INDEPENDENT AUDITOR'S REPORT

To the Trustee
Santa Cruz Nutritionals 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of Santa Cruz Nutritionals 401(k) Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investment information summarized in Note 7, which was certified by Principal Life Insurance Company and State Street Bank and Trust Company, custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Santa Cruz Nutritionals 401(k) Plan provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of plan provisions.

General - The Plan is a 401(k) salary deferral plan covering substantially all employees of Santa Cruz Nutritionals, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Santa Cruz Nutritionals (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility - Employees are eligible to participate in the Plan upon reaching age 21.

Contributions - Participants may elect to defer amounts up to limitations imposed by federal tax law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution; and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their salary deferrals, plus actual earnings thereon. Vesting in company contributions is based on years of service, with increases in increments of 33% per year until fully vested after three years.

Loans to participants - Participants may borrow up to 50% of their vested account balance, but not in excess of $50,000. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the rates of interest on outstanding loans ranged from 4.5% to 10.25%, with various maturities through December 2012.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or annual installments for a defined period of time. On termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are first used to pay plan administrative expenses, with any remaining amount used to reduce future company contributions. Forfeited accounts totaled $0 and $960 at December 31, 2009 and 2008.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation - Investments are stated at fair value as certified by the Plan's custodians, Principal Life Insurance Company (Principal) and State Street Bank and Trust Company (State Street). Shares of registered investment companies are valued at net asset value, which is quoted on an active market. Units held in pooled separate accounts are valued at the unit value as reported by the investment manager of the accounts.

Loans to participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of loans to participants is equal to the amortized cost of the loans because the loans are secured by each participant's account balance.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of participant-directed investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of benefits - Benefits are recorded when paid.

Expenses - Administrative expenses are paid by the Company or the Plan. Certain transaction fees are paid by the Plan.

Subsequent events - The Plan has evaluated subsequent events through July 30, 2010, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

Investments representing 5% or more of net assets available for benefits consisted of the following as of December 31:

	2009	2008
Guaranteed Interest	$ 1,912,608	$ 1,595,778

Prin LifeTime 2040 Sep Acct-R6	390,426	less than 5%
Transamerica Life Insurance Company	n/a	835,719

During 2009, the Plan's investments, including investments purchased, sold, as well as held during the year, appreciated in fair value as follows:

Registered investment companies	$ 104,512
Pooled separate accounts	770,685
Guaranteed interest account	761
	$ 875,958

Investment contracts - The Plan has a guaranteed interest account that is fully benefit-responsive and included in the financial statements at contract value, which approximates fair value. The contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay plan benefits and administrative expenses. Fair value is the amount plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan, prior to their maturity. The fair value represents contract value adjusted to reflect current market interest rates, only to the extent such market rates exceed crediting rates.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described over:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2009:

	Level 1	Level 2	Level 3	Total
Small/mid U.S. equity	$ 256,397	$ 624,427	$ -	$ 880,824

NOTE 5 - TAX STATUS

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on July 22, 2003, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by the custodians and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 7 - INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal and State Street, the custodians of the Plan, have certified to the completeness and accuracy of:

- participant-directed investments and loans to participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008;
- net appreciation in fair value of participant-directed investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2009;
- investments reflected on the supplemental schedule of assets (held at end of year); and
- investment information presented in Notes 3 and 4.

NOTE 8 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
