INDEPENDENT AUDITORS' REPORT

To the Trustees
Copy Craft Printers, Inc. 401(k) Plan
Lubbock, TX 79424

We were engaged to audit the statement of net assets available for benefits of Copy Craft Printers, Inc. 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the years then ended, and supplemental schedules as of and for the year ended December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (John Hancock USA), except for comparing such information with related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that John Hancock USA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from John Hancock USA as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by John Hancock USA is complete and accurate.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan

The following description of Copy Craft Printers, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan, effective January 1, 1997, is a defined contribution plan covering substantially all of the employees of Copy Craft Printers, Inc. (Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – All employees over age 18 are eligible for participation in the Plan after completing six months or more of service. Plan entry dates are on the first day of the quarter following the satisfaction of the eligibility requirements.

Contributions – Participants in the Plan may elect to contribute up to the IRS allowed maximum of their adjusted compensation to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options. Plan trustees also limit the amount of contribution which can be made by highly-compensated employees. Each year, the Employer may contribute matching contributions to the Plan in an amount determined by the Board of Directors. Participants must be actively employed on the last day of the Plan year to share in the matching contribution. Employer contributions do not have to be made each year to the Plan.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be applied to reduce administrative expenses of the Plan, then any remaining forfeitures will reduce the Employer's contributions. There were no forfeitures for the years ended December 31, 2010 and 2009.

Participant Accounts – Each participant has two accounts, with one account designated for participant contributions and one account designated for Employer contributions.

Participants' contribution accounts are credited with the participant's contributions and the earnings of the specific investment vehicles selected. Participants may self-direct their contributions to several investment vehicles, including money market accounts, mutual funds and self-directed brokerage accounts.

Employer contribution accounts are credited with the Employer's matching contribution and the earnings of the specific investment vehicles selected. Participants may also self-direct the Employer account to several investment vehicles, including money market accounts, variable annuities, and self-directed brokerage accounts.

Vesting – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Each participant's Employer contribution account vests at the rate of 0% per year for the first year and 20% per year thereafter until fully vested after six years.

If a participant dies or becomes disabled, the participant's accrued benefit derived from Employer contributions becomes 100% vested without regard to the vesting schedule. In the event of full or partial termination of the Plan, an affected participant's rights to the accrued benefit shall be 100% non-forfeitable. The Plan can be terminated at the discretion of the Employer.

Participant Loans Receivable – Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No loan in an amount less than $1,000 will be made. Loan terms range from one to five years, or 10 years if used to acquire a principal residence.

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 4.25% to 9.25%. All loans must have a definite repayment period which provides for payment to be made not less frequently than quarterly.

Payment of Benefits – Distribution of funds will occur upon the participant's death, total and permanent disability, or at normal retirement. On termination of service, a participant may elect to receive a distribution of their vested account balance. If the value of a terminated participant's vested account balance does not exceed $1,000, then the administrator shall direct the trustee to distribute the account. In-service distributions are permitted by the Plan when a participant has attained the age of 59 ½ years. At the election of the participant, the Plan will make distributions as either a lump-sum amount, or periodic payments over a period not to extend beyond the life of the participant and a designated beneficiary, or the life expectancy of the participant and the designated beneficiary.

2. Summary of Significant Accounting Policies

Investments – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Payments of Benefits - Benefits are recorded when paid.

Reclassifications – Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation of the current year financial statements.

3. Administration of Plan Assets

The Plan assets are held by the administrator of the Plan. Employer and participant contributions are invested by the administrator as directed by the participant. Administrative expenses are allocated to the participants based on a percentage of plan assets.

4. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the trustee. Investments that represent five percent or more of the Plan's net assets at December 31, 2010 and 2009, are separately identified:

	December 31, 2010	December 31, 2009
Investments at Fair Value as Determined by Quoted Fair Market Prices:		
John Hancock USA LS Balanced	$ 682,156	$ 654,263
John Hancock USA LS Growth	917,514	770,700
John Hancock USA LS Aggressive	249,272	210,515
John Hancock USA - Other Mutual Funds	723,028	562,333
Other Investments		
John Hancock Stable Value Fund	52,441	87,404
	$ 2,624,411	$ 2,285,215

During the year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	December 31, 2010	December 31, 2009
Registered Investment Companies - Net Change in Fair Value	$ 327,166	$ 569,142

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Stable Value Fund: Valued at the net asset value (NAV) published by the Stable Value Fund Collective Investment Trust (CIT) at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investment in the Statement of Changes in Net Assets Available for Benefits.

