INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Eagle View Technologies Inc.
401(k) Profit Sharing Plan

We were engaged to audit the accompanying financial statements of Eagle View Technologies Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011; the related statements of changes in net assets available for benefits for the years then ended; the related notes to the financial statements; and the supplemental schedule.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, which includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan's administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Principal Trust Company and State Street Bank and Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan's administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan's administrator has obtained certifications from the custodians as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan's administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to express, and we do not express, an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets, or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The FASB issued Accounting Standards Update (ASU) 2010-6, *Improving Disclosures about Fair Value Measurements*, which requires the Plan to make new disclosures about recurring or non-recurring fair value measurements, including significant transfers into and out of Level 1 and Level 2 fair value measurements and information on purchases, sales, issuances and settlements on a gross basis in the reconciliation of Level 3 fair value measurements.

The FASB issued ASU 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent),* which amended certain subsections of FASB ASC 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the NAV is calculated in a manner consistent with investment company accounting. As a result of adopting ASU 2009-12, the Plan has provided additional disclosures regarding the nature and risks of investments within the scope of this guidance.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Mutual funds: The fair value of the mutual funds is based on quoted market prices in active markets (Level 1).

Collective trust funds: The collective trust funds are invested in benefit-responsive contracts or other common/collective trust funds and are valued based on the net asset value (Level 2).

Pooled separate accounts: The pooled separate accounts are invested in common stock and mutual funds and are valued based on the net asset value (Level 2).

As described in FASB ASC 962, *Plan Accounting–Defined Contribution Pension Plans*, investment contracts held by a defined contribution pension plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through collective trust funds. As required by FASB ASC 962, the statements of net assets available for benefits present the fair value of the investment in the collective trust funds as well as the adjustment of the investment in the collective trust funds from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. If a participant were to default, the participant's account would be reduced by the unpaid balance of the loan at the time they are first eligible or required to take a withdrawal, based on the terms of the Plan document.

Contributions Receivable - Participant contributions due but not paid prior to year-end are recorded as participant contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Administrative Expenses - The Plan Sponsor provides administrative services at no cost to the Plan. Administrative expenses shall be paid by the Plan if, and to the extent that, the Plan Sponsor does not pay such expenses.

Payment of Benefits - Benefits are recorded when paid. Benefits payable to participants who have requested distribution from the Plan, which have not yet been paid, are not accrued. At December 31, 2012 and 2011, there were no unpaid benefits to participants.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 2. DESCRIPTION OF THE PLAN

The following brief description of Eagle View Technologies Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Eagle View Technologies Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of Section 401(a) of the Internal Revenue Code of 1986 and the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Sponsor is the administrator of the Plan. Prudential Trust Company acts as the trustee and custodian of its assets. State Street Bank and Trust Company was the trustee and custodian of its assets during 2011.

Participant Contributions - Participants may elect to defer any whole percentage or flat dollar amount of their compensation, not to exceed the dollar limits set by law. If the participant was age 50 or older by the end of the Plan year, he or she could elect to defer additional amounts, called "catch-up contributions," to the Plan, limited to $5,500 for the years ended December 31, 2012 and 2011. Rollover contributions from other qualified plans are allowed by the Plan.

Notes Receivable from Participants - Participants may borrow from their fund account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range from one to five years. The loans are secured by the balance in the participant's account; therefore, there is no allowance necessary. The loans bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Plan's administrator. The interest rate was 5.25% for the years ended December 31, 2012 and 2011. Principal and interest must be repaid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than quarterly.

Participant Accounts - Participants may direct their accounts among a variety of funds and may change their investment options at any time. Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Distributions - Distributions will be made to participants upon retirement, death or disability, or termination of employment. The participant can elect to be paid their vested account in a lump sum or in the form of an annuity. In the event the Plan is terminated, each participant's account will be fully vested and non-forfeitable and will be distributed to the participant after the effective date of the termination.

NOTE 3. TAX STATUS

The Company adopted a proto-type profit-sharing plan with Principal Life Insurance Company, which received a favorable determination letter from the Internal Revenue Service, dated March 31, 2008, that stated the proto-type plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter; however, the Plan's administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related Trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for the years prior to 2009.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's participants will be fully vested in all benefits earned to date.

NOTE 5. INVESTMENTS

The following summary presents the fair value for each of the Plan's investment categories:

Principal SAM Conservative Growth	1,004	-	{d}	Daily	None

There were no unfunded commitments as of December 31, 2012 and 2011.

{a} These collective trust funds invest in fully benefit-responsive contracts with an objective of seeking preservation of principal while seeking a rate of return which, over time, is competitive with rates of return earned over an extended period of time by comparable fixed-income investment products.

{b} These funds invest in other collective investment funds and common stock with an objective of seeking an investment return that approximates as closely as possible, before expenses, their published benchmarks.

{c} These collective trust funds invest in other collective investment funds with an objective of seeking an investment return suitable for a participant retiring in each fund's target year.

{d} These funds invest in other collective investment funds with an objective of providing long-term capital appreciation.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2012	December 31, 2011
Net assets available for benefits per the financial statements	$ 1,243,851	$ 580,657
Add: Refundable excess contributions payable	5,047	-
