.

Forfeitures

Forfeitures of the unvested balance of terminated participants' accounts are first used to pay Plan expenses, and any remaining forfeitures will reduce future Company's contributions. During the year ended December 31, 2009, no forfeitures were used to offset the Plan expenses or reduce Company's contributions. At December 31, 2009 and 2008, the balances of available forfeitures were $12,910 and $13,214, respectively.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Administrative Expenses

All reasonable expenses related to Plan administration are paid from Plan assets, except to the extent the expenses are paid by the Company.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 105, *Generally Accepted Accounting Principles,* which became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP), other than guidance issued by the Securities and Exchange Commission (SEC). FASB ASC 105 was adopted by the Plan as of December 31, 2009. As the ASC did not create any new GAAP standards but incorporated existing accounting and reporting standards into a new topical structure, the adoption of FASB ASC 105 only changed referencing convention of GAAP in the notes to the financial statements.

Fully Benefit-Responsive Investment Contracts

The Plan follows the provisions of FASB ASC 946-210-45, *Other Presentation Matters*, which requires the statements of net assets available for plan benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts, and the statement of changes in net assets available for plan benefits to be prepared on a contract value basis for the fully benefit-responsive investment contracts. Fully benefit-responsive contracts are the contracts that guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan and transfers to a non-competing fund) will be covered at contract value.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Valuation of Investments

The pooled separate accounts with Transamerica are stated at fair value as reported to the Plan by Transamerica, based on the quoted market prices of the underlying funds. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Those separate accounts investing in equity securities are measured using quoted prices in active markets for identical assets (Level 1 inputs – Note 6).

Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2 inputs – Note 6).

The funds held in the insurance company general account are invested in the Transamerica Stable Value Fund, which is considered a fully benefit-responsive contract and is carried at fair value, as required by the FSP. Contract value of this contract approximates fair value due to the monthly resetting of interest rates and no stated maturity dates. Also, the amount payable on demand is the contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Loans to participants are stated at their current face value, which approximates fair value.

Investment Contract

Plan has an investment contract with Transamerica through the Stable Value Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined in the FSP.

Transamerica maintains the contributions and invests them in Transamerica's general account. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month.

Contract charges may reduce this return. There are no reserves against contract value for credit risk of Transamerica or otherwise.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Contract - Continued

During the years ended December 31, 2009 and 2008, crediting interest rates for the Stable Value Fund were as follows:

	2009	2008
Minimum Rate	3.00%	3.85%
Average Rate	3.49%	3.89%
Closing Rate	3.00%	3.85%

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals $20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

During the year ended December 31, 2009, the Plan adopted FASB ASC 855, *Subsequent Events,* which establishes general standards of accounting for and disclosures of events that occur after the financial statement date but before the financial statements are issued or are available to be issued. FASB ASC 855 sets forth the period after financial statement date during which management of the Plan should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which the Plan should recognize events occurring after the financial statement date in its financial statements, and the disclosures that the Plan should make about events or transactions that occurred after the financial statement date.

In preparing the accompanying financial statements, the Plan evaluated events occurring between December 31, 2009 and July 29, 2010 (the date the financial statements are available to be issued) and did not identify any significant subsequent events that required recognition in these financial statements.

New Accounting Pronouncements

In January 2010, the FASB issued Auditing Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements,* to amend the disclosure requirements related to recurring and nonrecurring fair value measurements. The guidance requires new disclosures on the transfers of assets and liabilities between Level 1 (quoted prices in active market for identical assets or liabilities) and Level 2 (significant other observable inputs) of the fair value measurement hierarchy, including the reasons and the timing of the transfers. Additionally, the guidance requires a roll forward of activities on purchases, sales, issuance, and settlements of the assets and liabilities measured using significant unobservable inputs (Level 3 fair value measurements). The guidance will become effective for periods beginning after December 15, 2009, except for the disclosure on the roll forward activities for Level 3 fair value measurements, which will become effective for fiscal years beginning after December 15, 2010. The adoption of this new guidance is not expected to have a material impact on the Plan's financial statements.

NOTE 3 - LOANS TO PARTICIPANTS

Participants are permitted to obtain loans as defined by the Adoption Agreement, subject to certain limitations. Generally, loans are to be repaid on an installment basis through payroll deductions over a period not to exceed 5 years, except in the case used to acquire a principal residence. All loans are adequately secured by the participant's account balance and bear interest as defined by the Adoption Agreement.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested for any portion of their accounts not fully vested previously.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2009 and 2008, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009, and the related investment activity reflected in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2009.

NOTE 6 - FAIR VALUE MEASUREMENTS

Authoritative accounting literature establishes a fair value hierarchy that prioritizes the inputs used to measure fair value based on observable and unobservable data. The hierarchy categorizes the inputs into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3), as follows:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities. An active market for the asset is defined as a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Inputs other than quoted prices included in Level 1 that are either directly or indirectly observable for the asset as of the reporting date. These inputs are derived principally from, or corroborated by, observable market data.

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

- Level 3 - Unobservable inputs that are supported by little, if any, market activity and are significant to the fair value of the assets as of the measurement date.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2009 and 2008:

	Fair Value Measurement at December 31, 2009 Using Input Type			
	Level 1	Level 2	Level 3	Total

Total investments	$ 498,263	$ 956,416	$ 127,547	$ 1,582,226

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

For loans to participants measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during 2009, the reconciliation of beginning and ending balances is as follows:

Fair value at January 01, 2009	$ 127,547
Purchases, sales, transfers, issuances, and settlements, net	6,720
Fair value at December 31, 2009	$ 134,267

NOTE 7 - INVESTMENTS

The following table presents the values of investments representing 5% or more of the Plan's net assets:

	2009	2008
Stable Value Fund	$ 763,944	$ 768,796
TA Balanced Fund	417,949	143,081

During 2009, the Plan's investments (including interest, dividends, and gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $301,015.

NOTE 8 - PARTY-IN-INTEREST

Certain Plan investments are managed by Transamerica, the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. However, these transactions are exempt pursuant to ERISA regulations.

NOTE 9 - INCOME TAX STATUS

The Company has adopted a Volume Submitter Plan with cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is required to operate in accordance with IRC to maintain its tax-exempt qualification. The plan administrator believes that during 2009, the Plan was designed and operated in accordance with applicable provisions of IRC.
