Trustees of
Jani-King International, Inc. 401(k) Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of Jani-King International, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note H, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2012 and 2011, and for the year ended December 31, 2012, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A - DESCRIPTION OF PLAN

The following description of the Jani-King International, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all employees of Jani-King International, Inc., and its wholly-owned subsidiaries (the "Company") and certain affiliated companies who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees who have attained the age of 21 and have completed six months of service are eligible to participate in the Plan, except (a) those covered by a collective bargaining agreement, (b) nonresident aliens, and (c) hourly workers employed by Jani-King of Oklahoma, Inc. at its Bridgestone/Firestone facilities in Oklahoma City, Oklahoma.

Contributions

Participants are allowed to contribute up to 100 percent of pre-tax annual compensation as defined in the Plan, not to exceed the maximum amounts allowable by Internal Revenue Service ("IRS") regulations (such amounts were $17,000 and $16,500 for 2012 and 2011, respectively). Participants who are at least age 50 at the end of the year are allowed to make additional "catch-up" contributions in accordance with IRS regulations; catch-up contributions are limited to $5,500 in both 2012 and 2011. Participants may also contribute distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions to various investment options offered by the Plan. If a participant does not specify how contributions are to be invested, his/her contributions will be invested in the Merrill Lynch Retirement Preservation Trust. The Plan currently offers various money market and mutual funds as investment options for participants.

The Company, at its discretion, may make profit-sharing and/or matching contributions to the Plan. The Company did not make contributions to the Plan in 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions, earnings or losses on the participant's underlying investments, and an allocation of the Company's discretionary contributions, if any. Investment earnings are allocated to each participant's account on a daily basis based on shares held. Allocations of the Company's discretionary contributions are based on each participant's contributions, earnings or account balance, as set forth in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

Vesting

Participant contributions plus actual earnings thereon are vested immediately. Employer contributions are vested 20% after two years of employment and an additional 20% for each additional year employed. Employer contributions are 100% vested after six years of continued employment, or upon the participant's death, disability, or retirement.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance, subject to a minimum loan amount of $1,000. A participant may have up to two loans outstanding at a time. Loans must be repaid in equal installments at least quarterly, within five years and are secured by the remaining balance in the participant's account. Loans bear interest at the prime rate plus 1% at the date the loan is made. Interest rates on notes receivable from participants outstanding ranged from 4.25% to 9.25% at December 31, 2012 and 2011.

Payment of Benefits

Upon retirement, death, full and permanent disability, or termination of employment a participant (or the participant's beneficiary, if applicable) may elect to receive the participant's vested account balance in either a lump sum payment or an alternative form of payment, as provided in the Plan. If benefit payments are due to termination and are $1,000 or less, they will be paid in a lump sum; if the vested account is more than $1,000 but less than $5,000, the vested balance will be paid as requested by the participant or directly rolled over to an individual retirement account benefiting the participant if no request is made; if the vested account balance is $5,000 or more, it may remain in the Plan until the participant reaches age 59½ or may be rolled-over to another qualified plan. The Plan allows participants to make hardship withdrawals, subject to certain limitations.

Forfeited Accounts

Forfeited accounts are used to pay plan expenses and reduce future employer contributions. As of December 31, 2012 and 2011, the Plan had $402 and $376 of forfeited non-vested accounts.

NOTE B - SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

NOTE B - SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from the estimates used. Differences between estimates and actual results are generally recorded when the actual results become known.

Recent Accounting Pronouncements

In May 2011, the FASB issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS (Topic 820) - Fair Value Measurement" (ASU 2011-04), to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and IFRS. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amended guidance must be applied prospectively and is effective for periods beginning after December 15, 2011. The Plan's Management has adopted this amendment during the 2012 plan year, and adoption of this amendment had no material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's realized gains and losses on investments sold during the year and the change in the fair values of investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

NOTE B - SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES - Continued

Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C - FAIR VALUE MEASUREMENTS - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money Market Funds and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012	
	Level 1	Total
Money market funds	$ 633,661	$ 633,661
Mutual funds		
Blended funds	555,798	555,798

Value funds	399,961	399,961
Bond funds	259,489	259,489
International stock funds	158,315	158,315
Total assets at fair value	$2,446,694	$2,446,694

	Assets at Fair Value as of December 31, 2011	
	Level 1	Total
Money market funds	$ 599,978	$ 599,978
Mutual funds		
Blended funds	663,671	633,671
Growth funds	352,415	352,415
Value funds	252,995	252,995
Bond funds	247,184	247,184
International stock funds	163,363	163,363
Total assets at fair value	$2,279,606	$2,279,606

NOTE D - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others.

The Plan's investments include a money market account managed by an affiliate of an investment adviser to the Plan. In addition, certain fees are paid to the Plan's trustee and record keeper for investment management and recordkeeping services that are incorporated into expense ratios of the individual mutual funds. The expense ratio is composed of the investment management fee, 12b-1 fees imposed (if any), and other expenses.

NOTE E - PLAN TERMINATION

The Company has not expressed any intent to discontinue the Plan; however, it may, by action of its Board of Directors, terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants become 100% vested in any unvested employer contribution portion of their account balance.

NOTE F - TAX STATUS

The IRS has determined and informed the Plan's trustee by a letter dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. The values of investments are subject to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the Plan's investments will occur in the near term and that such changes may materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE H - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, Inc., the record keeper of the Plan, as agent for Frontier Trust Company (the "Trustee"), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012.

Investments that individually represent 5% or more of the Plan's net assets at December 31 are:
