AMERICAN RACING AND ENTERTAINMENT, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010, 2009, 2008 AND 2007

NOTE 1 - DESCRIPTION OF THE PLAN

GENERAL

American Racing and Entertainment, LLC 401(k) Plan (the "Plan") is a defined contribution plan for the benefit of the employees of American Racing and Entertainment LLC (the "Company") and its related companies (the "Subsidiaries") that participate in the Plan (collectively, the "Participating Employers") with an opportunity to increase their savings on a tax-favored basis. The Plan was adopted effective September 1, 2006 and amended and restated on August 31, 2009, and covers all eligible employees, as defined in the Plan Agreement, who have attained the age of twenty-one (21) and six (6) months of service, except for those defined in the Plan Agreement. An employee is eligible to participate in the Plan on the day the eligibility requirements are met. The Plan is qualified under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Assets of the Plan are held by the trustee established under the Plan as described in Note 6. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The following Participating Employers participated in the Plan during the years ended December 31, 2010, 2009, 2008 and 2007:

- American Racing and Entertainment, LLC
- Mid-State Raceway, Inc. and Subsidiary d/b/a Vernon Downs
- Tioga Downs Racetrack, LLC

CONTRIBUTIONS

An eligible employee may contribute up to 100% of his or her annual compensation, up to a maximum of $16,500 for 2010 and 2009, and $15,500 for 2008 and 2007, on a pretax basis, through the execution of a salary reduction agreement. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution for 2010 and 2009 was $5,500, and for 2008 and 2007 was $5,000. For the years ended December 31, 2010, 2009, 2008 and 2007, the Company made qualified Safe-Harbor matching contributions equal to 100% of participants' elective deferrals up to 3% of the participants' compensation, plus 50% of participants' elective deferrals above 3%, but not over 5% of the participants' compensation.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, Plan earnings and an allocation of the Company's matching contribution. Benefit payments, if any, are specifically charged to the participant's account. Certain fees incurred in connection with the direction of a participant on any Plan account maintained on the participant's behalf may be charged and paid from the assets of such participant account. As a participant-directed Plan, each participant's investments determine his or her share of earnings or losses. Allocations of Company matching contributions are based on a participant's salary deferral. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's qualified Safe-Harbor matching contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) the greater of (i) fifty percent (50%) of their vested interest in the Plan reduced by any outstanding loan at the time of application or (ii) $10,000 reduced by any outstanding loan at the time of application. The participant may have no more than two (2) loans outstanding at one time. The loans are secured by the balance in the participant's accounts and bear annual interest. Interest rates on outstanding loans at December 31, 2010, 2009, 2008 and 2008 were 5% which is commensurate with local prevailing rates determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than five years. If any scheduled loan repayment remains unpaid for more than ninety (90) days after due, the loan is considered to be in default. The participant is then treated as having received a deemed distribution for the remaining balance of the loan. During the years ended December 31, 2010 and 2008, loans in default in the amount of $5,964 and $2,191, respectively, were deemed distributions and were included in distributions to participants on the statements of changes in net assets available for benefits. There were no deemed distributions for the years ended December 31, 2009 or 2007.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PAYMENT OF BENEFITS

Participants are entitled to receive distributions upon attaining age 65 (normal retirement age), age 59 ½ (pre-retirement age) or as a result of a financial hardship as defined by the Plan. Participants that are terminated as a result of death, disability or for other reasons are also entitled to distributions. Participant account balances of $5,000 or less are automatically distributed in one lump-sum.

