Independent Auditors' Report

To the Administrative Committee of
the HDH Instruments, LP 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the financial statements of HDH Instruments, LP 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 11, which was certified by The Hartford Retirement Plans Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of* Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule entitled "Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year)" as of the year ended December 31, 2012, which is the responsibility of plan management, is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the HDH Instruments, LP ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have ninety days of service and are age eighteen or older. Anyone employed at HDH Instruments, LP at January 1, 2008 was able to participate in the Plan without satisfying age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-four mutual funds and an insurance investment contract (fixed income fund) as investment options for participants. The Company has a Safe Harbor Match, which equals 100% of the first 4% of a participant's contribution to the Plan. Participants direct the investment of the employer match into various investment options offered by the Plan. Additional discretionary contributions may be contributed at the option of the Company's board of directors. No such contribution has been made since the Plan's inception. Contributions are subject to certain limitations. For the year ended December 31, 2012, participants were able to contribute up to $17,000 of pretax annual compensation, as defined in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's Safe Harbor employer match is immediate. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the discretionary contribution after six years of credited service.

Investment Options

All investment funds of the Plan are participant-directed.

Withdrawals and Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are only allowed from funds rolled over from a different plan or if the participant has reached the age of fifty-nine and a half.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Loans
Participant loans are not allowable under the Plan.

Forfeited Accounts
At December 31, 2012 there were $233 in forfeitures and earnings of $5, which were a result of excess employer contributions made to one participant's account during the year-ended December 31, 2011. Forfeitures will be applied to Plan expenses in the 2013 Plan year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review
Subsequent events were evaluated through July 23, 2013, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.

		Fair Value Measurements Using:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investment contract with insurance company for the years ended December 31, 2012 and 2011:

	Investment Contract
For the Year Ended December 31, 2012	
Beginning balance (At Fair Value)	$ 905,469
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	92,724
Purchases, sales, issuances, and settlements (net)	494,458
Ending balance (At Fair Value)	$ 1,492,651
The amount of total gains for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains relating to assets still held at the reporting date	$ 117,797
For the Year Ended December 31, 2011	
Beginning balance (At Fair Value)	$ 551,049
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	55,041
Purchases, sales, issuances, and settlements (net)	299,379
Ending balance (At Fair Value)	$ 905,469
The amount of total gains for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains relating to assets still held at the reporting date	$ 56,842

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 and 2011 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused that transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31, 2012	December 31, 2011
American Funds Cap World Growth and Income Inv Opt	$ 162,035	$ 117,529
American Funds Fundamental Investors Inv Opt	155,519	117,291
The Hartford Target Retire 2020	75,884*	103,988
The Hartford Target Retire 2030	231,062	162,705
Investment Contract with The Hartford Life Insurance Company, #GA-80922 (Note 5)	1,374,854	848,627

*Does not represent 5% or more of the Plan's net assets.

During 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $202,357.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2008, the Plan entered into a benefit-responsive investment contract with Hartford Life Insurance Company (The Hartford). The Hartford maintains the contributions in a guaranteed investment account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by The Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $1,492,651 and $905,469, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with The Hartford. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the loan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at the contract value with Plan participants are probable of occurring.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	3.0000%	3.0000%
Based on interest rate credited to participants	3.0000%	3.0000%

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Hartford. The Hartford is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $0 for the year ended December 31, 2012.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit-sharing contributions.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, Schedule H:

	December 31, 2012	December 31, 2011
Net assets available for benefits per the financial statements	$ 2,946,259	$ 2,016,970
Amounts allocated to withdrawing participants	(—)	(—)
Net assets available for benefits per Form 5500, Schedule H	$ 2,946,259	$ 2,016,970

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2012 to Form 5500, Schedule H:

Benefits paid to participants per the financial statements	$ 11,774
Add: Amounts allocated to withdrawing participants at December 31, 2012	—
Less: Amounts allocated to withdrawing participants at December 31, 2011	(—)
Benefits paid to participants per Schedule H of Form 5500	$ 11,774

Amounts allocated to withdrawing participants, if any, are recorded on Form 5500, Schedule H for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 9 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2012	2011
Investments, at fair value:		
Mutual funds (Pooled Separate Accounts)	$ 1,571,405	$ 1,168,576
Investments, at contract value:		
Fixed income fund	1,374,854	848,627

NOTE 12 – SUBSEQUENT EVENTS

Subsequent to December 31, 2012, the trustee of the Plan changed custodians from The Hartford to Massachusetts Mutual Life Insurance Company (together with its affiliates, "MassMutual"). MassMutual acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.
