The Hamister Group, Inc. 401(k) Co-Workers Retirement Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of The Hamister Group, Inc. 401(k) Co-Workers Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following is a brief description of The Hamister Group, Inc. 401(k) Co-Workers Retirement Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution retirement plan as permitted under Section 401(k) of the Internal Revenue Code. The Plan is funded by employee and employer contributions and covers substantially all eligible employees of The Hamister Group, Inc., Brompton Heights, Inc., Brompton PCA, Inc., Orchard Heights, Inc., Heather Heights of Pittsford, Inc., Health Services of Northern New York, Inc., Hamister Hospitality Rutherford I, LLC, Hamister Hospitality Rutherford II, LLC, Hamister Hospitality Alcoa, LLC, Hamister Hospitality Louisville, LLC, Hamister Hospitality Lebanon, LLC, Hamister Hospitality Pitt Airport, LP, Hamister Hospitality Greentree, LP, Hamister Hospitality Cranberry I, LP, Hamister Hospitality Cranberry II, LP, Hamister Hospitality Cranberry III, LP, Hamister Hospitality Group, LLC , The Hamister Group of Florida, Inc. and Pennsylvania Hospitality Management, Inc. (collectively the Company and Plan Sponsor). Investment fees are paid by the Plan. Certain other administrative expenses not paid by the Plan, such as legal and accounting fees, are paid by the Plan Sponsor. The assets of the Plan are maintained in a group annuity contract and collective investment trust held by Principal Life Insurance Company (Principal). The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

Eligibility
All employees of the Company who have attained the age of 21 and completed one year of service, as defined, are eligible to participate in the Plan. Eligible employees may elect to become participants during the semi-annual open enrollment (January 1 and July 1) on or after their completion of the age and service requirements.

Contributions
Participants may authorize an elective deferral contribution in an amount equal to a percentage of the contributing employee's compensation, as defined by the Plan, not to exceed the maximum annual limitations as provided by the Internal Revenue Code. Effective January 1, 2012, eligible participants are automatically enrolled in the Plan at 3% (2% for 2011) of the contributing employee's compensation, as defined by the Plan, unless they elect not to make elective deferral contributions.

Participants who are age 50 or older before the end of the Plan year are allowed to make an additional "catch-up" contribution. This contribution was limited to $5,500 in 2012 and 2011. The "catch-up" contribution is also subject to the employer matching contribution. Participants may also contribute amounts representing distributions from other qualified pension plans.

The Company contributes a matching contribution to those participating employees who have elected to make employee contributions. The matching contributions are based on an amount equal to 25% of an employee's contribution up to a maximum of 4% of employee compensation.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)
Employer additional 401(k) and profit sharing contributions are permitted at the employer's discretion as well as participant voluntary after-tax contributions. There were no profit sharing contributions for the Plan years ended December 31, 2012 and 2011.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may receive their accumulated vested benefits held by the Plan's custodian upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death or disability if their account balance is in excess of $5,000. If the participant elects to keep his or her interest in the Plan, the participant's account will continue to receive its share of earnings or losses.

Hardship Withdrawals
Participants who have suffered a financial hardship as defined in the Plan document may take withdrawals up to the value of their vested account balance.

Payment of Benefits
Participants are eligible for retirement benefits upon reaching age 65. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or distributions based on various annuity options or fixed income payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants who have reached age 59 ½ may take in-service distributions.

Vesting
All participants are immediately 100% vested in their contributions, in addition to allocated earnings thereon. Participants are 25% vested in employer contributions after completing one year of service (as defined) with an increase of 25% in each of the next three years.

Should the Plan be deemed top-heavy, an alternate vesting schedule will apply for those top-heavy years.

Investment Options
Participants direct the investment of their elective deferrals, matching contributions and discretionary profit sharing contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Forfeitures
Any non-vested employer contributions, which remain after an employee has terminated employment, shall first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer matching contributions. At December 31, 2012, there were no forfeited nonvested accounts. At December 31, 2011, forfeited nonvested accounts totaled $190. Forfeitures used during 2012 and 2011 were $1,391 and $841, respectively.