HARDSHIP WITHDRAWALS

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the Internal Revenue Code, not to exceed a participant's actual contributions to the Plan and must result from an immediate and heavy financial need of the participant as determined on a non-discriminatory basis by the Plan Administrator.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid out of the net assets available for benefit unless paid by the Company. For the years ended December 31, 2010, 2009, 2008 and 2007, expenses for the general administration and recordkeeping of the Plan were paid out of the net assets available for benefits. These amounts were allocated among accounts of all participants in the Plan, in a fair manner, or, where applicable, allocated to a specific participant based on transactions requested under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared under the accrual method of accounting, except for benefits, which are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value as measured by quoted market prices or estimated market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. All gains and losses (realized and unrealized) are reported in the net appreciation (depreciation) in fair value of investments on the accompanying statements of changes in nets assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures"*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

LEVEL 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

LEVEL 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010, 2009, 2008 and 2007.

Guaranteed interest account: Valued at fair value which approximates contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled separate accounts: Valued based on the observable net asset value of the underlying investment or the net asset value of the underlying pool of securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010, 2009, 2008 and 2007:

NOTE 5 - GUARANTEED INTEREST ACCOUNT

The Plan has a guaranteed interest contract with Principal Life Insurance Company that is not fully benefit responsive. Under the terms of the contract, contributions, as directed by participants, are invested in the guaranteed interest account under a group annuity contract issued by Principal Life Insurance Company.

The contract is included in the financial statements at contract value, which approximates fair value. The contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and investment fees. The average effective yield equals the average crediting interest rate. The crediting interest rate is based on a formula agreed upon with the Plan. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed fixed rate of the contracts approximated 1%, 1%, 2% and 4% during the years ended December 31, 2010, 2009, 2008 and 2007, respectively.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by Principal Life Insurance Company, the record keeper and trustee for the Plan, at December 31, 2010, 2009, 2008 and 2007, except for comparing the information certified by the trustee to information included in the Plan's financial statements and supplemental schedules. The information certified by the Plan trustee as of December 31, 2010, 2009, 2008 and 2007 and for the years ended December 31, 2010, 2009, 2008 and 2007 is as follows:

NOTE 7 - TAX STATUS

The Company adopted a Prototype plan, which received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which stated that the Company may rely on the opinion letter with respect to the qualification of the Plan under IRC Section 401(a) except as stated below, and also informed the Company that the Prototype Plan will not

NOTE 7 - TAX STATUS (CONTINUED)

receive a determination letter. The opinion of the IRS does not apply for purposes of IRC401(a)(10)(B) and 401(a)(16); however, the Company may separately request a determination from the IRS with respect thereto. The Company has not requested such a determination. The Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of American require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Plan's Trustee and, therefore, these transactions qualify as party-in-interest transactions. The Plan extends loans to participants, who are considered parties-in-interest.

NOTE 9 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants remain 100% vested in their Company matching contributions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - VOLUNTARY FIDUCIARY CORRECTION PROGRAM

The Plan Sponsor determined that it was likely that certain remittances of employee deferrals and/or loan repayments for the Plan years ended December 31, 2010, 2008 and 2007 were not made timely in accordance with DOL guidelines. The Plan Sponsor ultimately decided to categorize the remittances in question as prohibited transactions. The Plan Sponsor is in the process of filing with the DOL's Voluntary Fiduciary Correction Program ("VFCP") to correct all untimely remittances. All remittances that the Plan sponsor intends to correct are included on the schedules of delinquent contributions in the supplemental schedules to the financial statements.

NOTE 12 - SELF-CORRECTION OF EARLY PARTICIPATION

The Company determined that two employees were allowed to contribute to the Plan, and receive matching contributions, prior to the date allowed under the Plan's eligibility provisions. The Company is taking remedial actions under the Correction Program component of the IRS's Employee Plans Compliance Resolution System to self-correct the early participation issues.

NOTE 13 - SUBSEQUENT EVENTS

In August 2012, the Plan was amended to allow environment service position employees who are in the Teamsters Local #182 Union to join the Plan.

The Plan's management has evaluated subsequent events to determine if events or transactions through October 12, 2012, the date the financial statements were available to be issued, require potential adjustment to, or disclosure in, the accompanying financial statements. Except as noted above, no events have occurred that would require adjustment to or disclosure in the financial statements.