6. Tax Status

Copy Craft Printers, Inc. 401(k) Plan has adopted the Sungard Corel, Inc. Volume Submitter Profit Sharing 401(k) Plan. That Plan has received a favorable determination letter from the Internal Revenue Service stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the

determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

On January 1, 2009, the Plan adopted the “uncertain tax positions” provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not that their tax positions would be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority. There were no penalties or interest recognized during the years ended December 31, 2010 and 2009. The Plan is no longer subject to U.S. federal income tax examinations by federal taxing authorities for years before 2007.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Plan’s management has evaluated subsequent events through October 11, 2011, the date which the financial statements were available for issue.

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

To the Trustees
Copy Craft Printers, Inc. 401(k) Plan
Lubbock, Texas

We have completed a Department of Labor (the DOL) limited-scope audit of the financial statements of Copy Craft Printers, Inc. 401(k) Plan (the Plan) for the year ended December 31, 2010 and have issued our report thereon dated October 11, 2011. As permitted by 29 CR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 of those financial statements. Because of the significance of the information we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Auditor's Responsibility Under U. S. Generally Accepted Auditing Standards

As stated in our engagement letter dated January 22, 2011, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of Copy Craft Printers, Inc. 401(k) Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters. Our audit of the financial statements does not relieve you or management of your responsibilities.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report, in addition we do not have an obligation to perform any procedures to corroborate other information contained in these documents.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Copy Craft Printers, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted during the year ended December 31, 2010. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We feel these estimates are reasonable for the audit period.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such adjustments were made as a result of the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to contact us to determine whether the

consultant has all the relevant facts. To our knowledge, management has not consulted with other accountants about auditing and accounting matters.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

This information is intended solely for the use of those with the oversight responsibility over the financial reporting process, including the audit committee, Board of Trustees, and management, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Trustees
Copy Craft Printers, Inc. 401(k) Plan
Lubbock, TX 79424

We were engaged to audit the statement of net assets available for benefits of Copy Craft Printers, Inc. 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the years then ended, and supplemental schedules as of and for the year ended December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (John Hancock USA), except for comparing such information with related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that John Hancock USA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from John Hancock USA as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by John Hancock USA is complete and accurate.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan

The following description of Copy Craft Printers, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan, effective January 1, 1997, is a defined contribution plan covering substantially all of the employees of Copy Craft Printers, Inc. (Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – All employees over age 18 are eligible for participation in the Plan after completing six months or more of service. Plan entry dates are on the first day of the quarter following the satisfaction of the eligibility requirements.

Contributions – Participants in the Plan may elect to contribute up to the IRS allowed maximum of their adjusted compensation to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options. Plan trustees also limit the amount of contribution which can be made by highly-compensated employees. Each year, the Employer may contribute matching contributions to the Plan in an amount determined by the Board of Directors. Participants must be actively employed on the last day of the Plan year to share in the matching contribution. Employer contributions do not have to be made each year to the Plan.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be applied to reduce administrative expenses of the Plan, then any remaining forfeitures will reduce the Employer's contributions. There were no forfeitures for the years ended December 31, 2010 and 2009.

Participant Accounts – Each participant has two accounts, with one account designated for participant contributions and one account designated for Employer contributions.

Participants' contribution accounts are credited with the participant's contributions and the earnings of the specific investment vehicles selected. Participants may self-direct their contributions to several investment vehicles, including money market accounts, mutual funds and self-directed brokerage accounts.

Employer contribution accounts are credited with the Employer's matching contribution and the earnings of the specific investment vehicles selected. Participants may also self-direct the Employer account to several investment vehicles, including money market accounts, variable annuities, and self-directed brokerage accounts.

Vesting – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Each participant's Employer contribution account vests at the rate of 0% per year for the first year and 20% per year thereafter until fully vested after six years.