Plan Termination
Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, Plan assets will be allocated in accordance with the applicable provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's assets are invested in various investments through Principal. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in contracts through a collective investment trust. As required by generally accepted accounting principles, the Statements of Net Assets Available for Benefits presents the fair value of the investments in the collective investment trust as well as the adjustment of the investment in the collective investment trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

Payment of Benefits
Benefits are recorded when paid.

3. TAX STATUS

The Internal Revenue Service has determined and informed the Company in a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

3. TAX STATUS (Continued)

As of December 31, 2012 and 2011, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is generally no longer subject to U.S. federal tax examinations for years before 2009.

4. INVESTMENTS

Either at December 31, 2012 or 2011 or both, the fair values of investments that represent 5% or more of the Plan's net assets were as follows:

	2012	2011
Principal International Small Cap Separate Account	$ 279,348	$ 231,596
Principal Lifetime 2020 Separate Account	$ 263,984	$ 203,412
Principal Large Cap S&P 500 Index Separate Account	$ 257,108	$ 207,798
Principal Partners Mid-Cap Growth III Separate Account	$ 235,937	$ 217,772
Principal Partners Large Cap Growth II Separate Account	$ 214,039	$ 197,586
Principal Bond and Mortgage Separate Account	$ 205,522	$ 186,343
Principal Partners Large Cap Growth I Separate Account	$ 188,121	$ 152,239
Principal Stable Value Fund	$ 176,762	$ -
Principal Equity Income Separate Account	$ 160,996	$ 144,113
Principal Lifetime 2030 Separate Account	$ 150,251	$ 117,862
Principal Money Market Separate Account	$ -	$ 149,890

The net appreciation (depreciation) in fair value of investments, including gains and losses on investments bought and sold, as well as held during the year, for the group annuity contract for the years ended December 31, 2012 and 2011 was $321,491 and ($55,147), respectively.

5. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2012 and 2011, as well as investment income (loss) and investment transactions for the years then ended, has been derived from information provided by Principal, the custodian of the Plan's assets, and has been certified by them as complete and accurate.

6. FAIR VALUE MEASUREMENTS

The Plan uses various valuation techniques in determining fair value. FASB ASC Section 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Guaranteed Interest Accounts

The guaranteed interest account values are estimated using discounted cash flow analyses based on current interest rates being offered for similar contracts with maturities consistent with those remaining for the investment contracts being valued. Certain annuity contracts include derivatives that have been bifurcated from the host contract. The fair value of embedded derivatives is calculated based on actuarial and capital market assumption, including a non-performance risk, reflecting the projected cash flows over the life of the contract, incorporating expected policyholder behavior. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are not considered benefit responsive. Fair market value is the amount plan sponsors would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity. This fair market value represents contract value which is adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. There are no unfunded commitments.

6. FAIR VALUE MEASUREMENTS (Continued)

Guaranteed Interest Accounts (Continued)
Guaranteed interest accounts are valued at fair value as described above. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, management of the Plan sponsor evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

Collective investment trust
The collective investment trust consists of conventional and synthetic investment contracts, which are valued as follows:

- The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

- Individual assets of the synthetic investment contracts include domestic and foreign fixed income securities and investments in investment companies or collective investment trusts. When available, the fair value of fixed income securities is based on quoted prices of identical assets in active markets. When quoted prices are not available, the first priority is to obtain prices from third party pricing methodologies and to confirm they are utilizing observable market information. Their methodologies vary by asset class and include inputs such as estimated cash flows, benchmark yields, reported trades, broker quotes, credit quality, industry events and economic events.

The collective investment trust can be redeemed on a daily basis and there are no restrictions. There are no unfunded commitments.

Pooled Separate Accounts
The pooled separate accounts invest in domestic stocks, international stocks, and fixed securities, such as asset or mortgage-backed securities and corporate bonds, and in mutual funds that hold such investments. The net asset values of the separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of each separate account. Underlying equity securities have observable quoted pricing inputs. Underlying fixed securities have observable pricing inputs, including quoted prices for similar assets in the active or non-active markets. Underlying mutual funds are valued at publicly quoted pricing inputs. Pooled separate accounts can be redeemed on a daily basis and there are no restrictions. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels during the years ended December 31, 2012 and 2011.

6. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
