INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Valley Fine Foods 401(k) Plan

We were engaged to audit the financial statements and supplemental schedules of The Valley Fine Foods 401(k) Plan (the "Plan") as of December 31, 2011 and for the year then ended, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan (the "Trustee"). The other auditors' report, dated October 7, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes all investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

Valley Fine Foods 401(k) Plan (the "Plan") is a defined contribution plan for the benefit of the employees of Valley Fine Foods (the "Company"). The Plan was adopted effective January 1, 2009 and covers all eligible employees. All employees are eligible, except for those who are members of a collective bargaining agreement. The Plan was established under the Safe Harbor provision in Section 401 of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). State Street Bank and Trust Company is the Plan Trustee and custodian. The Human Resources Manager is the Plan administrator, who serves at the discretion of the Company's Board of Directors, and administers the Plan. The Plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits and interpreting Plan documents. Each participant allocates his or her Plan contributions among the funds available in the Plan.

ELIGIBILITY

Employees who are age twenty one or older and have completed one year of service in which 1,000 hours are worked are eligible to participate in the Plan. Enrollment will begin on the first day of the month following the completion of the eligibility requirements.

CONTRIBUTIONS

Participants

An eligible employee may contribute up to 85% of his or her annual compensation, limited to a maximum contribution of $16,500 in 2011, by Section 402(g) of the Code. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution for 2011 was $5,500. Participant contributions were $219,706 for the year ended December 31, 2011.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Employer

In accordance with the Plan provisions, the Company makes Safe Harbor Matching Contributions equal to 100% of the participant's contribution up to 4% of the participant's eligible compensation. Employer contributions were $130,234 for the year ended December 31, 2011.

The Company may also elect to contribute to the Plan a non-elective contribution from its profits for the year. There were no employer profit sharing contributions for the year ended December 31, 2011.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (i) Employer contributions, if any, and (ii) Plan earnings. All allocations are based on participant earnings or account balances to various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses are paid by the Plan. Administrative expenses that are attributable to a participant are charged to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions, safe harbor matching contributions, plus actual earnings thereon. Vesting of the Company's discretionary non-elective contributions if any, and any income or loss is based on years of continuous service. A participant becomes fully vested after six years of credited service on a graded vesting schedule. However, a participant shall also become fully vested immediately upon death, permanent disability or attaining the normal retirement age of 65.

Years of Service	Vesting %
Less than 2 years	0%
At least 2 years	20%
At least 3 years	40%
At least 4 years	60%
At least 5 years	80%
6 years or more	100%

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested interest in the Plan. Participants must repay any outstanding loan before a new loan can be made. The loans are secured by the balance in the participants' accounts and bear interest at rates of 5.25% and mature through January 2017. The interest rates for loans are based on the prime rate as published in The Wall Street Journal, plus two percentage points. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which must be repaid within a period of no more than 30 years. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan is considered to be in default. During the year ended December 31, 2011, loans of $2,500 in default were deemed distributions and were included in benefits paid to participants.

PAYMENT OF BENEFITS

On termination of service, due to death, disability, or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in their account, or annual installments over a period of years. For termination due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for hardship withdrawals of part or all of a participant's vested account, as outlined in the Plan. Benefits are recorded when paid.

FORFEITURES

Forfeitures resulting from non-vested portions of participants' accounts who terminate prior to being fully vested are first used to reduce administrative expenses and then to reduce Company contributions. For the year ended December 31, 2011, $197 forfeited non-vested amounts were used to reduce Company contributions.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Company, except for transaction fees with optional services offered under the Plan. Transaction fees are charged directly to specific participant accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared under the accrual method of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value as determined by the Plan's Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes realized and unrealized gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

RECLASSIFICATIONS

Certain amounts in the prior year's financial statements have been reclassified for comparative purposes to conform to the presentation in the current year's financial statements. These reclassifications have no effect on previously reported net increase in net assets available for plan benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies issued at December 31, 2011 and 2010.

Common/collective trusts: Units held in common/collective trusts are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying asset owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a common and collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for a common and collective investment is classified within Level 2 of the valuation hierarchy.

Registered investment companies: Valued at the NAV of shares held by the Plan at year end, using prices in the active market.

Stable value fund: The Plan reports its direct and indirect interests in fully benefit-responsive investment contracts at fair value in the common/collective trusts caption of the statements of net assets available for benefits. In addition, any material difference between the fair value of these investments and their contract value is presented as a separate adjustment line in the statements of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts. The Plan does not directly invest in guaranteed investment contracts, but instead invests in them through a stable value fund, The Invesco Stable Asset fund. The stable value fund is valued using a discounted cash flow methodology. Management has determined that the contract value of the stable value fund as of December 31, 2011 and 2010 approximated fair value. Accordingly, the statements of net assets available for benefits reflected no adjustment for the difference between net assets at fair value and net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following unaudited information in the financial statements and schedule 4i was certified to be complete and accurate by the Trustee of the Plan within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts included as investments at fair value in the statements of net assets available for plan benefits as of December 31, 2011 and 2010.
- Investment income and net depreciation in fair value of investment amounts included in the statement of changes in net assets available for plan benefits for the year ended December 31, 2011.
- All amounts enumerated in the schedule of assets (held at end of year) as of December 31, 2011.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

The fair value of investments that represent five percent (5%) or more of the Plan's net assets available for benefit as of December 31, 2011 and 2010 are as follows:

	December 31, 2011	2010
SSGA S&P 500 Index Fund	$ 158,431	$ 121,314
SSGA Target Retirement 2040 Strategy Fund	130,888	123,388
SSGA Target Retirement 2030 Strategy Fund	109,707	76,320
SSGA Target Retirement 2020 Strategy Fund	71,522	67,882
Jennison Natural Resources A	51,342	42,947

NOTE 5 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Company adopted a prototype plan, which received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator and Trustee intend to amend the Plan on a timely basis to comply with all applicable, recently adopted tax laws and regulations. The Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of American require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of common/collective trusts that are managed by the Plan's Trustee and, therefore, these transactions qualify as party-in-interest transactions. Participant loan activities also qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Code.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

	December 31, 2011	2010
Net assets available for benefits per the financial statements	$ 932,040	$ 696,312
Less: Participant contributions receivable, 2011	(12,538)	--
Less: Employer contributions receivable, 2011	(5,636)	--
Net Assets Available for Benefits per Form 5500	$ 913,866	$ 696,312

The following is a reconciliation of participant contributions per the financial statements for the year ended December 31, 2011 to Form 5500:

	For the Year Ended December 31, 2011
Total participant contributions per the financial statements	$219,706
Less: Participant contributions receivable, 2011	(12,538)
Total participant contributions per Form 5500	$207,168

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2011 to Form 5500:

	For the Year Ended December 31, 2011
Total employer contributions per the financial statements	$ 130,234
Less: Employer contributions receivable, 2011	(5,636)
Total employer contributions per Form 5500	$ 124,598

The reconciliations are due to Form 5500 being prepared on the cash basis, while the financial statements are prepared on the accrual basis.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2011, there were delinquent participant contributions for 11 out of 26 payrolls during the year totaling $105,653 that were not deposited in a timely matter. Nearly all contributions have been deposited as of the report date. A final payment of $4,838 has not been made as of the report date. This amount is included in the Participant contributions receivable as of December 31, 2011. The Plan is in the process of calculating lost earnings on delinquent participant contributions and will deposit the lost earning along with the $4,838 of delinquent contributions into the plan during the year ended December 31, 2012.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's management evaluated events occurring subsequent to December 31, 2011 through October 12, 2012 for potential recognition and disclosure in the financial statements. No events have occurred during this period that would require adjustment to the financial statements.
