INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees
Bernard Egan & Company 401(k) Plan
Fort Pierce, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bernard Egan & Company 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C. This information was certified by Principal Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

PrimeGlobal

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule as listed in the table of contents, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Bernard Egan & Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a single-employer defined contribution employee benefit plan sponsored by Bernard Egan & Company (the "Company"), which covers eligible employees of Bernard Egan & Company, its subsidiaries, and certain affiliates who have worked 1,000 hours, have one year of eligible service, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Federal income taxes on amounts contributed by the participant are deferred in accordance with Section 401(k) of the Internal Revenue Code.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may direct participant and employer contributions in any of the Plan's investment options, all of which are held by Principal Life Insurance Company, the custodian of the Plan's investments. The Plan currently offers various pooled separate accounts and a stable value account as investment options for participants. The Company adopted a safe harbor provision and contributes a qualified matching contribution of 100% of salary deferral contributions up to 3% of eligible compensation and 50% of salary deferral contributions for the next 2% of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

3. Participant accounts

Each participant's account is credited with the participant's contribution, the employer qualified matching contribution, an allocation of the employer's discretionary contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, and in the qualified matching contributions. Vesting in any Company discretionary contribution portion of their accounts is based on years of continuous service. A participant is fully vested after five years of credited service. A participant also becomes fully vested at normal retirement age, death, total disability or termination of the Plan.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5% to 9.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. The interest rate for current loans is based on prime plus 2% at the loan inception date. Principal and interest is paid ratably through payroll deductions.

6. Payment of benefits

A participant is eligible to receive in-service benefit payments of the vested portion of his or her participant account upon reaching age 59 ½ or to assist with certain financial hardships. On termination of service due to death, disability, retirement or other reasons, a participant elects to receive benefit payments in a lump-sum or as an annuity based on the participant's account balance and circumstances.

7. Forfeitures

At December 31, 2012 and 2011, forfeited non-vested accounts totaled $1,257 and $189, respectively. These accounts will be used to reduce future employer contributions. Generally, forfeitures are available to offset employer contributions after five years. Forfeited non-vested accounts of $1,270 were used to reduce 2012 employer contributions.

8. Operating expenses

The majority of operating expenses are absorbed by the Plan sponsor. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, including the use of the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210-45, *Financial Services - Investment Companies, Balance Sheet, Other Presentation Matters, Fully Benefit-Responsive Investment Contracts*, investment contracts held by a defined-contribution plan are required to be reported at fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

1. Basis of accounting (continued)

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

During the year ended December 31, 2012, the Plan invested in a Stable Value account which is subject to FASB ASC 946-210-45. An adjustment is presented on the statement of net assets available for benefits for this investment to present the contract value, as required by FASB ASC 946-210-45.

During the year ended December 31, 2011, the Plan invested in a group annuity contract which is subject to FASB ASC 946-210-45, however contract value approximated fair value for this investment.

2. Investment valuation and income recognition

The Plan's investments are stated at fair value except for its fully benefit-responsive investments, which are stated at contract value. Quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation or depreciation in fair value consists of the net realized gains or losses on investments sold, and the net unrealized gains or losses on investments held.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest. Management reviews unpaid loan balances to determine if an allowance should be recorded for balances that are considered uncollectable. As of December 31, 2012 and 2011, all balances are considered to be fully collectable and, as such, no allowance has been recorded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Reclassifications

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year presentation. These reclassifications had no impact on net assets available for benefits.

NOTE C - INVESTMENTS (UNAUDITED)

The December 31, 2012 and 2011 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the investments certified at December 31, 2012 and 2011 was $18,901,289 and $17,106,343, respectively. In addition, notes receivable from participants are also certified by that Trustee.

Investments that represent 5% or more of the Plan's net assets as of 2012 and 2011 are separately identified:

	2012	2011
Money Market Account	$ 3,139,674	$ 5,029,667
Lifetime 2030 Account	2,388,405	1,733,440
Lifetime 2020 Account	2,140,335	1,871,884
Stable Value Fund	1,312,184	*
Lifetime 2010 Account	1,034,111	*
Bond & Mortgage Account	958,449	961,518

*Investment did not represent 5% or greater in the year indicated

During 2012, the Plan's investments (including dividends and gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,715,657 as follows:

Net appreciation in fair value of investments	$ 1,708,473
Interest income - Stable Value Fund	$ 7,184

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments represent shares of pooled separate and guaranteed interest accounts which are managed by Principal Financial Group, of which Principal Life Insurance Company is a member. Principal Life Insurance Company is the Trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Plan participants pay daily fees through all accounts for investment management fees. It is impracticable to estimate the fees directly paid by the participants of the Plan.

Fees paid by the Plan for administrative and other expenses amounted to $6,311 for the year ended December 31, 2012.

NOTE E - INCOME TAX STATUS

The Plan obtained its latest determination letter in March, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan adheres to the provisions of FASB ASC 740, *Income Taxes*, which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (UTPs). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2012 and 2011, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets: • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Invests mainly in fixed securities such as common stocks, corporate bonds, asset backed securities, residential mortgage backed securities, and commercial mortgage backed securities. The fair value of pooled separate accounts is based on quoted net asset values ("NAV") of the shares held by the Plan at year-end, which can be used as a practical expedient to the fair value of the investment under FASB ASC 820. The pooled separate accounts can be redeemed on the measurement date at NAV.

Guaranteed interest accounts: The guaranteed interest accounts include contracts with an insurance company that is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using the discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out of the guaranteed interest account. The discontinuance value is the value of the account less a market value adjustment consistent with market interest rates. Contributions associated with these contracts are maintained in the Insurance company general account.

Stable Value Fund: This is a collective investment trust ("CIT") for which the NAV is based on the market value of its underlying investments. This fund contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. In order to determine the fair value of the investment, NAV is used as a practical expedient as allowable under FASB ASC 820. The investment can be redeemed at NAV as of the measurement date. The objective of the fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund has no unfunded commitments, has a daily redemption frequency and no redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

2012	Investment Assets at Fair Value as of December 31:

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) through December 31, 2011. Principal maintained the contributions in a general account. The account was credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. As of December 31, 2011, there was no difference between contract value and fair value.

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer as stated in the investment contract. Such interest rates are reviewed on a periodic basis for resetting.

Certain events may limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:

	2011
Based on actual earnings	4.07%
Based on interest rate credited to participants	4.07%

All funds in the Guaranteed Interest Account matured on December 31, 2011. Matured funds were liquidated and assets were transferred to Principal LifeTime Separate Accounts.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Reconciliation - The following is a reconciliation of net assets available for benefits per the financial statement to the Schedule H of Form 5500 as of December 31:

	2012	2011
Net assets available for benefits per the financial statements	$ 19,961,908	$ 18,216,546
Adjustment to contract value	30,842	-
Net assets available for benefits per Schedule H to the Form 5500	$ 19,992,750	$ 18,216,546

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (continued)

The adjustment to contract value is included in the net gain or loss on common/collective trusts of $38,026 in the Schedule H of Form 5500, which also includes the interest earned on the stable value fund of $7,184, as reported on the statement of changes in net assets available for benefits.

Notes Receivable from Participant - The attached financial statements report notes receivable from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2012 and 2011.

NOTE K - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through July 23, 2013, the date the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.
