Independent Auditors' Report

We were engaged to audit the financial statements and supplementary information of Metro Star Savings Plan ("Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Mutual Life Insurance Company and Principal Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

METRO STAR SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Metro Star Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on January 1, 1990. From 2002 to 2010, the Plan operated under Safe Harbor provisions. Effective January 1, 2010, the Plan was amended to replace Safe Harbor provisions with discretionary matching contributions.

Eligibility

The Plan covers substantially all employees of Metropolitan Theatres Corporation and its subsidiaries (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employee must have completed one year of service in which they have worked at least 1,000 hours and be at least 21 years of age to participate in the Plan, make elective deferral contributions and be eligible to receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations. Employees who attained age 50 are eligible to make Catch-up contributions.

Pursuant to the Plan's provisions, the Company may elect to make discretionary matching contributions. For 2011, the Company elected to match participants' salary deferrals according to Tiers based on the length of a participant's service with the Company:

Tier	Years of Service	Matching Contribution
1	1-5	12.5% of the first 4% of salary deferral
2	6-10	25.0% of the first 4% of salary deferral
3	11-15	37.5% of the first 4% of salary deferral
4	15 or more	50.0% of the first 4% of salary deferral

The Plan also allows rollover contributions from other qualified plans.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2002. Employer's matching contributions received after January 1, 2010 vest over four years of service, at 25% per year, beginning with the second year of service.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Forfeitures

Forfeitures are generally used to reduce future employer contributions. There were no forfeitures in 2011.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the employer contribution. Benefits are generally paid in a lump-sum but the beneficiary may elect to have the amounts paid as an annuity.

Administrative Expenses

Most administrative expenses that include investment fees and recordkeeping costs are paid out of the assets of the Plan. Certain other administrative costs related to the Plan are paid by the Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account, accrue interest at the rate of 5.25% per annum, and are required to be repaid in monthly installments including interest within five years. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are stated at fair value determined based on the quoted market price as of the last day of the Plan's year. Sales and purchases of investments are accounted for on a trade date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Benefits

Benefit payments to participants are recorded when paid.

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentration of credit risk, consist of investments that are placed with high credit quality financial institutions.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through October 5, 2012, which is the date the financial statements were issued.

NOTE 3 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Mutual Life Insurance Company and Principal Trust Company, the Plan's trustees, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplementary information.

* 5% or more of Plan net assets

During 2011, the Plan’s investments in pooled / separate accounts and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $38,076 and ($279,696), respectively.

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of pooled / separate accounts and insurance unallocated contracts managed by Principal Mutual Life Insurance Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 30, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under ASC 820 are described below (continued):

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other then quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2011 and 2010:

Pooled/Separate Accounts: Valued based on the closing net asset value per share of the shares of an underlying fund times the number of shares of that fund held by the sub-account. While the underlying assets values are based on publicly quoted prices, the net asset value of the separate accounts are not publicly quoted.

Mutual Funds: Valued based on the closing net asset value of shares held by the plan at year-end. The value of shares is based on publicly quoted prices.

Guaranteed Interest Accounts: Fair value is the amount plan participants or sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

As of December 31, 2010, Principal U.S. Property Separate Account was classified as a Level 3 fair value measurement, due to certain temporary restrictions on withdrawals that resulted from insufficient liquidity. The restrictions ended in March 2011, and the investment was reclassified as a Level 2 fair value measurement.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

On January 1, 2012, the Plan's Investment in Principal guaranteed interest account with a maturity date of December 31, 2011 matured, and the proceeds were reinvested in accordance with participants directions.

In 2012, the Plan was amended to exclude bonuses and commissions from compensation used to establish participant deferrals and employer matching contributions, and to allow participants to designate their deferrals as Roth contributions.
