NOTE 1 - PLAN DESCRIPTION

The following description of the Sansei Gardens, Inc. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Each year participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants are eligible for employer contributions if they have completed one year of service (defined as 1,000 hours) and are employed by the sponsor at the end of the plan year. The sponsor discontinued the Company match until further notice. In addition, the Company may make a discretionary profit sharing contribution to the Plan. Participants direct the investment of the Company matching and profit sharing contributions. Contributions are subject to certain limitations.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) plan earnings, charged with an allocation of administrative expenses. Allocations are based on participant's account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six continuous years of credited service. Employer vesting schedule for plan participants is as follows:

NOTE 1 - PLAN DESCRIPTION (Continued)

d) Vesting (continued)

End of year 1	0%
End of year 2	20%
End of year 3	40%
End of year 4	60%
End of year 5	80%
End of year 6	100%

e) Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Participants may only have one loan outstanding at any time. The loans are secured by the balance vested in the participant's account and bear interest at a reasonable rate, which is determined by the plan administrator. Payment terms of the loan are a maximum of five years. However, if used to purchase the participant's principal residence, the plan administrator may permit a longer repayment term. Principal and interest payments must be made at least quarterly. Participants make payments ratably through payroll deductions.

f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or systematic withdrawals. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

g) Forfeited Accounts

At August 31, 2012 and 2011, forfeited non-vested accounts totaled $39 and $7,813, respectively. These accounts will be used to pay administrative expenses under the Plan, as directed by the sponsor. Any remaining amounts will be used to reduce future discretionary employer contributions under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

e) Payments of Benefits

Benefits are recorded when paid.

f) Operating Expenses

Significant investment management fees and loan origination fees associated with notes receivable from participants are paid by the Plan. Professional fees related to the Plan, including audit fees, are paid by forfeitures of the Plan. Any excess fees not covered by forfeitures will be paid by the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Reclassifications

Certain classifications have been made to the prior year financial statements in order for them to be in conformity with current year presentation.

h) Subsequent Events

The Plan has evaluated subsequent events through May 23, 2013, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments at August 31, 2012 and 2011, that represent 5% or more of the Plan's net assets:

	August 31,	
	2012	2011
Lifestyle - Aggressive	$ 287,648	$ 246,453
Lifestyle - Balance	192,894	224,953
Lifestyle - Conservative	124,800	246,094
Lifestyle - Growth	373,875	355,813
Lifestyle - Moderate	138,627	109,856
Money Market Fund	284,733	256,866
Total	$ 1,402,577	$ 1,440,035

During the plan year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $90,049 as follows:

Pooled separate accounts	$ 90,049

See Independent Auditors' Report.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2012 and 2011.

Pooled Separate Accounts: Investments in the underlying mutual funds are valued at the net asset value per share at the close of each business day as reported by each Fund, which value their securities at fair value.

Guaranteed Interest Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2012 and 2011:

Assets at fair value as of August 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Aggressive growth funds	$ -	$ 1,137	$ -	$ 1,137

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, Sansei Gardens, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual accounts.

NOTE 6 - TAX STATUS

The Plan adopted Nicolas Pension Consultants' Volume Submitter Profit Sharing Plan with CODA, effective September 14, 2011. The Internal Revenue Service (IRS) issued a clean opinion letter that stated this prototype plan qualified under the applicable provision of the Internal Revenue Code (IRC). Although the Plan has not received a determination letter from the IRS, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable nondiscriminatory requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, which such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 8 - FINANCIAL INFORMATION CERTIFIED BY THE QUALIFYING INSTITUTION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from John Hancock Life Insurance Company (U.S.A) the qualifying institution, that all of the information provided is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the qualifying institution, interest income, and all information in the supplemental schedule is presented in reliance solely upon those certifications, and has not been audited by the independent auditors.

NOTE 9 - PARTY IN INTEREST

During the plan year ended August 31, 2012, the Plan purchased investments in the John Hancock Life Insurance Company (U.S.A). John Hancock is the qualifying institution as defined by the Plan for the years ended August 31, 2012 and 2011, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - PLAN CLASSIFICATION

The Plan is a member of a controlled group. As defined by the Internal Revenue Code, a controlled group plan is a plan established by the management of a controlled group of corporations or group of trades or businesses under common control. The Plan receives contributions from the employees of Sansei Gardens, Inc. and New Image Landscape Company, as well as from the companies themselves. Sansei Gardens, Inc. and New Image Landscape Company meet the qualifications as trades or businesses under common control.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The August 31, 2012, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported on the Form 5500, as well as the net changes in plan assets, are in agreement in total with the amounts included in the accompanying financial statements. There are classification differences between the August 31, 2012, financial statements and Form 5500, but due to the fact that the totals agree, a reconciliation to Form 5500 has not been prepared.

The August 31, 2011, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported on the Form 5500, are in agreement with the amounts in the accompanying financial statements.

NOTE 12 - CHANGES TO FUND OPTIONS

During the plan year ending August 31, 2012, the Plan added the Retirement Living through 2050 Fund, part of the Lifecycle funds, the Mutual Global Discovery Fund and the Fundamental Large Cap Value Fund, part of the Growth and Income funds, the John Hancock Disciplined Value Fund, the Fundamental All Cap Core Fund and the Value Fund, part of the Growth funds, and the American Century Heritage Fund, part of the Aggressive growth funds. The Plan removed the Optimized Value Fund, part of the Growth and Income funds, the Mutual Global Discovery Fund, the BlackRock Large Cap Value Fund, the Franklin Balance Sheet Fund, the Columbia Value & Restructuring Fund, the Optimized AllCap Fund and the Real Estate Securities Fund, all part of the Growth funds.

During the plan year ending August 31, 2011, the Plan added the Retirement Living at 2020 Fund, part of the Lifecycle funds and the Land the American Century Heritage Fund, part of the Aggressive growth funds.

NOTE 13 - PLAN AMENDMENTS

Effective September 1, 2011, the Plan adopted and restated its plan under a volume submitter adoption agreement to conform to all of the provision of EGTRRA, JCWAA and SOA.

Effective July 1, 2011, Jon Spalding and Scott Stimmell were removed from the Plan as plan trustees and were replaced by Peggy Takehara and Guillermo Ruvalcaba.