If a participant dies or becomes disabled, the participant's accrued benefit derived from Employer contributions becomes 100% vested without regard to the vesting schedule. In the event of full or partial termination of the Plan, an affected participant's rights to the accrued benefit shall be 100% non-forfeitable. The Plan can be terminated at the discretion of the Employer.

Participant Loans Receivable – Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No loan in an amount less than $1,000 will be made. Loan terms range from one to five years, or 10 years if used to acquire a principal residence.

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 4.25% to 9.25%. All loans must have a definite repayment period which provides for payment to be made not less frequently than quarterly.

Payment of Benefits – Distribution of funds will occur upon the participant's death, total and permanent disability, or at normal retirement. On termination of service, a participant may elect to receive a distribution of their vested account balance. If the value of a terminated participant's vested account balance does not exceed $1,000, then the administrator shall direct the trustee to distribute the account. In-service distributions are permitted by the Plan when a participant has attained the age of 59 ½ years. At the election of the participant, the Plan will make distributions as either a lump-sum amount, or periodic payments over a period not to extend beyond the life of the participant and a designated beneficiary, or the life expectancy of the participant and the designated beneficiary.

2. Summary of Significant Accounting Policies

Investments – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Payments of Benefits - Benefits are recorded when paid.

Reclassifications – Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation of the current year financial statements.

NOTES TO THE FINANCIAL STATEMENTS

3. Administration of Plan Assets

The Plan assets are held by the administrator of the Plan. Employer and participant contributions are invested by the administrator as directed by the participant. Administrative expenses are allocated to the participants based on a percentage of plan assets.

4. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the trustee. Investments that represent five percent or more of the Plan's net assets at December 31, 2010 and 2009, are separately identified:

	December 31, 2010	December 31, 2009
Investments at Fair Value as Determined by Quoted Fair Market Prices:		
John Hancock USA LS Balanced	$ 682,156	$ 654,263
John Hancock USA LS Growth	917,514	770,700
John Hancock USA LS Aggressive	249,272	210,515
John Hancock USA - Other Mutual Funds	723,028	562,333
Other Investments		
John Hancock Stable Value Fund	52,441	87,404
	$ 2,624,411	$ 2,285,215

During the year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	December 31, 2010	December 31, 2009
Registered Investment Companies - Net Change in Fair Value	$ 327,166	$ 569,142

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Stable Value Fund: Valued at the net asset value (NAV) published by the Stable Value Fund Collective Investment Trust (CIT) at year end.

Common stocks and corporate bonds: Valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Tax Status

Copy Craft Printers, Inc. 401(k) Plan has adopted the Sungard Corel, Inc. Volume Submitter Profit Sharing 401(k) Plan. That Plan has received a favorable determination letter from the Internal Revenue Service stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO THE FINANCIAL STATEMENTS

On January 1, 2009, the Plan adopted the "uncertain tax positions" provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not that their tax positions would be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority. There were no penalties or interest recognized during the years ended December 31, 2010 and 2009. The Plan is no longer subject to U.S. federal income tax examinations by federal taxing authorities for years before 2007.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Discovery of Facts

Subsequent to December 31, 2010, the Third Party Administrator discovered that a disbursement of $91,500, which was treated as a benefit payment for the year ended December 31, 2010, was actually transferred to a separate participant-directed brokerage account and should have still been classified as an asset to the Plan. The net effect of this transaction on the income statement during 2010 is $73,348.

The changes to the reissued financial statements as of February 18, 2013 are as follows:

	As previously reported	Reissued
Balance Sheet:		
2010 - Corporate Stocks	$ 0	$ 73,348
Statement of Income:		
2010 - Net Appreciation (Depreciation) in Fair Value of Investments	327,166	319,618
2010 - Net Loss on Sale of Assets	0	(10,605)
2010 - Interest Income - Participant Loans	10,111	10,112
2010 - Benefits Paid to Participants	171,121	79,621

NOTES TO THE FINANCIAL STATEMENTS

10. Subsequent Events

The Plan's management has evaluated subsequent events through October 11, 2011, the date which the financial statements were available for issue.
