Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gelber Group, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Capital Bank and Trust Company, the trustee/custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee/custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee/custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee/custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Gelber Group, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Gelber Group, LLC and its wholly owned subsidiary, Gelber Securities, LLC (collectively, the Company). Such employees are eligible to participate in the Plan upon 90 days employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions:

Participant salary reduction contributions: Participants may make pretax and Roth contributions, in amounts that do not exceed the lesser of (as adjusted from time to time pursuant to Section 415(d)(5) of the Internal Revenue Code) $17,000 in 2012 or 100 percent of the participant's compensation. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions up to $5,500. Participants who do not affirmatively decline to participate in the Plan will be automatically enrolled in the Plan and have 3 percent of their compensation deferred by the Company.

Participant rollover contributions: A participant may contribute amounts distributed or transferred from another qualified deferred compensation plan.

Company matching contributions: The Company, at its sole discretion, may elect to make an employer matching contribution on behalf of certain participants who are employed as of the last day of the plan year and have completed one year of service. For 2012, such matching Company contributions were 50 percent of the participant contribution up to a maximum match of $1,000.

Company profit sharing contributions: The Company, at its sole discretion, may elect to make an employer profit sharing contribution on behalf of certain participants who are employed as of the last day of the plan year and have completed one year of service. For 2012, there were no employer profit sharing contributions.

Participant accounts: Participant accounts are credited with their contributions, rollover contributions, the Company's contributions, if any, Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral, rollover contributions, and actual earnings thereon. Vesting in the Company's contributions portion of their accounts, if any, plus actual earnings thereon, is 20 percent after two years of service, and an additional 20 percent per year thereafter, being fully vested after six years of credited service, or upon death, disability, or normal retirement.

Investments and investment options: The assets of the Plan are held by Capital Bank & Trust, the trustee/custodian of the Plan. Upon enrollment in the Plan, a participant may direct participant and Company contributions into a variety of investment choices as fully described in the Plan's agreement. For participants automatically enrolled into the Plan, the investments are held in the target date return funds based upon the participant's retirement date. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Excess contributions payable: For the year ended December 31, 2012 and 2011, the Plan refunded $7,928 and $17,778, respectively, because of non-compliance with IRS discrimination testing.

Notes receivable from participants: Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of one-half of the vested account balance, or $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. A participant may have only one note outstanding at any given time. Note terms range from one to five years, or longer for the purchase of a primary residence. Notes are limited to the period of employment and are due and payable in full upon termination of employment. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at note origination as determined by the Plan Administrator. The interest rates on notes outstanding at December 31, 2012, range from 4.25 to 6.25 percent. Principal and interest is paid ratably through payroll deductions.

Payments of benefits: Upon termination of service due to normal retirement, death, or disability, a participant or beneficiary will receive benefit payments in a lump-sum distribution. For termination of service for other reasons, a participant may receive a lump-sum distribution, or leave the funds in the Plan until a later date. Under certain conditions of financial hardship, as defined in the Plan's agreement, participants may withdraw a portion or all of their vested account balances.

Forfeitures: Forfeitures are used first to pay administrative expenses, with the remaining balance used to reduce Company matching and profit sharing contributions, if any. At December 31, 2012 and 2011, the forfeiture account balance was $5,018 and $0, respectively.

Plan administration: Participants pay all investment management and loan administrative expenses of the Plan. Substantially all other costs related to plan administration are paid by the Company.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB) to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Recent pronouncements: In May 2011, the FASB issued an amendment on *Fair Value Measurement and Disclosures – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between United States GAAP and International Financial Reporting Standards. This guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This amendment is to be applied to the Plan prospectively and is effective for the year ended December 31, 2012. The adoption of this guidance did not have a material impact on the Plan's financial statements.

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 18, 2013, the date these financial statements were available to be issued.

Note 3. Information Certified or Provided by Capital Bank and Trust Company, the Trustee/Custodian of the Plan

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedules, that were prepared by or derived from information certified or provided by Capital Bank and Trust Company, the trustee/custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee/custodian that the information provided to the Plan Administrator by the trustee/custodian related to the following assets is complete and accurate. Accordingly, as permitted by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets.

	December 31,	
	2012	2011
Shares of registered investment companies, at fair value	$ 11,256,125	$ 9,880,071
Notes receivable from participants	16,158	34,961

Note 3. Information Certified or Provided by Capital Bank and Trust Company, the Trustee/Custodian of the Plan (Continued)

The trustee/custodian also certified to the completeness and accuracy of $1,215,741 of net appreciation in fair value of investments and $221,349 of interest and dividends related to the aforementioned investments, and $1,323 of interest related to notes receivable from participants for the year ended December 31, 2012.

Note 4. Investments

The following table presents the value of investments, as of December 31, 2012 and 2011, representing more than 5 percent of the Plan's net assets.

	December 31,	
	2012	2011
Shares of registered investment companies:		
AMCAP Fund	$ 763,737	$ 664,566
Bond Fund of America	894,266	878,400
Capital Income Builder	610,765	753,470
The Growth Fund of America	1,560,104	1,269,047
The New Economy Fund	738,058	622,122
SMALLCAP World Fund	1,402,476	1,195,317
American Balanced Fund	1,386,228	1,162,454
Money Market Fund	831,258	1,021,697
Capital World Growth and Income Fund	683,857	543,890

During 2012, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $1,215,741.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Note 5. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability and includes situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares, based on quoted market prices, held by the Plan at year end.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. We evaluate the significance of the transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies:				
Growth Funds	$ 4,484,949	$ -	$ -	$ 4,484,949
Growth-and-Income Funds	2,059,681	-	-	2,059,681
Equity-Income Funds	627,818	-	-	6,544,630
Balanced Funds	1,386,228	-	-	1,386,228

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Related-Party Transactions

The Plan currently invests in shares of registered investment companies issued by American Funds which is affiliated with Capital Bank and Trust Company, the trustee/custodian of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capital Bank and Trust Company were $1,841 for the year ended December 31, 2012.

Certain employees of the Company serve as fiduciaries and perform administrative services for the Plan. Those employees receive no compensation from the Plan for these services.

Note 8. Tax Status

The Plan adopted a volume submitter plan sponsored by Datair Employee Benefit Systems, Inc. The volume submitter plan has received an opinion letter dated March 31, 2008, stating that the volume submitter plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since the receipt of the opinion letter; however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2009.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

During 2012, the Company inadvertently failed to deposit $375 of participants' contributions within the required timeframe as stated by the Department of Labor regulations. The delay in remitting contributions to the trustee/custodian was due to administrative error. The Company deposited the employee contributions on May 23, 2013, to correct this failure and reimbursed the Plan for lost interest in the amount of $32. Form 5330 will be filed in 2013.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011:
